GOV. ODELL DEMANDED THAT THE OPERATORS RECOGNIZE THE UNION

New York's Chief Executive Read Riot Act to President Baer in the Office of Senator Platt.

COAL MAGNATES REFUSE TO GRANT CONCESSIONS

They Adjourn the Conference Until Next Tuesday and Afterward Declare It Is All Off.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Oct. 10.—"What do you mean by politicians? I want you and all the other operators to understand that I am the governor of New York, the chosen representative of 7,000,000 people, and that I am here in this matter solely in that capacity and to relieve, if possible, an intolerable situation. And what is more, I intend to use every power at my command to do it."

Gov. Odell made this statement today to President Baer of the Reading road in the presence of United States Senators Platt of New York and Quay and Penrose of Pennsylvania. It was the culmination of a rather heated interview in the office of Senator Platt, and the result of the first meeting between Gov. Odell and President Baer.

Penrose Opened the Ball.

Mr. Baer was not in the best of humor when, accompanied by E. B. Thomas, chairman of the board of directors of the Erie railroad, he entered Senator Platt's office. The conference was begun by a statement by Senator Penrose that the situation was becoming so serious that some solution must be found at once. He suggested that the operators should incline to some concessions toward a settlement.

"If you mean by that," said President Baer, "that we are to recognize the existence of a labor union, I tell you right now that the operators will consider no such proposition."

Gov. Odell was on his feet in an instant. Holding a half-burnt cigar in his hand and white with excitement, he said:

"Are we to understand that no kind of a conciliatory proposition will receive consideration at the hands of the operators?"

"I did not say that," answered Mr. Baer, "but I do say, and I reiterate it, that we will not accept political advice or allow the interference of politicians in this, our affair."

Pronounced Against Mitchell.

Then it was that Gov. Odell made the statement attributed to him at the beginning of this article.

President Baer, evidently appreciating that he had gone too far, bowed to Gov. Odell, and said:

"Governor, I beg your pardon. No personal affront was intended, and we will listen to any suggestion you may have to make; but again I repeat that we must refuse to recognize the union as represented by Mr. Mitchell."

"I believe," said the governor, "that your position, from a public view, is absolutely untenable. If coal operators, railroad men and other business men can combine for mutual profit and protection, there is no reason why laboring men should not."

"What is the proposition?" said Mr. Baer, coldly.

"Just this," said Gov. Odell. "I am sure that the labor organization of which Mr. Mitchell is the head desires him to be fair with the general public. If the operators will consent to give the men 5 cents a ton increase I will personally present it to the miners, and I believe they will accept it. It is a fair proposition."

"Does this mean, Gov. Odell, that we are to recognize the miners' union?" Mr. Baer asked.

A Faint Promise for Tuesday.

"It certainly does," answered Gov. Odell, quickly; "and there is no reason why you should not."

Mr. Baer and Mr. Thomas rose to go. Mr. Thomas remarking that the matter would be presented to the other operators, and that an early answer would be forthcoming. Mr. Baer said: "We are to meet a committee of the Manufacturers' association on Tuesday, and we may have an answer then."

The conference broke up. Mr. Baer and Mr. Thomas withdrawing. Senators Platt, Penrose and Quay talked over the matter for a short time, and then they too separated, the two Pennsylvanians announcing that they would go back to Harrisburg and discuss the situation with Gov. Stone.

Gov. Odell was not in a talking mood when he left the conference. He went directly to the Fifth Avenue hotel and during most of the afternoon received callers. Mayor Low, Anson G. McCook, Edward Lauterbach, Congressmen Less-

NIGHT PROWLERS FIRE ON SENTRY

Men of Eighteenth Are Awakened by Unwelcome Visitors.

AN INQUEST TODAY

By ROBERT WRAY,
Staff Correspondent.

Shenandoah, Pa., Oct. 10.—Just before dawn today three shots were fired at one of the sentries on the south flank of the camp of the Eighteenth infantry. The sentry saw several moving forms, and when he challenged was shot at. The fire was returned, but by the time the guard reached the post of the sentry the men decamped.

Since the regiment has been stationed here occurrences of this kind have been frequent during the night. The regiment is encamped on a mountain plateau whose sides are thickly covered with laurel bushes, which makes escape easy. The approach to the camp is by a road and a trail up the mountain side, and along both means of approach there is thick cover to protect any person attacking a sentry.

The life of the regiment has been strenuous since it entered Shenandoah. Nightly alarms have been frequent, and guards, patrols and outposts have been kept moving during the night. Tonight two chains of sentinels have been thrown out and extra precautions taken, as it was rumored another attempt would be made to release the two alleged dynamiters held as prisoners by the regiment.

Inquest to Meet in Camp.

The shooting of William Durham by Private Wadsworth Wednesday night will be fully investigated by the civil authorities in the morning. Col. Rutledge refused to allow any of the detail on outpost duty at the scene of the shooting in Coal street to appear before the coroner's jury last night. He claimed his regiment was in active service, and its officers and men were only amenable to military law.

This morning Acting Brigade Commander Hulings came here and held a conference with Col. Rutledge. When Gen. Hulings came, Constable William Shortal produced a warrant charging Private Wadsworth with murder and asked permission to enter the camp of the Eighteenth infantry and arrest the man. Gen. Hulings told the constable that the man was on military duty, and that he would not allow him to enter the camp or arrest Wadsworth.

A few minutes later Deputy Coroner

SIAM'S YOUNG PRINCE ARRIVES IN AMERICA

Met by Government Officials and Boards a Train for Washington City.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, Oct. 10.—Bearing Chawfa Maha Vajiravudh, crown prince of Siam, the steamship Fuerst Bismarck was signalled off Fire Island shortly before 7 o'clock tonight. The prince was met by Herbert H. D. Peirce, third assistant secretary of state; D. B. Sickles of New York, formerly consul general at Bangkok, and Edwin V. Morgan of the state department.

The prince left the steamer at quarantine on the navy yard tug Powhatan, and landed at the Pennsylvania railroad station in Jersey City, where a special train was waiting to take him to Washington.

The prince said he had a pleasant voyage and was feeling very well. The prince was asked what he expected to see in this country. He smiled as he replied: "A great many things. I know you are a very industrious people."

FATHER OF SEVENTEEN GOES TO POORHOUSE

Son Pays Infirmary Directors $2 Weekly for Care of Old Gentleman.

[SPECIAL TELEGRAM TO THE GAZETTE.]

TOLEDO, O., Oct. 10.—John Baker of Fulton county is the father of 17 children, but he is compelled to find a home in the infirmary of that county in his old age.

Recently the old man complained to State Humane Agent Leroy Beecher that he could not live with any of his children. He said he had been making his home with his son William of Swan Creek township, Fulton county, but disagreements arose. He said the son owed him money.

The son confessed that he owed his father $150 and promised to pay the infirmary directors $2 a week for the old man's board.

CITY OF BROOKLYN SUES JUSTICE GAYNOR

NEW YORK, Oct. 11.—(Special.)—The World this morning says: Justice William Gaynor of the supreme court, Brooklyn, is sued by the city for $500 personal taxes, alleged to be due for the years 1897, 1899 and 1900. The papers in the case were served upon Justice Gaynor last Tuesday. He is holding court in Long Island City and refused to discuss the case.

Germans Get Shipping Interests.

NEW YORK, Oct. 11.—The Sun, in a special cable from Hamburg, says:

In consequence of the international Mercantile Marine Company acquiring the Holland-American line, German shipping firms have secured half the shares of the latter company, thereby obtaining influence in the general business policy of the Dutch line.

TENTH REGIMENT DISPERSES MOBS

Wagon Load of Non-Unionists Attacked by Strikers Near Shamokin.

NO SERIOUS INJURY

[SPECIAL TELEGRAM TO THE GAZETTE.]

Shamokin, Pa., Oct. 10.—Hills and valleys near local collieries tonight are closely guarded by soldiers of the Tenth regiment, who have strict orders to allow no one to approach the mines except persons having business there. Operators fear mobs of midnight raiders will move on some of the biggest operations in the region at any time and attempt to capture non-unionists. The feeling against them has grown so intense among strikers that the former notified their bosses today that they will not go to work much longer unless guards escort them to and from home.

A wagon full of non-unionists was held up near Henry Clay shaft this morning, and because the former would not leave the conveyance the strikers hurled a volley of rocks and clubs at them. A coal and iron policeman fired five shots at the men. Several Hungarians returned the fire. The non-unionists lay in the bottom of the wagon, two having been struck on the head by clubs and rendered senseless. The policeman drove them into the colliery stockades.

A telephone call was sent in to Tenth regiment headquarters, two miles distant. Col. Barnett sent a company to the scene and dispersed the mob, who later assembled in small numbers at the Henry Clay, Royal Oak and Cameron collieries. A company of soldiers chased every striker away from the Reading and mineral camps grounds.

Soldiers and strikers are rather friendly. The former insist they must not be interfered with in their duties, no matter how much some sympathize with the miners. The soldiers also say they can handle the situation here if matters move along as smoothly in the future as in the past without the assistance of the regular army. The western troops of the guard have excited the admiration of strikers, who openly say they don't want to come in conflict with them.

MANIA FOR KISSING EVERYONE IN SIGHT

Young Woman Afflicted to Be Taken to Insane Asylum in New York.

[SPECIAL TELEGRAM TO THE GAZETTE.]

TOLEDO, O., Oct. 10.—Afflicted with a mania for kissing every one with whom she associated, Margaret Josephine Hughes, young and attractive, is an inmate of the Lucas county infirmary, as the insane hospital is crowded. On account of her osculatory propensities and other peculiarities, she makes considerable trouble for the attendants, and within a few days Infirmary Director Leroy Beecher will take her to the New York state hospital for insane at Kings park.

While the guest of her sister-in-law, Mrs. C. S. Sears of 1112 Halstead street, Miss Hughes became quite violently insane and was committed to the Toledo state hospital.

This morning Director Beecher obtained a warrant in probate court to convey her to New York, her former home.

CHILDREN KIDNAPED BY A MAN AND WOMAN

Taken from a House at Shippingport, Where Their Father, William Kerr, of Pittsburgh, Left Them.

BEAVER, PA., Oct. 10.—Excitement was created at Shippingport, on the Ohio river, Wednesday evening by the kidnaping of two children. Seven weeks ago a man who gave his name as William Kerr of Pittsburgh, arranged for the boarding of his children, a girl of 6 and a boy of 9, at the home of Mrs. James Christy.

About 6 o'clock Wednesday evening a man and woman drove up to the Christy home and enticed the children into their carriage. They drove away and disappeared. The ferryman, where they crossed the river, noticed that the boy tried to get out of the carriage, but he was held by his captors. A liberal reward is offered for the return of the children.

ROOSEVELT CONSULTS GOBIN AND STEWART

Officers of Pennsylvania National Guard In Conference With the President.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, D. C., Oct. 10.—Gen. Gobin, in company with Adjt.-Gen. Stewart of Pennsylvania, called on the president tonight and conferred with him about the situation at the scene of trouble.

Gen. Gobin was summoned to the White House from Pennsylvania because he, more than anyone else, is thoroughly familiar with the situation in the coal fields. He has had long experience with striking miners, from a military point of view, and President Roosevelt desired to get a report of the actual situation at first hand.

First of all, he wished to learn if it was possible for the operators, with the present protection afforded, to mine enough coal to relieve immediately the threatened distress. What report Gobin made to the president on this point is not known, for he, too, was silent. Adjt.-Gen. Stewart was called in for consultation because he is also familiar with the military situation in Pennsylvania.

ANTHRACITE DUTY SMUGGLED IN BILL

Secretary Moody Says Tariff on Coal Was Secured in Cowardly Manner.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

MADISON, WIS., Oct. 10.—Secretary of the Navy Moody, addressing a great Republican concourse here this evening, declared that the duty of 67 cents a ton on anthracite coal "was smuggled into the tariff act in a sneaking and cowardly manner," and ought to be repealed at the short session of congress.

He declared that the president could not constitutionally send troops into the coal regions without a call from the Pennsylvania authorities, nor could he seize anthracite lands by the exercise of eminent domain.

"And if he could, I should, for one, resist the latter action to the utmost, for I have seen far too much of the extravagance of government ownership to want more of it," he said.

MARKLE SAYS MINERS ARE UNDER COERCION

Actions of Local Unions Not Representative of Sentiment of Workmen—Wants Regulars.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, Oct. 10.—John Markle, independent coal operator, said today, regarding the statements by President Mitchell that the local unions have acted unanimously against returning to work:

"These resolutions are the action of locals composed of professional agitators and boys under 21 years of age. The great majority of the workers in the anthracite coal fields today refuse to attend the meetings of the United Mine Workers' organization.

"As soon as 'the powers that be' put into the anthracite coal fields sufficient troops to protect the men desiring to work and to protect their families day and night you will then have a gradual resumption of work, and the anthracite coal market relieved.

"As I stated before the president of the United States that I believed federal troops were necessary, I reiterate it that they are."

SPECIAL SESSION TALK.

Unconfirmed Rumor That Stone Will Summon the Legislature.

PHILADELPHIA, Oct. 10.—(Special.)—Senators Quay and Penrose could not be located tonight. They returned from New York late this afternoon, but whether they boarded another train at Broad street station or remained in Philadelphia could not be ascertained. It was announced by their secretaries that they would be at Republican state headquarters in the morning.

All kinds of rumors are going. There is some renewal of the speculation concerning a special session of the legislature, but Insurance Commissioner Durham said he knew nothing officially of such an intention upon the part of Gov. Stone.

BUYS NEW MINE.

United States Steel Corporation Secures Ore Property and Two Steamers.

DULUTH, MINN., Oct. 10.—The Donora Mining Company, the ore company of the United States Steel Corporation, has bought from the Eddy Bros. & Co. of Bay City, Mich., the fee of the Penobscot iron mine, comprising 40 acres, near Hibbing, on the Mesaba range, and two lake steamers, the Howard L. Shaw and Simon J. Murphy.

The consideration is supposed to have been not less than $2,000,000. The Penobscot mine at present is producing about 250,000 gross tons of ore annually.

MANIAC BOY WITH AX SLEW MOTHER, BROTHER AND TWO OF HIS SISTERS

Charles Cawley of Homestead Made Desperate Attempt to Exterminate the Entire Family of Seven.

THE OTHER THREE VICTIMS ARE IN SHADOW OF DEATH

Timely Awakening of Elder Brother Saved Him, and Remaining Two Members of Household Were Away.

Homestead was early yesterday morning the scene of one of the most terrible tragedies in the history of Allegheny county. As a result a mother, her son and two little daughters lie cold in death at their home and three other children are dying. All were crushed and mangled by blows from an ax wielded by a son and brother, whose object seems to have been the destruction of the entire family in one night.

The murderer is in confinement, wild-eyed and nervous, and asks continually why he is being held and wants to be released. He has moments when he remembers the awful deed, but does not seem to realize its character. His statements are incoherent and utterly unreliable.

Charles Cawley, a mere boy, 17 years of age, is the slayer, while his victims are:

MRS. HANNAH CAWLEY, aged 42 years, his mother, instantly killed.
ISABELLE CAWLEY, aged 12 years, his sister, instantly killed.
ANNIE CAWLEY, aged 3 years, his sister, died at the South Side hospital at 8 o'clock.
RAYMOND CAWLEY, aged 6 years, brother, died in hospital at 11:20.
ADELAIDE CAWLEY, aged 5 years, his sister.
JOSEPH CAWLEY, aged 15 months, his baby brother.

All Will Probably Die.

It is feared that all the surviving victims will die.

The injured were taken by friends after the tragedy and the four oldest were placed in undertaker's baskets and taken to the South Side hospital. Joseph, the baby, was taken in charge by Mrs. Mary O'Brien, a neighbor of the Cawleys, and its death is expected at any moment from a wound on the back of the head.

The tragedy is the most awful recorded in the annals of the county since Michael Ortwein, with the same sort of weapon, slaughtered the entire Hamnett family of seven persons, 25 years ago, within sight of the house where yesterday's deed was wrought. Ortwein was a farm hand in Hamnett's employ and afterward paid the penalty for his crime on the scaffold. Young Cawley will escape the gallows, for his fearful homicidal mania is the result of insanity brought on by overwork.

Three Escaped Injury.

The house in which the tragedy occurred is the last of a row of four in Second avenue, Homestead, a short distance east of McClure street and directly opposite the big mills of the Carnegie Steel Company. The family consisted of Mrs. Cawley and 10 children, ranging in age from James, aged 21, down to little Joseph, only 15 months old. Mamie, a 19-year-old daughter, was absent, visiting friends at Hays borough, as was also Harry, a 14-year-old son, who is employed in the Homestead steel works, and was at work.

The other brother, James, aged 21, awoke just in time to slip out of bed, as the murderous ax bit deeply into the pillow where his head had been a moment before. After a desperate struggle, he took the ax from his crazed brother and landed him, writhing in a maniac's fury, at the Homestead jail.

The exact details of the butchery will never be known, as the victims were attacked in their sleep, and the boy is unable to remember much about the terrible affair. The mangled bodies, the reeking ax and the room, splashed and splattered with blood, from ceiling to floor, are the mute witnesses of the deed.

A Fortunate Awakening.

James Cawley, the oldest brother, was sleeping soundly yesterday morning about 3 o'clock. Whether it was the dying groan of some loved one, or the crunching blow of the weapon of death, he does not know, but he awoke suddenly, just in time to see, in the dim light, the form of his brother stealing toward his bed, with ax upraised. He slipped from the bed and a moment later the ax fell on the spot he had been occupying. Only half awake and ignorant of the scene in the room of his mother, he spoke to his brother. The answer he received was a blow from the ax which he dexterously warded off and grabbed a chair to defend himself.

The insane brother followed him quickly to finish the work which he had started, and James grasped the chair and raising it above his head dealt Charles a blow, which for an instant stunned him. Following up the advantage, James grappled with his brother, and for fully 15 minutes a life and death struggle ensued.

Struggle in the Street.

James finally overpowered the maniac and succeeded in dragging him down the stairs to the front room of the house, where he attempted to get from him a recital of what had transpired in their mother's room. Charles refused to reply to his questions, and struggled frantically to free himself. Realizing that it was unsafe to let his brother go for even an instant, James started with him for the Homestead police station, which is two blocks from the house.

The hour was the very stillest of the night, when the town was wrapped in slumber and there was no one in sight. The roar of the mill, opposite the house, drowned the brother's calls for help, and as far as James could see down the street, there was not a person who might aid him in his struggle with his brother. Nevertheless he decided to take him to the lockup single-handed. Both men were nearly naked by this time, their thin night robes having been torn from their bodies during the terrible struggle.

The journey to the police station was an experience, which the older brother

GENERAL MILLER INSPECTS CAMPS

Fourteenth Expects to Entertain Commander at Mahanoy City Today.

OLD FEUD REVIVES

By WILLIAM L. ROSS,
Staff Correspondent.

Mahanoy City, Pa., Oct. 10.—Maj. Gen. Miller and staff are spending tonight at Pottsville, 20 miles from here, and are expected arrive at the Fourteenth's camp tomorrow. The party which left Harrisburg this morning ond reached Pottsville this afternoon includes Gen. Miller, Col. John P. Penney of Pittsburgh, division inspector; Col. W. C. Elliott, assistant adjutant general; Maj. Louis Beitler, aide-de-camp, and Sergt. Maj. Dewoody. Pottsville is the headquarters of the Third regiment.

Col. Elliott, speaking over the telephone tonight for Gen. Miller, said the trip is one of inspection, and that the various camps will all be visited.

Col. Elliott was asked tonight if the famous Miller-Gobin feud had been revived, as reported. The failure of Col. W. J. Hulings, acting brigadier general of the Second brigade, to visit Gen. Gobin at Shenandoah, 10 miles away, on Wednesday or Thursday, is said to have resulted in Gen. Gobin leaving Shenandoah in a huff. Col. Elliott said there are many rumors afloat, and of this one it is not discreet to speak.

Hulings Visits Camp.

Acting Brig.-Gen. Hulings and staff today made the round of the Second brigade encampments. The trip was in anticipation of the arrival of Gen. Wiley, commander of the brigade. He will take charge tomorrow and Col Hulings will reassume active command of his own regiment, the Sixteenth. The camps were found in good shape.

It is claimed that the Fourteenth has the best camp in the brigade. The inspection trip was made in a private car on the Reading. Those with Col. Hulings were Maj. S. W. Jefferis, inspector; Maj. W. S. McClain, commissary; Maj. John R. Robertson, assistant adjutant, and Charles Andrews, brother of ex-Senator W. H. Andrews.

With several delayed men Maj. McC. Johnston, surgeon of the Fourteenth, and warden of the Western penitentiary in Allegheny, made a short visit to camp today and returned to Pittsburgh with the two disabled members of the command. One is Alexander D. Guy, sergent major of the Second brigade, who has developed a case of typhoid fever, contracted before he left his home at Coraopolis. Sergeant Guy is a clerk in the Allegheny county commissioners' office.

Gascoyne Is Game.

The other is Walter S. Gascoyne, Company H, attached to the hospital corps. Private Gascoyne, who is a painter, had injured a knee before the division call was issued, but gamely joined his regiment and did his duty until today, when Surgeon Johnston and Assistant Surgeon Emmerling ordered him home.

Maj. Johnston and his wards will reach Pittsburgh at 7:15 o'clock tomorrow morning.

Col. Thompson orders that all members of the Fourteenth who for any reason have failed to join the regiment report to Maj. Johnston at his office at the Western penitentiary by Monday morning in person or by telephone. Transportation will be furnished.

Company F, whose armory in Frankstown avenue was burned in July with all the company equipment, received its new uniforms this afternoon. This completes the entire new equipment, and the company, which has been laughed at for lack of soldierly appearance, proudly displays tonight the newst and cleanest uniforms in the regiment.

Relations with strikers remain most friendly, as is shown whenever a soldier meets a miner. Large parties of townspeople visit the camp daily.

Blankets Are Ordered.

Capt. Franklin Blackstone of Company D was officer of the day and Paul S. Villa, first lieutenant of Company G, was officer of the guard today. A request for an additional pair of shoes and blanket for each enlisted man has been granted, and the cold nights will then be no longer feared.

Strike sentiment is growing in Mahanoy City. The presence of the soldiers has been totally without effect upon the miners. About 100 non-union men employed at the North Mahanoy and Suffolk collieries at the washeries left work, according to reliable reports.

GUFFEY FINDS COLD COMFORT

Trying to Arouse the Ryan-Donnelly Faction in Philadelphia.

LITTLE INTEREST SHOWN

Quaker City Promises an Immense Majority for Pennypacker—Democrats Working on Legislative Combinations.

THE PITTSBURGH GAZETTE BUREAU, Public Ledger Building. PHILADELPHIA, Oct. 10.

Col. J. M. Guffey, Democratic national committeeman, held the center of the political stage here today. Conditions in the state do not appeal to Col. Guffey's optimism, and the local conditions are such as to cause the Democratic leader much concern. His reports indicate that Judge Pennypacker will poll almost a unanimous vote in the Quaker City, and there is nothing visible on the surface which promises an offset from the interior counties. The hope of the Democratic leaders that the issue would be confined to so-called "state issues," in this instance, personalities and criticism of two or three out of the 500 and more bills enacted by the last legislature, has not been realized.

The colonel is preparing to make another play for legislative control—the governorship being a subordinate matter—and will depend upon fusion combinations for success. He saw Senator Rice and Representative Edwards of Bucks county, insurgents during the last two sessions, who, repudiated by the Republican organization of their home county, are now making an effort to stay on the political bargain counter.

Stirring Up Donnelly.

The colonel's most strenuous orders were those received by the Donnelly and Pattison local committees. Hopeless of success, the Democratic organization here has been letting things drift. They claim they were not properly financed. This objection was removed today. For publication Col. Guffey confined himself to the following: "We are entirely satisfied with present conditions. The people over the entire state are aroused. If the good people of Philadelphia will only do their duty and use the power they possess as citizens to secure an honest election, and to this end they will have the assistance of the city and state Democratic and other organizations, there can be no doubt as to the redemption of the honor and integrity of the state."

Privately the colonel assured his lieutenants that the Republican majority in Philadelphia must be kept below 70,000, in order to give Pattison and Guthrie a ghost of a chance. As everyone knows the Republican state ticket will receive upward of 150,000 majority in this city, it will be realized that Pattison is not a 100 to 1 shot. Democratic managers realize this, that is Donnelly and Ryan, the local bosses, do, and it accounts for their apparent indifference. But their apologies were not accepted by Guffey. The colonel hates "quitters," and he made a few observations of uncomfortable warmth when discussing the situation.

Creasy Talks Bravely.

Chairman Creasy gave out the following:

"I spent several days in the city looking over the political situation. The Democratic city organization is making a great effort for the success of the ticket. The auxiliary committee is doing good work. Both are assisted by the Union and Municipal league committees and other good citizens. There are many minority election officers in the city than for a number of years past. We will poll a large vote in this city this fall."

Among others who called on the Democratic leader were Chairman Ancona and Judge Harman Yerkes of Berks, Senator Wentz of Montgomery, ex-State Chairman Robert E. Wright of Allentown and John Garman of Luzerne, Col. J. L. Spangler of Center and Col. John S. Rilling of Erie. Col. Guffey left for Pittsburgh at 8:50 tonight.

WHOLESALE GROCERS ORGANIZING COMBINE

Expect to Reduce Cost of Goods by Purchasing Large Quantities.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

ST. LOUIS, Oct. 10.—The Interstate Grocer of St. Louis will tomorrow say that a combine, to include every wholesaler of groceries in the United States, is in the course of formation. That paper will say:

"The details are not yet public property and they will not be until after November 5 next, when the initial steps toward forming the combination will be taken in Detroit. George D. Hanford of New York is engineering the deal.

"One great corporation will be formed, which will buy outright the business and good will of all the firms. A central office for the accommodation of the officers of the company will be maintained, probably in New York."

Mt. Pleasants First Game.

MT. PLEASANT, PA., Oct. 10.—(Special.)—The local Tigers and East Pittsburgh teams meet here tomorrow afternoon in the opening game of the local season. Andersen and Wirt, members of Company E, and two of the best on the local team, are now with the company doing duty in the anthracite field, and their absence will be felt.

Gen. Galan Seeks Relief.

BALTIMORE, Oct. 10.—Gen. Garza Galan of Saltillo, Mex., with his wife, his physician and son, arrived in Baltimore today. The general was formerly governor of Chihuahua, and has an illustrious record in the military service. He comes to Baltimore to be operated on at the Hopkins hospital for a serious throat malady.

The Pittsburgh and Utah Mining Company, 710 Arrott building, report a big strike from their long tunnel. In drifting 15 feet to the right, they opened up a 3½-foot vein, showing 281⅔ ounces silver, $22.44 in gold, 69 per cent lead and 9 per cent copper. The work on the new tunnel is being pushed rapidly and all indications point to catching the Mone vein within the next few weeks. The ore zones have been showing values as high as $700 per ton in gold. They are all very much elated over the future prospects of the company.

After shopping tonight be sure to visit the New Exposition. Remember this is the last Saturday but one of the present season.

You surely must be one of the 20,000 persons who will visit the New Exposition tonight. Damrosch will delight you with his music.

Petite though she be Anna Bussert amazes you with the tremendous power of her rich, beautiful voice. Last appearance at New Exposition tonight.

"DAVID HARUM" WAS ALMOST SHIPWRECKED

Cruising Party on Yacht Winona Ran Down Coal Barge in Monongahela.

Comedian William H. Crane, who, in the character of "David Harum," has laughed through two theatrical seasons at the discomfiture of the horse-swapping deacon in the furious rain storm, came near getting a ducking himself in the Monongahela river Thursday afternoon. Mr. Crane and a party of friends narrowly escaped a serious shipwreck.

The comedian is an enthusiastic yachtsman and when he comes to Pittsburgh, he is always keen for a cruise on the three rivers. Thursday afternoon Charles A. Painter's swift little boat, the Winona, swung out from her moorings. Mr. Painter was at the helm and beside Mr. Crane were Frank Burbeck, a veteran member of Mr. Crane's company; R. W. McFarland, Crane's business manager, and half a score of other friends.

The Winona was making her best speed. She scudded around the Point and up to lock No. 1. On the return trip, Mr. Painter remembered a dinner engagement and made every effort to break the little boat's record. Her engines answered admirably. Soon she was skimming down the Monongahela at a speed of 30 knots an hour.

"Beats anything I've ever seen," observed "David Harum," who keenly enjoyed the excitement of the race.

The harbor was full of towboats and the Winona swerved to the south bank of the river. Within a few feet of the stone pier of the Monongahela bridge, the rudder broke. The engineer was signaled to stop and reverse, but before this could be done the Winona's steel prow cut through a coal barge, cutting a two-foot oak plank, and dashed on, suffering no damage except to knock the paint off her gunwhales. The passengers were thrown into a panic. Six pumps were necessary to save the barge from sinking, but aid was furnished promptly and little damage was done. The thrilling experience of the Winona's crew last night was the one topic discussed in the downtown clubs and it was a hollow chuckle that the comedian in the play gave when he was supposed to be laughing at the poor horse-swapping deacon.

SHARP-EYED MEN WATCHING SUSPECTS

Strangers from Ohio Are Here and Citizens Men Are Trailing Them.

When the ward workers of the machine gathered in the Sixth avenue auditorium yesterday for their weekly powwow, there were strange faces. The faces were strange in the fact that they had not been seen there before, though in character they were much like the faces of many ward heelers. When the meeting adjourned several sharp-eyed men quietly trailed after certain individuals among the strangers. The sharp-eyed men were detectives from Cincinnati, Cleveland and Columbus, and the strangers they were shadowing are supposed to be repeaters from those cities. The supposed repeaters went, of course, to Allegheny for it is in Allegheny that they expect to do their work.

At the last municipal election the Citizens party headed off the repeaters who were put to work for the machine, by meeting many of them as the train pulled into Pittsburgh and frightening them out of town. This campaign the "funny" work has been begun a little sooner, for it has been thought advisable to bring the repeaters in early that they may learn the ground. At least 40 of them are now in Allegheny.

The Citizens party received word two months ago that wholesale election frauds were contemplated in Allegheny. When the repeaters began to leave their Ohio homes the Citizens party was notified and had detectives ready to locate them.

Delta Upsilon Elects Officers.

MARIETTA, O., Oct. 10.—(Special.)—The Delta Upsilon national fraternity officers elected today are as follows: Honorary president, ex-Gov. Foster Voorhees; acting president, Rossiter Johnson; first vice, Albert Ferris; second vice, George Cooke; third vice, A. Kerr; treasurer, Edgar Bloom; secretary, Harry Mingle; auditor, Stanley Mollison; librarian, William Raymond, Columbia, '96. The next meeting will be held with New York chapters in October, 1903, and in 1904 in Chicago.

STILL ANOTHER EXAMPLE OF THE GAZETTE'S SUPERIOR NEWS SERVICE.

The Gazette yesterday morning again displayed the superiority of its news service over that of its contemporaries in presenting in the most accurate detail the situation in the anthracite coal regions. Another Pittsburgh paper with five correspondents in the field contained not a word of the early morning attack which was made upon the sentries of the Eighteenth regiment, while The Gazette's regular edition gave its readers the news of the thrilling assault. As in the case on the previous night when this paper received the news of the fatal shooting of a man by a member of the Eighteenth, when other correspondents were telling stories of the spreading of the canvas the member of The Gazette staff was on the alert for real news and his efforts were not in vain. This is but another instance of the enterprise of The Gazette. No trouble or expense is considered too great when the news must be had, and with its staff correspondents in all the prominent news centers, its incomparable leased wire service and its special correspondents in all parts of the world, The Gazette is enabled to cover every item of importance at home and abroad. It was The Gazette that investigated the murder of Albert Mayer in Allegheny last week and after its reporters had delved to the bottom of his mysterious death gave a full account of the assault upon the man and traced the hiding place of his assailants.

NIGHT PROWLERS FIRE ON SENTRY

Continued from First Page.

John Lee called on Gen. Hulings and requested that he be given authority to serve subpoenaes on the members of the outpost present when the shooting occurred. This was also refused.

It was finally decided by Gen. Hulings that the deputy coroner hold his inquest in the camp of the Eighteenth infantry at 10 o'clock tomorrow morning, and that the members of the outposts who were on duty at the time of the shooting give their testimony.

Meazki Held Incommunicado.

Mat Meazki, one of the alleged dynamiters who were turned over to the Eighteenth upon its arrival on Wednesday by Col. Clemmens of the Twelfth, was examined by Provost Marshal Simmons today. The examination was conducted in secret and nothing could be learned of its results. While the prisoner was being examined his attorney, James J. Bell of Shenandoah, was on the guard line demanding permission to enter the camp and see Meazki. Orders had been issued the day before that no civilians be allowed in the camp, and Attorney Bell was not allowed within the guard lines. He fumed and threatened, but Lieut. Cratty, officer of the guard, courteously refused him permission to enter the camp. Attorney Bell said that he would go to Pottsville in the morning and ask Judge Bechtel to grant him a writ of habeas corpus for Meazki. He would also ask for a rule on Col. Rutledge to produce Private Wadsworth, charged with the murder of Durham. Bell said he had been trying to serve legal papers on Provost Marshal Simmons, and pulling a paper from his pocket said:

"I will take these officers before the highest courts of the country."

Business for Summary Court.

Col. Rutledge issued orders last night detailing Maj. McNary of the Second battalion as a summary court. The first hearings were held this morning when a corporal and a private were sentenced to hard labor for five days. After sentence was passed the corporal was degraded. The officer of the day cut the chevrons from the sleeves of the corporal's blouse and he was then sent away in charge of a guard.

Yesterday the constable of Pottsville called on Maj. Simmons, provost marshal, and asked for a detail of soldiers to protect him while he evicted the family of a striking miner. Maj. Simmons told him that he should apply to the sheriff of his county, as the troops had not been called into the anthracite coal country to collect rents, but to protect life and property.

Laurence E. Glenn, a private of Company I, Eighteenth infantry, and a police officer of Pittsburgh, was discharged today from the National Guard. Private Glenn got hilarious and was arrested and locked up in the city prison by the police last night. This morning he was given his discharge.

Gen. Wiley Arrives.

Gen. John A. Wiley arrived in Harrisburg from Franklin tonight. He will arrive at Ashland in the morning and will assume command of the brigade. Today a casual inspection of the various camps of the brigade was made by Gen. Hulings. Sheridan Troop arrived in Shenandoah at 5 o'clock this morning. The troop will go into camp near the Eighteenth. The entire Second brigade is now encamped in this region.

The funeral of William Durham, who was shot by Private Wadsworth early on Thursday morning, will be held at 2 o'clock tomorrow afternoon. Two thousand members of different civic organizations in this vicinity will attend the funeral. Col. Rutledge does not expect any trouble, but has his regiment prepared. Durham was a member of Shenandoah local No. 1309, United Mine Workers of America.

Shortly before 10 o'clock tonight two shots were fired at the sentry on the stables of the Eighteenth regiment. The fire was not returned by the sentry and the guard was quickly formed and went out to capture the man. After a rough search of the bushes it was found that the person had escaped.

ODELL NOT DONE.

He Will Again Consider the Coal Strike Next Monday.

NEW YORK, Oct. 10.—(Special.)—Gov. Odell stated late tonight at the Fifth Avenue hotel that, so far as he knew, there was no prospect of a settlement of the strike. He said the conference was over." There will be no more, so far as he is informed.

The governor will go to Newburg tomorrow to register, and return here on Monday morning. Then, he said, he would again take up the matter actively, if no decision was arrived at by the miners and operators.

Root May See Somebody.

WASHINGTON, Oct. 10.—Secretary Root left Washington tonight for New York, after a conference with the president. He announced that his object in going was to register, so as to be able to vote, but he is fully acquainted with every step that has been taken by the administration in the coal strike and knows many of the most influential financiers in New York.

SECRETARY SHAW SPEAKS AT POTTSVILLE

Cabinet Officer Commends President Roosevelt's Efforts to Curb Trusts.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

POTTSVILLE, PA., Oct. 10.—Secretary of the Treasury Shaw and Congressman Bingham of Philadelphia addressed a Republican mass meeting here tonight. They were accompanied from Philadelphia to this city by County Chairman Leib and a delegation from this county.

Congressman Bingham spoke of the benefits of the tariff measures enacted by the Republicans and appealed to his hearers to vote for Pennypacker. By doing so, he said, they will sustain President Roosevelt's administration.

Secretary Shaw dwelt upon the trusts. He, in a measure, defended some of the trusts, but also commended President Roosevelt's effort to curb them. He also commended the Republican congress for enacting the Sherman anti-trust bill.

Killed by Circular Saw.

TITTSVILLE, PA., Oct. 10.—(Special.)—Truman McNamara of Pleasantville was killed this afternoon by a circular saw. His widow and three children survive.

ENGINEER CAUGHT IN BIG FLYWHEEL

Joseph Dempsey Was Almost Torn to Pieces Before Engine Could Be Stopped.

Joseph C. Dempsey, night engineer at the Pittsburgh Ice Company's plant in South Negley avenue, Shadyside, was instantly killed by being caught in the fly wheel shortly after 6 o'clock last night. Dempsey was alone when the accident occurred and was literally torn to pieces before the big wheel could be stopped.

The right leg and arm were torn from the sockets and he was fearfully mangled. Dempsey was 30 years old and lived with his wife and two children at No. 5818 Parker street, East End.

John Wilson, aged 45, was killed yesterday afternoon at about 5:30, being hit by a train on the Pittsburgh, Ft. Wayne & Chicago railroad near the West Bellevue station. Mr. Wilson was employed at the Schoen Steel Car Company's plant in McKees Rocks and lived in Cleveland avenue, Avalon.

Steve Welsh, 40 years old, was found dead yesterday afternoon in Duquesne way, near the Exposition building, by Officer Alexander Blatchford. The dead man was removed to the morgue. Welsh has been a drinking man and a well-known character in the First ward. He was seen to walk to a lumber pile in Duquesne way and sit down. Later he apparently fell asleep. When the officer went to awaken him he found him dead. A post mortem examination was held last night by the coroner's physician, Walter E. McCandless, and he said the man died of alcoholism.

John, the 2-year-old son of Peter Kanyak of No. 27 Acorn street, died yesterday afternoon at 3 o'clock from scalds received at 10 in the morning.

Theodore Kirck of Hazelwood, at the coroner's inquiry into the death of his son Elmer, 6 years old, who was killed in front of his home in Hazelwood on October 2 by a Baltimore & Ohio railroad train, testified that he had been told that the boy was forced to go upon the railroad track at the time he was killed. Mr. Kirck said he had been told the story by Mrs. Wellington of Ladora street, and the inquest was adjourned until next Tuesday, when Mrs. Wellington will be summoned to appear before the jury.

Joseph Weisneck, 25 years old and married, died yesterday at his home in Federal Collier township, from injuries received at the Pittsburgh Coal Company's mine No. 2.

BOERS SURRENDERED TO PREVENT EXTINCTION

Paul Kruger Makes an Appeal for Relief of the Burghers.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

UTRECHT, HOLLAND, Oct. 10.—The Boer generals arrived today to greet Mr. Kruger on the occasion of his 77th birthday. The party attended a service in a church, where Mr. Kruger entered the pulpit, and in a brief speech, expressed his great appreciation of the generals' service and begged the public to assist in relieving the distress among the Boers.

Mr. Kruger said the generals had only ceased hostilities in order to prevent the extinction of their race and that their assumption of the role of beggars showed their desire to save their people. Turning to the generals Mr. Kruger said:

"Continue your labors with all humility and perform your duty as suppliants."

As Mr. Kruger descended from the pulpit the congregation arose and, sang the hymn, "May the Blessing of the Lord Rest Upon You."

Young Charged With Murder.

NEW YORK, Oct. 10.—The coroner's jury that has been investigating the death of Mrs. Anna Pulitzer, whose body was found in the Morris canal on September 18, rendered a verdict tonight in Jersey City that the woman came to her death through violence at the hands of William Hooper Young.

Now the Plumbers Rub It In.

NEW YORK, Oct. 10.—(Special.)—"Plumbers' unions have decided to make no more connections intended to substitute gas for coal as a cooking and heating convenience," said Mr. MacDona, counsel for the Consolidated Gas Company, tonight.

SUNDAY CANVASS FOR THE STRIKERS

Trades Unionists Will Collect Money for Miners in Every City Precinct Tomorrow.

Many representatives of labor organizations in Pittsburgh will give up their Sunday rest tomorrow to solicit contributions for the anthracite strikers. One man will work in each precinct of the city, so far as it has been possible to distribute the postal card receipts which go to contributors.

The work of putting out the cards will be continued today at the miners' headquarters, No. 426 Diamond street, and at the carpenters' headquarters in the Chronicle Telegraph building. As soon as collectors have been assigned to each voting precinct in Pittsburgh the work will be carried into other portions of Allegheny county.

At a meeting of the strike fund committee of 100 last night it was reported that the returns of collectors who have already done some work at odd times had sent the fund up to $779 43. Of this amount $656 43 was collected at the mass meeting last Sunday, which formally launched the movement. The meeting last night directed that $700 be at once sent to Secretary-Treasurer William B. Wilson of the miners.

It was reported last night that Pittsburgh local No. 3, Bridge and Structural Iron Workers, has sent $1,000 to the general office of the miners; the Plasterers' International association, $500; the Denny organization of the Window Glass Workers, $500, the International Union of Steam Engineers, $500, and that the elevator constructors have assessed themselves 25 cents weekly while the strike lasts. All these amounts are outside of the collections and card contributions under the work of the committee.

The Central Trades assembly of Washington, Pa., yesterday sent $25 to Secretary William Dodds of the Pittsburgh miners.

Pittsburgh local No. 2, of the Bricklayers and Masons' International union, last night voted to send $1,000 to Secretary William B. Wilson at once and wired him to that effect. This makes $1,500 so far contributed by this organization.

The meeting last night elected Charles Camp and J. F. Smith as assistant secretaries to aid William J. Kelly in his work. These secretaries, Chairman M. M. Garland and William Dodds were named as a press committee.

FEDERAL COMMISSION GROWS MORE LIKELY

Expectation of Presidential Action on Failure of New York Conference.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, Oct. 10.—President Roosevelt had two conferences with the Commissioner of Labor Wright today over the coal strike situation. The question of a presidential commission of investigation was discussed at length, but no decision was reached. Such a commission, however, seems more than probable now, and it is said its appointment only awaits the result of the New York conferences. It is taken for granted that Commissioner Wright will be the chairman of this commission.

That the president is still considering other methods of procedure was again in evidence this afternoon, when he called in consultation Attorney General Knox and Secretary Root.

President and Mrs. Roosevelt went out for a drive in an open landau at 11:30 o'clock this morning. For the first time since his illness the president, instead of being carried down stairs in an invalid chair, came down upon crutches.

The executive council of the American Federation of Labor tonight decided to appeal to the business men and other sympathizers with the anthracite coal miners for financial aid for the strikers.

Norwood Park in a Trade.

NEW YORK, Oct. 10.—(Special.)—One of the most prominent suburban settlement properties in the country, Norwood Park, at Long Branch, passed today into the hands of a New York builder as one feature of a trade involving $2,500,000 in considerations. It belonged to the late Norman L. Munro, a publisher, and it was there that Vice President Hobart spent the summer before his death.

Promotion for a Vanderbilt.

NEW YORK, Oct. 10.—(Special.)—Second Lieut. Cornelius Vanderbilt of Company G, Twelfth regiment, has received the nomination for first lieutenant of Company D and an election has been ordered for next Wednesday night.

THE DAY'S HAPPENINGS.

—Charles Bryce, chief of the Homestead fire department, was badly injured last night by being struck by a Pittsburgh & Lake Erie freight engine at the Amity street crossing, Homestead, while returning to his home.

—John Weir, aged 25 years, of No. 21 Riesiow street extension, was taken to the Municipal hospital suffering from smallpox.

—The committee on corporations of Allegheny councils last night recommended favorably the ordinance elevating the grade of the West Penn Railway Company's tracks at Bridget street 20 feet. The ordinance is in the interest of the Pittsburgh Provision Company, which intend building extensive stock yards on Herrs island.

—A chimney fire at the house of Mrs. John Sullivan, Vanilla alley, caused an alarm from box 621 at 4 o'clock. No damage was done.

—Gladys Jackson, an infant, living at No. 6356 Penn avenue, died yesterday morning and as no doctor had been in attendance the case was reported to the coroner. Death was due to catarrh of the stomach.

—Four cases of typhoid fever, two of scarlet fever and one of diphtheria were reported to the bureau of health yesterday.

Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the *natural* performance of their functions.

Accept no substitute for Hood's.

"I had dyspepsia twenty-five years and took different medicines but got no help until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no distress." MRS. WILLIAM G. BARRETT, 14 Olney St., Providence, R. I.

Hood's Sarsaparilla promises to cure and keeps the promise.

DEMANDED OPERATORS RECOGNIZE THE UNION

Continued from First Page.

ler and Littauer and Senator Platt were among his callers. To one of these the governor said:

"The coal operators may postpone this matter until Tuesday, but I don't propose to postpone it. They are not acting fairly toward the people. I believe I shall find some remedy."

About 5 o'clock John Mitchell, accompanied by L. N. Hammerling of Wilkesbarre called and had a long conference. While this was going on a dispatch announcing that the operators refused to consider the terms offered by the governor was received.

When the conference was over Gov. Odell refused to say what had occurred and Mr. Mitchell was equally reticent. It is believed, however, that Gov. Odell presented his proposition for settlement to the leader of the miners' union and that Mr. Mitchell said he would present it to the district presidents in the hope it would be accepted.

Gov. Odell said: "Mr. Mitchell was eminently fair and showed every disposition to adjust the serious situation."

No Further Conferences.

There is nothing to justify the assertion that negotiations will be resumed next Tuesday. As one of the coal presidents put it, "the incident is closed."

"The publicists," said this gentleman, "made a number of suggestions, all of which we turned down. These included a 10 per cent increase in pay, a decrease of working hours and recognition of the union, as well as a number of other propositions which we regard as equally undebatable. In fact, we found it impossible to negotiate with them, and said so.

"What their next step will be I cannot say, but they understand that we cannot be moved. I repeat, we will not meet them again. It is frivolous and is bound to result in further ill-feeling."

Another operator said: "It is not for us to consider mere matters of political expediency. Had so-called statesmen kept their hands off, the strike would have been settled long ago. We have taken a stand for principle, and no amount of argument will budge us."

J. P. Morgan, who conferred with several of the operators during the day, would not discuss latest developments, but it is known that he has not swerved from his purpose not to become a party to the controversy.

The Details of the Day.

Gov. Odell and Senators Platt, Quay and Penrose met in Senator Platt's office shortly after 10 o'clock and awaited the coal railroad presidents. President Baer of the Reading arrived in the city early in the forenoon and went to the office of J. P. Morgan, where he was soon joined by E. B. Thomas of the Erie. The operators then held a conference in Thomas' private office, there being present President Fowler of the New York, Ontario & Western; President Olyphant of the Delaware & Hudson, President Truesdale of the Delaware & Lackawanna, President Walter of the Lehigh Valley, President Baer of the Reading, and Chairman Thomas of the Erie.

Baer and Thomas were delegated to go to Senator Platt's office, and they appeared there at 12:30 p. m. The conference lasted only 30 minutes, and after returning to his office, Chairman Thomas said:

"It was impracticable to reach any conclusion of the strike situation on the basis suggested this morning."

About 7:45 p. m. President Mitchell, at the Ashland house, announced that, as it was too late to catch the 7:55 train on the Erie, he would not leave the city until 2:40 o'clock Saturday morning by the Delaware, Lackawanna & Western.

Carnegie Institute Organ Recitals.

The 529th and 530th in the series of free organ recitals at the Carnegie Music hall will be given this evening and tomorrow afternoon. By request of the committee on music hall of Carnegie institute, and on account of the unavoidable absence from Pittsburgh of Mr. Lemare, organist and director of music at the institute, these recitals will be given by E. J. Napier, who will present two fine programs.

MANIAC BOY WITH AN AX SLEW MOTHER, BROTHER AND TWO SISTERS

Continued from First Page.

will never forget. Charles struggled at every step and attempted to pick up bricks from the street to hit his brother.

When the two had reached the tracks of the Pittsburgh & Lake Erie railroad the supreme effort came. Charles attempted to hurl his captor under the wheels of a passing freight train.

When the train passed, Police Officer William Rosser saw the men and hurried to them. Realizing that something terrible had happened from the blood-stained appearance of Charles, and without waiting for an explanation, he placed him in a cell in the lockup and after summoning Officers, Sullivan and Shinton, they went to the house.

When the police officers and the brother entered the room of death a gruesome sight met their gaze. In a bed opposite the doorway, lay the mother with her head hanging over the side, a gash on her skull and a pool of blood on the floor beneath.

Babes in Same Bed.

In the same bed were the babies, Joseph, Raymond and Adelaide, with fearful gashes on their heads and faces, moaning piteously, in a semi-unconscious condition, while on the other bed, which was so situated that the occupants faced the bed occupied by the mother, lay the form of 10-year-old Isabelle, with her head cleft with an ax and a mass of clotted blood beside her on the pillow. Annie and Agnes lay beside her, both mangled and bleeding.

Life still lingered in the bodies of Mrs. Cawley and the child Isabelle, when the police officers arrived, but they expired a few minutes after.

From the appearance of the room it seemed that the son had entered the room and attacked the children first, for there was evidence of a struggle with the mother, the bed clothing having been twisted and torn in a manner that would indicate that she had been awakened and made a frantic effort to reach the bedside of her children. She had been struck down by the ax as she was about to leave her bed.

Struck While Sleeping.

The others seemed to have met their fate while sleeping, and probably did not see their brother strike the fearful blows. The countenance of Isabelle is tranquil and serene, as though she had passed into eternity while in a deep sleep without a thought of death in her mind.

The ax with which the deed was accomplished was an ordinary one, such as is used about all households for splitting kindling wood. It was kept downstairs, and this fact shows that the cunning brain of the maniac planned the horrible affair before committing it.

He arose, presumably about 2:30 o'clock, and secured the ax, being obliged to unlock two doors to get it. It is curious that he turned to his mother's room instead of going to his brother's, which he had just left. Craftiness was displayed in his movements, however, as he carefully closed the doors before beginning his awful work, for fear the noise of the blows and the gasps of the dying might arouse his brother.

When he left the room occupied by his mother and smaller brothers and sisters, he must have supposed all were dead and that he would complete the work by killing his brother James.

Hurried to Hospital.

When the brother and police officers returned to the house and discovered that the children were still living Dr. A. M. Barton and Dr. Mark Baldwin were hastily summoned, who, after dressing their wounds, had Agnes, Annie, Adelaide and Raymond placed in an undertaker's basket and hurried on a street car to the South Side hospital.

The heads of all the children are crushed, and no hope is entertained for their recovery.

Joseph, the baby, was taken in charge by Mrs. Mary O'Brien, and while it is not so seriously injured it may die from shock. The blow which struck the infant seems to have been a glancing one. As the baby was lying immediately beside the mother, that blow was probably aimed at the mother, who received the force of it, the ax glancing from her skull to that of the baby, inflicting an ugly wound.

Thousands visited the house yesterday, and many attempted to gain entrance. An officer was placed on duty to prevent any of the curious from entering the home.

The remaining members of the family and friends and neighbors who gathered at the house were at a loss to account for the mania which had seized upon the young man. They denied that he had been acting queerly before the time of the murder, and said that he was always a good, kind boy of a studious nature, and had always been particularly good to his mother and the other members of the family.

For some time he had been deeply engrossed in perfecting an automatic street car brake, upon which he was securing a patent and which promised to bring him a big reward. For several days he had expected to hear from the patent office at Washington relative to his invention, and this is thought to have preyed on his mind and dethroned his reason.

He had been employed by Contractors Drake & Stratton, and for a time worked at the Homestead steel works. He had worked on several patents, many of them said to be very good. His idea of a street car brake was obtained when he saw a street car crash through a house near his home several weeks ago.

The husband and father of the family was drowned at Redmonds Mills a year ago last August, and this is said to have also preyed on the boy's mind.

Wanted to Be Freed.

The bodies of Mrs. Cawley and her daughter lay in the blood-smeared and tossed-up beds until nearly noon yesterday, when Deputy Coroner Campbell empanelled a jury and viewed them. They were afterwards taken to Michael Weil's undertaking rooms and prepared for burial.

The insane man, after being placed in the Homestead lockup appeared not to realize the enormity of his crime, and his only request was to be given a hearing and be freed. Owing to the excitement caused by the tragedy it was thought best by Chief of Police West Noble to have him taken to the county jail, and he was placed there at 10 o'clock yesterday morning.

One of the most pathetic incidents in the terrible tragedy was the task of informing the brother Harry and the sister Mamie of the facts of the case. Neither of these were at home at the time of the murder, the former being at work in the Homestead steel works and the latter at the home of a friend.

Other Daughter Collapsed.

The young lady is employed as a milliner, and after leaving the home of her friend yesterday morning went to the store in which she was employed and did not know of the terrible happening until she reached the store. The other employes had heard of the tragedy and were speechless with surprise when they saw her enter and remove her wraps preparatory to going to work.

When informed of what had happened at her home her grief was heartrending. She collapsed later and is in a serious condition.

Harry, the 14-year-old brother, was equally ignorant of what had happened, and when returning home from the mill was told that his brother Charles had been arrested. He went straight to the lockup to learn the cause of his brother's arrest, and first learned of the tragedy from the officers. He was inconsolable and wept bitterly when he saw the mangled bodies at his home.

Fancies He Saw Burglar.

Chales Cawley told conflicting stories of the tragedy at the jail. Yesterday afternoon he was visited by his brother James, whom he attempted to slay, and P. J. Murphy of No. 212 Smithfield, who was well acquainted with the family.

He told a story of having had an encounter with a burglar in the house. He said that the burglar had killed his mother and sister with the ax and that he had wrested it from him. Murphy asked him where the ax was usually kept, and he replied "Downstairs." He was asked why he attempted to kill his brother, and said he wanted to awaken him.

Cawley in his ramblings told Murphy that he had struck the rest of the family because he wanted to rouse them from their sleep. A number of questions were asked him, and from the manner in which he answered it was evident that he was totally insane.

His condition was unchanged last night. At a late hour he had not slept, and spent most of his time walking about his cell. He refused to eat anything, and frequently refers to the death of his mother. He maintains that the burglar killed her.

Daniel Boyle, who attacked a guard in the Monessen jail with a club and almost killed him while a prisoner at that institution last February, is a brother of Mrs. Cawley. Boyle is a member of a well-known family of the Twenty-third ward, and at the time he attacked the guard was about 19 years old.

He was sent to the Huntingdon reformatory after his victim recovered. Young Boyle was for a number of years employed in the industrial plants in Second avenue, and was of a quiet disposition. He was, however, easily excited, and the similarity in his outbreak to that of young Cawley is remarkable.

Strong Refutations Given to Stories Circulated About a Citizens Candidate.

LAWRENCEVILLE AFLAME

Great Rally of Citizens in Keane's Auditorium—Other Enthusiastic Gatherings of Machine Wreckers.

Keane's auditorium in Lawrenceville d last night the biggest political dience that was ever within its lls. It was a grand rally of the izens party. Just two and a half es more persons were present than ended the machine gathering the ght before. The number could easily estimated correctly. During the day 500 chairs were taken into the auditorium. Last night each of these airs had a Citizens party adherent tting in it. The middle aisle was full auditoria and ranged behind the semicircle of chairs and in the balcony were more. It was figured that 900 men nt to Max G. Leslie's meeting the ght before; fully 2,200 cheered the izens speakers last night.

The meeting was preceded by a parade several ward organizations. Several nds were in the parade and red fire large quantities was burned all the ne.

Porter's Workmen in the Parade.

A feature of the parade was a body of workmen, 400 in number, from the works of the H. K. Porter Company, the locomotive company of which H. Kirke Porter, the Citizens party's candidate for congress, is president. These men carried banners containing inscriptions, one of which read, "H. K. Porter gives us an honest wage for honest work."

Hugh Ferguson, a former councilman, was chairman of the meeting. Attorney W. B. Rodgers was the first speaker. He illustrated the hard times that had come upon the machine by reminding the audience that never before in a county campaign had the nominees of the machine found it necessary to go out and do campaigning work. He spoke of the work that the machine is doing under cover for the Democratic state ticket, and remarked that neither the Democratic nor the Republican candidate, whichever one was governor, would align himself with Flinn's machine.

C. C. Vincent, an employe of the H. Kirke Porter Company, said that the company paid common labor more than other manufacturing plants nearby paid and that blacksmiths were getting 55 cents an hour.

Calumny Against Porter Denied.

Mr. Porter himself was received with great enthusiasm. He repeated a calumny uttered against him, that no Catholic could get employment in his works; the audience laughed and a voice cried: "Here's one who has been working for you for a long time."

Jere Doherty made a brief speech and as the hour was late W. S. Woods and Councilman D. J. Bole merely said a few words and the meting adjourned.

Thirty-seventh ward Citizens turned out in large numbers last night to attend a mass meeting held in the Brushton school; the speakers were G. M. Harton, N. G. Ayers, R. G. Mattern and C. A. Locke.

There was a large gathering at Masonic hall, Bellevue, last night, the occasion being a mass meeting under the auspices of the Citizens party. Addresses were made by George Shiras III., J. M. Goehring, S. G. Porter and B. F. Mevay.

Citizens meetings were held last night in the Third and Twelfth wards, Allegheny. Over 500 persons attended the Third ward meeting. Addresses were made by John M. Goehring, John Francies, George Shiras III., L. C. Beatty and others. The Citizens Male quartet sang. The Twelfth ward meeting was held in the East street school house and addresses were made by Meredith Marshall, John M. Goehring, Joseph Stewart and L. C. Beatty. Music was furnished by the Croatian band.

Tonight a mass meeting will be held in the East street school, Fourteenth ward, Allegheny, at which the speakers will be S. G. Porter, Meredith Marshall, J. H. Stevenson and L. C. Beatty.

Out-of-Door Meetings a Feature.

A feature of the Citizens party campaign thus far, that is really a new departure in politics in Allegheny county, is the open air meetings. So great has been the desire to attend the Citizens meetings that the managers have frequently found the assembly halls too small for the purpose. That is the reason the campaigners in the hill districts have decided to have an open air meeting tonight. It will be held at the intersection of Webster avenue and Fulton street. It is a thickly populated district. The speakers will be L. S. Levin, Dr. W. D. Clinton and H. Kirke Porter.

There will be a Citizens meeting tonight in the opera house at Tarentum, which promises to be a very well attended affair. The speakers will be George Shiras, W. S. Woods, George H. Stengel and Frank McKelvey. A meeting will also be held tonight at McAbee hall, Perrysville avenue, Allegheny, to be addressed by S. G. Porter, R. T. McElroy, B. F. Mevay and Meredith Marshall.

There was a great turnout of Democrats at Sharpsburg last night. It was really the opening of the Democratic campaign in that section. Addresses were made by ex-United States Assistant District Attorney Samuel B. Griffiths, ex-County Chairman Joseph Howley and Attorney James A. Wakefield. At Carnegie there was also a large assembly of Democrats at a mass meeting in White's hall. D. F. Patterson, A. G. Smith, Jesse H. Wise and R. W. Guthrie spoke. At McKeesport, speeches were made by George H. Stengel, W. H. S. Thomson, James M. Dunn and Edward F. Duffy.

Tonight there will be a Democratic mass meeting in the Riverside school, Thirty-fourth ward. W. J. Brennen, County Chairman Thomas B. Alcorn, Jesse H. Wise, Jere Doherty and other well known Democrats will talk.

THE WEATHER.

Cloudy.

The bright weather Pittsburgh has had the past few days is at an end, according to the forecast sent out last night by the Washington weather observer for this section. The prediction is for cloudy conditions during today, and rain tonight and tomorrow. The weather yesterday was almost ideal, and many persons took advantage of the bright and warm atmosphere to come down-town, and the streets were crowded during the afternoon. Yesterday's maximum temperature was 68 and the minimum 42 degrees, the latter occurring at 6 in the morning.

The Gazette's weather service thermometers at Kaufmann's corner at the following hours yesterday registered:

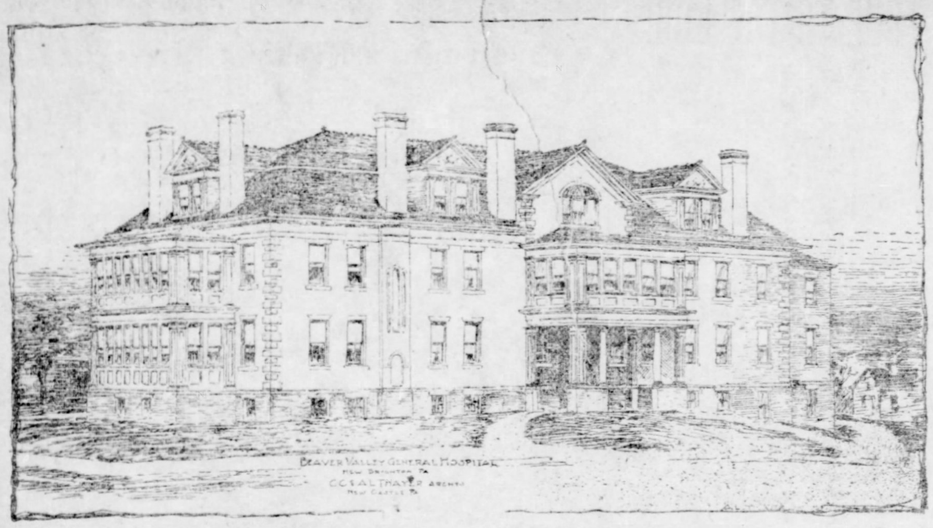
BEAVER VALLEY TO HAVE A NEW AND MODERN HOSPITAL ACCOMMODATING 100 PATIENTS



The New Beaver Valley General Hospital as It Will Look When Completed.

On a handsome plateau at New Brighton, overlooking the Ohio and Beaver valleys, the foundations of the new Beaver Valley General hospital will soon be laid. The present hospital is on the Kenwood school property. The new building will be erected as an addition to the old hospital, which is later to be torn down to make room for a still larger building. The trustees of the hospital have accepted the plans of Architects A. L. and C. C. Thayer, who are now receiving estimates on the foundations.

The new building will be a three-story buff brick structure, 80x160 feet, and will contain 50 rooms with about 75 beds. This, with the old building, will afford quarters for 100 patients. The building will be fireproof throughout and will have steam heat and the latest sanitary appliances.

For a long time the present accommodations have been entirely inadequate to the needs of this institution. The state has appropriated $10,000 toward the cost of the new building and the balance, $20,000, is to be raised by the people of Western Pennsylvania. The officers of the hospital are: President, John Reeves, Beaver Falls; vice president, Charles A. Barker, New Brighton; secretary, James F. Merriman, Beaver Falls, and treasurer, Frank F. Brierly, Beaver Falls.

THE B. & O. WANTS BIG CONCESSIONS

Councils' Corporations Committee Approves Granting Valuable Franchises.

SMALL RENTAL OFFERED

B. & O. for Much of Monongahela Wharf Offers Only $1,000 Per Annum—Right of Way Changes in Second Avenue.

Unless a revolt takes place among members of Pittsburgh's councils and precedents are broken by a refusal to approve the report of a committee, the Baltimore & Ohio Railroad Company will get from the city valuable additional rights and privileges for $1,000 a year, a rental so small as to be almost ridiculous.

The joint committee on corporations yesterday affirmatively recommended an ordinance granting the Baltimore & Ohio additional rights on the Monongahela wharf, and agreed to vacate a part of Second avenue and to accept in lieu thereof the right of way now occupied by the Baltimore & Ohio tracks through Glenwood.

The Baltimore & Ohio gets everything it wants by this ordinance. It gets the use of every foot of the Monongahela wharf bounded by Smithfield, Grant and Water streets and the water line. This is to be occupied by the new passenger station the company has had plans prepared for, and which, it is said, will be one of the finest passenger stations in Pittsburgh in case it is completed in accordance with the plans of the railroad architects. The rights granted in this new ordinance are about double those the company has at present.

Changes in the Twenty-third Ward.

Another ordinance affirmatively recommended provides that the city shall vacate Hazelwood avenue between a point near Hazelwood station to a point below Glenwood station. The exact portion of Second avenue which is to be vacated lies between Allegheny street and the city line. In return for this the city gets the right of way now occupied by the tracks of the Baltimore & Ohio. There is little objection to this, although the property owners have not yet been heard from.

The railroad magnanimously agrees to pay all the expenses of removing and relocating tracks, but the city, by the contract, must pay for putting this right of way in shape for a street, and must pay for the grading, paving and curbing.

The railroad offers the city no compensation for the shifting of the tracks in Glenwood. But for the additional rights which it asks on the Monongahela wharf agrees to give the city an additional $1,000 a year. The railroad pays for its present rights $5,000 per annum rental. By the terms of this new ordinance it will pay a total rental of $4,000 per annum for rights roughly estimated to be worth at least $20,000 a year. Several members of councils are opposed to granting the rights until the company raises the rental, and there will likely be a great deal of opposition to the passage of the ordinance.

Legal Questions Raised.

At yesterday's meeting of the committee W. S. Woods suggested that the ordinance vacating the Monongahela wharf be held over for a week, as there were legal points to be considered as to the rights of the city to vacate the wharf. Other members thought it was not a new question, and that being in the nature of a public improvement it should be sent to councils immediately and let councils, if thought proper, appoint a special committee to investigate. The ordinance was recommended by an unanimous vote.

The committee accepted the railroad's invitation to visit the ground covered by the ordinance vacating a part of Second avenue and were taken to Glenwood on a special train, returning to the council chamber at 5:30 p. m.

Supt. L. G. Haas of the Baltimore & Ohio in outlining the new plans of the road stated that it was not the intention to abandon either the Hazelwood or Glenwood stations.

The course of Second avenue between Marion Junction and Hazelwood, Mr. Haas said, would be altered to allow the residents on the north side of the thoroughfare to have more desirable access to the street. The railroad officials deny that there is any political agreement for the changing of the main line or for the abandoning of the two suburban stations named.

Supt. Haas said: "As we are now operating we use the tracks following the course of the river from where our Wheeling line comes in to Hazelwood, though this system of tracks is for the use of freight trains alone and for the yard facilities abutting the Jones & Laughlin company's sidings. We recently acquired a piece of property in Hazelwood to be used for the construction of a new roundhouse, but beyond this we have entertained no plans for changing the course of the main line now used by our passenger trains. To consider such a proposition would be unreasonable, and the story of any political agreements with such an end in view is without foundation."

GASOLINE STOVES EXPLODE.

Leaking Valves Cause Death of a Boy and Injury of a Woman.

Mrs. Goldie Greggs of Jackson avenue, Ben Avon, and Edward Afsheskey, 13 years old, of No. 5212 Holmes street, were fatally burned in explosions of gasoline stoves at their homes yesterday morning. Afsheskey is dead and Mrs. Greggs, who is the wife of Alexander Greggs, assistant superintendent of the American Tube Company's plant in Pittsburgh, is at her home in a critical condition.

Mrs. Greggs, after seeing her husband off to work, returned to bed, and some time later went to the kitchen to light the gasoline stove. During the night the oil had escaped and when she applied a match there was a terrific explosion, and she was enveloped in flames. Her clothing and hair were entirely burned off and she was found unconscious some time later by her daughter.

The Afsheskey boy attempted to light a gasoline stove in a shed in the rear of his home, and an explosion similar to the one in Ben Avon occurred. The shed with its contents was destroyed, causing a loss of $300.

Jaehkle Is Discharged.

MILWAUKEE, Oct. 10.—Otto Jaehkle, who was arrested at Trevor, Wis., four months ago, charged with having embezzled $49,000 from his employers in the Argentine republic, was today discharged from custody, it being stated that insufficient evidence had been produced.

THE MAYER MURDER WILL BE PROBED

Coroner McGeary Says Allegheny Detectives Have Not Been Active.

"I am of the opinion that the Allegheny detectives are not working with any great zeal to find the murderers of Albert Mayer, but my deputies know who killed him, and the Allegheny police, I am told, possess the same knowledge. The case will be probed to the bottom and rigorously prosecuted," said Coroner Jesse McGeary yesterday.

The exposures made by The Gazette have been sustained in every detail. The fact of the matter is that the information which The Gazette reporters secured in regard to the murder was common knowledge in the neighborhood, but the Allegheny detectives have shirked their duty because the man was murdered by the thugs and thieves who have been long protected in Allegheny, as a source of graft and an aid on election day.

William Burg, who heard one of the gang say that they had just killed a man in Robinson street, and was told by the police to "forget about it," is indignant over the threats that have been made against him.

"Allegheny is a grafters' city," said Burg last night. "Thieves are permitted to roam with freedom in the streets. They have their own districts to live in, and they would hold a man up and rob him for a few dollars. They make their headquarters in a speakeasy in Craig street and in another dive in Lacock street."

"Respectable, hard-working men are at their mercy. Complaints have been made at headquarters, but they are allowed to remain in the city limits. In spite of robberies and murders they have committed Supt. of Police Henry Muth permits them to stay."

In spite of the fact that the Allegheny detectives say that Albert Mayer died of alcoholism it has been conclusively proven that he was murdered by protected thugs. The Gazette has told them where Mayer was on the fatal morning and how he came by his end. He was attacked by three thugs and was kicked and beaten to death. In spite of this they have taken no action.

Coroner's Physician Walter E. McCandless says that the theory that Mayer died of an overdose of alcohol is absurd and preposterous.

POPE IS PLEASED.

Says United States Is Generous Toward the Catholic Church.

ROME, Oct. 10.—On learning of the approaching arrival here of Archbishop Chapelle, the apostolic delegate to Cuba and Porto Rico, the pope asked for a full report on religious affairs in Cuba, which he carefully examined. On reading the agreements arrived at with Gen. Wood, as military governor of Cuba, the pontiff exclaimed:

"Washington is the most loyal and generous government the church ever had to do with."

FIVE PERSONS HURT BY GAS EXPLOSION

Leak in Pipe Causes Wreck of Building and $3,000 Blaze in Homestead.

An explosion of natural gas in the cellar of a fruit store, owned by Miss Sophia Stitzel, in Ann street, Homestead, shortly after 2 p. m. yesterday, caused the injury of five people and set fire to the building, causing a loss of $3,000.

The injured are:

MISS SOPHIA STITZEL, burned about the face and hands; cut and bruised.

JOHN KETCH, burned and bruised about the head and body.

W. S. BULLOCK, real estate broker, jumped from second story of the building; badly injured.

JOHN KISTEL, cut and bruised by flying debris.

JOSEPH McCUNE, burned by the exploding gas, while attempting to shut it off after the explosion.

The explosion occurred in the cellar of a large building in Ann street, occupied by several small stores and the saloon of Jacob Tressel. The gas pipe is thought to have sprung a leak and the gas ignited in some unknown way. The explosion first blew out the front of the small store rooms and the building then took fire.

A number of pedestrians who were passing the place at the time were knocked down and had narrow escapes. A large quantity of fire works in Miss Stitzel's store, exploded and caused a panic among the spectators.

THE SECRET OF THE SUCCESS OF HAMILTON'S PIANOS.

Why do so many persons go to Hamilton's in preference to any other music house? Simply because Hamilton's is THE PIANO STORE. Pianos are not a mere incident of the business of this establishment, but are the life of the business. There are other musical goods here, to be sure, but pianos—first, last and all the time—are the chief attraction.

So it is no surprise that Hamilton's business is becoming larger all the time. Not only do city people avail themselves of the unusual opportunities prevailing at this store, but persons residing out of town order by mail and are supplied as satisfactorily as if they came in person. This is accounted for by the fact that Mr. S. Hamilton, the proprietor, has had the confidence of the music-loving public for over a quarter of a century. Customers know that they can depend absolutely upon any statement he may make. And it follows, naturally, that Mr. Hamilton never handles any but instruments of standard quality—fully guaranteed.

It makes all the difference where you buy a piano. It is not to be expected that every person can be a judge of merit in such matters. Years of experience are required before one can know positively whether a collection of instruments is up to the standard or not. In buying at Hamilton's you get the benefit of such experience, as well as the benefit which comes of the determination of the proprietor to make every piano which he sells a tangible advertisement of his methods.

This is the only store that sells the famous A. B. Chase, J. & C. Fischer, Schumann, Smith & Barnes and Hamilton pianos and the Angelus, the only real piano player. Of course, there are numerous other reliable makes here, but this brief list is sufficient to indicate the character of instruments whose sale is controlled by this old reliable house.

The Christmas Toys.

Let the children come by themselves today if you can't accompany them.

Greatest exhibition the greater city ever saw.

Toys from all over the world—and a tremendous lot of them.

Men's Overcoats, $15, $18, $20.

Three prices that are generally popular. Lower-priced Overcoats, and good ones, for those who want them, and other prices, again, that reach to over a hundred dollars; but this morning we want to tell only of these three outer coats at the prices mentioned.

For $15, and, by the way, the topcoats at this price are just as sightly as those that will cost you twice that sum, are in several stylish lengths—the short, the medium and the extremely long. There are the dressy light-weight coats and the heavy-weights for winter wear. Such a range of sizes as to justify us in saying we can fit men of any proportion—either normal or irregular. There are such overcoatings as soft finished friezes, meltons, kerseys and worsted cheviots. Such colors as black, gray, dark brown mixtures and oxford grays. We are willing to aver that no such topcoats were ever seen in this city for $15, and to further aver that no coats at the same price have had as much attention paid to details as these have—for instance, the linings and the work on the button holes, the collar and the seams.

The $18 Overcoats are in the same range of lengths, the same cloths but of a finer grade, to which may be added the very rough and shaggy friezes. And at this price there is also choice among the light-weight and dressy topcoats that are silk-faced to edge.

At the price of $20, besides the long, medium and short topcoats, there are also the Paddocks and the long coats with belted backs. About any material you can think of and every popular color. Rough effects as well as smooth effects. Sizes for men of every build.

A Six-Dollar Skirt Surprise.

We have a group of brand new Autumn Walking Skirts that deserve their full value, but won't get it.

A manufacturer with whom we have large dealings had some odd lots of cloth that he cut up in latest form and finished in same style as his $10 skirts.

He wanted to flatter us a little and the garments are here and ready today for $6.

Not quite a hundred in all, and of course they will go quickly. Materials are cheviots, mixtures, broadcloths; styles are 7 and 9-gores, inverted pleat back, slot or closed seams.

Our Great Variety of Waists.

Every style a woman could name. That hints of broad variety without much verbiage.

Your attention, please, to a couple of new numbers.

At $2—Black Moire Waist with 6 box pleats in front, two in back; bishop sleeve with narrow cuff; stock collar. The waist is prettily trimmed with small buttons.

At $2.50—White Waist of basket weave cloth, tucked yoke, back and front, tucks running from shoulder; buttoned at one side with fancy buttons; shirt sleeve; stock and tie.

The Norfolk Suit Fashion's Favorite.

This year the Norfolk is in the ascendant among tailor suits, and small wonder, for it accommodates itself to any figure. Besides there's a real smartness and a distinctive style about it that commands universal admiration.

You'll find the Norfolk idea best realized in our splendid showing.

Here's a special sale of Norfolk Suits for today. Handsome mixtures. The coats pleated front and back; the skirts are made in the new pleated panel effect. About $50 would be the price elsewhere for suits that equal these, yet we say only $35.

$25 will buy a Norfolk Pleat Suit—choice of either blouse or fly front coat, with pleats from front to back as in a loose back Norfolk. The combination of both models is charming, and adapted to the requirements of most women. Blacks, blues, mixtures, etc. Skirts are shown in all the new models.

Our Unrivaled Millinery Show.

Thousands of new Hats and Toques—Black Hats, Brown Hats, Blue Hats, Red Hats, Green Hats, Black and White Hats—not the gaudy kind, but just rich and simply effective. Nothing but what a lady would delight in wearing.

THERE ARE PARIS HATS,
THERE ARE HORNE HATS,
THERE ARE LONDON HATS AND
PHIPPS & ATCHESON NEW YORK HATS

What a wonderful price range—$3.50 to $65, and the intermediate prices about any sum you can call to mind.

We have great pride in our special tables on which are the popularly priced Hats—$5, $7.50 and $10. The materials used, and the style put into the hats, and the unusual workmanship, give to these hats all that can be desired in finished millinery.

Our untrimmed Hats are notable examples of something fashionable for which women have to pay but little.

The 50c tables are full of new shapes in black and all colors, and these 50c hats have been received with the greatest favor.

Other untrimmed Hats, $1, $1.50 and $2.

Everything, materials and garnishes, for the trimming—of course equally low in price.

Children's Hats and Caps at all prices.

Amongst the New Neckwear for Women.

We have just received an importation of beautiful Japanese Silk Scarfs—in plain colors and white with pink, blue and black borders and red with navy borders.

Some are plain hemstitched, others have three tucks. Both pretty and useful. 50c each.

New Liberty Silk Squares—40 inches square—all colors. They are $1.50 each.

The demand for Ruffles is unprecedented. Here from $6 to $25.

Feather Boas, as you will agree, are the aristocratic neckpieces. We have them in round or in five-tail effects. All our own importation. $8 to $100.

CITIZENS INVADED "MUDDY WATER" GRIMES' HOME

Populace Received With Loud Acclaim the Resounding Slaps Given.

POKES AT PURITY PEOPLE

Rousing Meeting Held at Knoxville Last Night at Which Some Pertinent Comparisons Were Drawn With Free Hand.

In the seat of government of the Ballot Reform party, within easy earshot of the home of the promoter of the Flinn-Grimes "Muddy Water" party, in Knoxville, the principality of James F. Grimes, Citizens party men held a big meeting last night. Resounding slaps were dealt the muddy water politicians and the acclaim of the populace shook the walls of the office of the Knoxville Land and Improvement Company.

When a whole borough pays water rents in advance, for water that seldom runs from the faucet, and when it does dribble is chiefly mud or nitrates, then, as it was explained last night, it is not hard to comprehend why protestations of honest politics made by the second head center of the water company are received with derision on the Hilltops and in the Chartiers valley boroughs.

The speakers were James W. Brown, candidate for congress; U. M. Beck, R. H. Heath, Joseph H. Vitchestain and J. R. Campbell. Now and then one of the audience took a voice in the proceedings by making brief comments on the ballot reform champions, moved thereto by the remarks of the Citizens' speakers. The comments were short but contained whole speeches full of pith.

Messrs. Brown, Beck and Heath devoted themselves almost entirely to the issues of the campaign, but Mr. Vitchestain and Mr. Campbell dissected the Grimes-Flinn party. James F. Grimes, it was said by the speakers, claimed to be in the ballot reform business from disinterested motives. Could it be expected that he would do a thing from disinterested motives when his water company, even though interested in keeping its contracts with Knoxville householders, did not at times furnish the water for which it was paid? Could he be expected to do one thing for nothing, when he could not do the thing he was paid to do, that is—furnish water?

"Cleanliness," said Mr. Vitchestain, "is next to godliness; to be a true ballot reformer is to be godly. Grimes does not supply water, although paid to do it, consequently he does not encourage cleanliness, and therefore, he can lay no claim to godliness; to be ungodly in one thing is to be ungodly in other things; Ergo, the movement of which Grimes is the chief promoter cannot be bona fide and must be ungodly."

The meeting was held in the front of the Citizens' headquarters, at Zara and Amanda streets, the headquarters being too small to accommodate the crowd that wanted to hear.

A Preliminary Slap.

BARCHFELD WARMLY GREETED IN HOME WARD

Machine Rally on South Side Last Night—Program of Meetings Continues to Grow.

The organization mass meeting held in Odd Fellows' hall, South Eighteenth street, Twenty-sixth ward, last evening, was one of the largest political gatherings held in that section of the city during the present campaign. The meeting was preceded by a torchlight parade, in which 1,500 residents of the ward took part. John Bradley called the meeting to order and introduced Dr. A. J. Barchfeld, candidate for congress in the Thirty-second district, as chairman. Mr. Barchfeld is a resident of the ward and was given an enthusiastic greeting. The speakers were George J. Churchill, Archibald Mackrell and R. H. Jackson. C. Saam spoke in German.

A large crowd was present at the machine mass meeting in the Webster public school hall, Plum township, last night. The speakers were met at Logans Ferry station with carriages, a brass band and a large escort carrying red fire torches. The march from the station to the place of meeting was enlivened all along the route by fire works. The speakers were Assistant District Attorney A. J. Edwards, Harry M. Scott and A. L. Large. Resolutions pledging the majority of the citizens of Plum township to stand by the ring ticket were passed.

William B. Kirkes, John P. Eberhart and C. E. Theobold spoke for the machine at a rally held last night in the Martin public school house No. 2, Aspo township. The crowd was so large that an overflow meeting had to be held. Resolutions indorsing the Republican state and the ring tickets, and condemning the course of the Citizens party were passed.

The managers of the machine's county campaign have announced the following additional meetings:

Saturday evening, October 18, Brush Creek hotel, Marshall township; speakers, W. B. Kirker, A. L. Large and H. S. Riley.

Moon new school house, Robinson township, Monday, October 20; speakers, Robert McWhinney, W. T. Trendway, John S. Robb, Jr., and Dr. A. J. Barchfeld.

Grange hall, Hite station, East Deer township, Monday, October 20; speakers, W. B. Kirker, H. L. Riley, Archibald Mackrell and W. G. Foster.

Englert's hall, Fair Haven, Baldwin township, Tuesday evening, October 21; speakers, John P. Eberhart, C. Saam and William D. Grimes.

Garfield school house, Atlantic avenue, Nineteenth ward, Wednesday evening, October 22; speakers, George J. Churchill, James Francis Burke, Walter E. Billows and Samuel D. Warmcastle.

East Pittsburgh, Thursday, October 16; speakers, W. W. Murray, George W. Foster, Thomas J. Ford, H. M. Scott and Fred W. Edwards.

Traction hall, forks of the road, Sixteenth ward, Wednesday, October 15; speakers, Joseph G. Armstrong, Walter E. Billows and the Rev. T. H. C. Messer.

Saturday, October 18, at Bank hall, Duquesne borough; Speakers John S. Robb, Sr., Robert W. McWhinney, James W. Smith and George W. Foster.

Fraternal hall, Chartiers avenue, McKees Rocks, Thursday, October 22; Speakers George J. Churchill, W. A. Shaw, W. A. Plummer and John C. Haymaker.

Springfield public school hall, Thirty-first and Smallman streets, Thursday, October 23; Speakers James F. Burke, H. I. Riley and Robert Woodsides.

Turner hall, Forbes street, Sixth ward, Monday, October 27; Speakers James Francis Burke, Col. Henry Hall, L. B. Cook, Adolph Edlis and Archibald Mackrell.

Monday, October 27, at Slavonian hall, Ranking; Speakers John P. Eberhardt, Thomas J. Ford and Harry M. Scott.

Tuesday, October 28, at Duquesne Manner-chor hall, Thirty-fifth ward; Speakers Col. Henry Hall, John P. Eberhardt and Archibald Mackrell.

White's opera house, McKeesport, Wednesday, October 29; Speakers Congressman John Dalzell and Theodore A. Shaffer, president of the Amalgamated association.

John C. Haymaker.

Ideal club rooms, No. 1001 Washington street, Braddock; Speakers Robert McWhinney, Harry M. Scott, Thomas J. Ford and Archibald Mackrell.

Meetings will be held tonight in the Second precint school house, Reserve township; speakers, William B. Kirkes, W. A. Hudson and H. J. Bock. A mass meeting is also announced to take place tonight at Kenwood lawn, Latimer avenue, East End; speakers, James Francis Burke, J. W. Holmes, ex-Congressman George H. White of North Carolina, and the Rev. M. B. Lanier.

Suspected Men Discharged.

James O'Donnell, the Pittsburgh & Western railroad brakeman who was arrested Thursday afternoon, suspected of being implicated in the robbery of the safe in the Pittsburgh & Western station at Allegheny Thursday morning, was yesterday discharged at the Allegheny Central police station. Three men arrested at Butler in connection with the robbery, also allowed to go.

MACHINE STARTS BUG-A-BOO GAME

The Anticipated Campaign of Columny Is Given a Push Forward.

BOGUS TAX RECEIPTS CRY

Organization Sends Out Folders Intended to Show That Citizens Are Doing That Which Has Been Charged to Machine.

The calumny program which the Allegheny county machine was expected to launch in the last days of the campaign was given a start yesterday. A "folder" was printed, to be distributed today, containing charges that the Citizens party, at the last municipal election, distributed forged tax receipts. Alleged fac similes of the forged receipts are printed, and it is asserted that many holders of the receipts testified that they got them at the Citizens headquarters previous to the last election. The testimony is said to have been given in the investigation made by the referee in the John A. Upperman councilmanic contest.

Although the assertion is not made in the folder, it is announced at the machine headquarters in Sixth avenue that the machine is in possession of the plate from which the forged tax receipts were printed. How it acquired possession is not stated, so that it is now surmised that if there is such a plate in existence the plate was not manufactured by or for the Citizens party, for if that organization had been guilty it would have so guarded the plate that it could never have got into the possession of the enemy.

Machine Aims to Confuse.

The basis of the charge that the Citizens party issued forged tax receipts lies in alleged testimony that was taken before the referee in the Upperman contest, but the referee has not yet made his report, so that any interpretation of the testimony taken before him must be unofficial.

The method of the machine in bringing the charge before the referee has reported to the court is, therefore, patent, for, as the referee has not yet made a report, the Citizens party is unable to attack the referee's findings in court if they should be adverse to the honesty of the Citizens party.

It is alleged at the machine headquarters that the issuing of forged tax receipts is against the law. In the same breath it is asserted that the machine has known of the alleged infraction of the law for some months, and yet no man has been sued for the offense. The machine has a record for going to law when it thinks it can hurt its enemies, and yet it has entered no prosecution in these alleged tax forgeries. Does anyone believe, it is asked at the Citizens headquarters, that the machine would not hasten to enter legal proceedings if it really believed its own charges in this case, and is not the fact that it has not sued the alleged promoters of fraudulent tax-receipting a proof that the charges are pure buncombe?

What the Folders Contain.

The folders contain copies, printed in colors, of four alleged fraudulent receipts. These receipts it is charged, were issued from the Citizens headquarters to T. M. Watson, J. W. Rainor, A. L. Urian and Adam Ludwigski. They are numbered, and it is charged that in the three first cases the corresponding numbers, genuine tax receipts, were issued to Charles Bast, Samuel Silverman and John F. Elliot, while Ludwigski, suspecting that his receipt was fraudulent, took it to the court house, learned that it was bogus, paid his taxes and received a genuine receipt instead.

At the Citizens headquarters it is said that the machine "expose" bears the earmarks of proof of the charges made for years, that the machine possesses plates from which bogus tax receipts are issued. It was asserted in the Municipal league campaign of 1896, and also in the last municipal election, that the machine issued bogus tax receipts, and it is believed that the fraudulent receipts printed on the machine folder were really issued by the machine itself, and that it is now alleging as the Citizens party's misdeeds what was its own infraction of the law.

REDUCED PRICES ON CORRUGATED IRON

Manufacturers Met Here Yesterday and Declared a Cut of 7½ Per Cent.

Organized manufacturers of corrugated conductors, fittings and eve troughs to the number of 40 were represented in a meeting at the Hotel Duquesne yesterday, which voted to put into effect at once a horizontal price reduction of 7½ per cent. The home offices of all members of the association were notified by telegraph last night of the action taken.

The move is regarded as exceptional at a time when most other organizations of like character are either making price advances or holding minimum prices nominally, while their market is paying them premiums.

The reduction is made possible by the recent reduction of $5 a ton on sheets by the American Sheet Steel Company. There is also said to be some trade expediency in the move, from the fact that there is a contingent of manufacturers in the spout and eve trough line independent of this organization. The association has existed for about six years and has been regulating prices, not arbitrarily, but by executive committee recommendation.

While this organization is in the main an institution like that of many other lines of manufacture, which provides for co-operation on many features of the business, it is organized as the Pipe Machine and Manufacturing Company under the laws of New Jersey, with capital stock of $120,000. The officers of the company are: G. T. C. Clark of Peoria, Ill., president; G. T. Needham of Cleveland, vice president, and B. P. Obdyke, secretary.

THE FIRE BUREAU IS NEXT IN TURN

YELLOW BOOK COMMITTEE WILL INVESTIGATE.

Lexowers Have Power to Examine Entire Public Safety Department.

The yellow book committee now has power to extend its investigations into every bureau of the department of public safety. This authority was given by the joint committee of public safety at a meeting yesterday afternoon. The resolution was presented by President Charles S. Crawford of common council and was adopted by almost an unanimous vote, James W. Platt being the only member who voted against the resolution. The other machine members on the committee voted for the resolution.

The yellow book committee has not met since June. Under the original resolution the committee was empowered only to go into the matter of forced contributions in the bureau of police. The committee went thoroughly into the matter and collected indisputable evidence that members of the police bureau were compelled to contribute toward meeting the expenses of the Republican county executive committee.

Nearly Cost Leslie's Head.

As a result of the investigation the resolution was presented in the public safety committee asking that Recorder J. C. Brown dismiss Director A. H. Leslie and appoint in his stead some more competent man. The committee took this action on the ground that Director Leslie was guilty of violating the new city charter by refusing to go on the witness stand before the committee. The public safety committee refused to adopt the resolution.

It is the intention of Chairman Lamb of the yellow book committee to call a meeting of the committee in the near future and begin the investigation of the workings of the yellow book in the bureau of fire, with regard to which many complaints have been made to the members of the committee and the Citizens leaders in council. After the fire bureau has been ventilated attention will be paid to other bureaus of the department.

Autos Must Go Slow.

The ordinance limiting the speed of automobiles to six miles an hour in the downtown district and 10 miles an hour in the other parts of the city was affirmatively recommended. The penalty for each violation of the ordinance is $25. Mr. Lamb tried to have it amended to read 20 miles an hour in the outlying districts, but failed. The committee notified Director Leslie that it expected the ordinance to be enforced to the letter when it is passed.

The resolution authorizing Director Leslie to employ a resident physician for the municipal hospital at a salary of $125 a month was recommended.

An ordinance creating a board of fire escapes and providing for the equipping of buildings with fire escapes was recommended. This board is to consist of the director of public safety, the chief and assistant engineers of the bureau of fire.

ADMIRAL CASEY A PEACEMAKER

FIRM GRIP ON RAILROAD

Explanation of Refusal to Allow Colombian Government to Use It—Gunboat Padilla Preparing for a Battle at Sea.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Panama, Colombia, Oct. 10.—A conference between the government representatives and Rear Admiral Casey took place Wednesday. The admiral subsequently said the object of the conference was to see if the government and the revolutionists could come to some amicable settlement or arrange the basis for such an agreement. He had only heard one side of the question. He considered, however, that the terms offered in President Marroquin's amnesty were liberal.

His only idea was to end the strife, which he considered unpatriotic.

Admiral Casey is studying the terms which the government offered, and in a day or two will send a communication to Gen. Herrera, the revolutionary commander, expressing his views of the situation, and will propose that the general hold a conference with Gen. Salazar, the government commander.

Regarding his refusal to allow the Columbian government to transport troops on the railroad, the admiral said the United States had taken this action in order to maintain free transit.

It is admitted that Admiral Casey will not allow Gen. Herrera to bombard Panama, and it is asserted that, if the revolutionary gunboat Padilla comes within a limit assigned by the American admiral the latter will sink her.

Admiral Casey received last Saturday Gen. Herrera's answer to Commander McLean's communication, notifying the general that the United States had assumed control of the railroad line, but he would not divulge the contents of the letter, a copy of which he sent to Washington. According to report Gen. Herrera's note is in very strong and offensive language.

SAN FRANCISCO, Oct. 10.—Officers of the steamer Acapulco, which has arrived from southern ports, state that they saw the Padilla about 20 miles below Punta Arenas, Costa Rica, apparently lying in wait for the steamer Poas, which was some time ago purchased from Costa Rica by the Colombian government for use as a warship.

WASHINGTON, Oct. 10.—The Colombian government, on complaint of Gen. Salazar, has remonstrated with the United States minister at Bogota respecting Admiral Casey's refusal to allow troops and munitions of war to cross the isthmus. The Colombian government said it did not see how it could suppress the rebellion if it were not allowed to move troops freely in its own territory. The Colombian government has been assured that the United States government has no intention of trenching on Colombian sovereignty. Admiral Casey was informed what he had done was still approved, but reminded that he must avoid any infringment of Colombian sovereignty unless he was positively obliged to do so to protect the railroad.

PATROL WAGON WRECKED.

Wilkinsburg Car and No. 3 Wagon Collide in Penn Avenue.

Patrol wagon No. 3 of the Lawrenceville district, was wrecked last night at Penn avenue and Twenty-sixth street, and two officers injured, by a collision with car No. 3,043 of the East Wilkinsburg branch of the Pittsburgh Railways Company. The wagon was just starting out to answer a call, and while crossing the tracks on Penn avenue was struck by the car.

Driver C. M. Forbes was thrown from his seat and received a number of painful bruises about the head, and Wagonman Michael Bigay was thrown from his seat on the rear of the wagon, and besides sustaining bruises about the hip and leg, had one of his ankles sprained. Both officers will be compelled to remain off duty for a few days, owing to the accident. The lamps on the wagon were smashed, the railing on the wagon's side badly bent and a front wheel crushed.

"I DO NOT KNOW I HAVE NERVES,"

Says Mrs. Bertsel of Brooklyn.

Pe-ru-na Refreshes, Invigorates, Recuperates.

Like a Charm, So the Fair Sex Speak of the Action of Pe-ru-na.

Catarrhal Diseases the Bane of American Women.

"Health and Beauty," Dr. Hartman's Latest Free Book.

DR. Hartman receives many letters from suffering women who have been cured of some catarrhal derangement by the use of Peruna. The following letter speaks for itself:

The Peruna Medicine Co., Columbus, O.

"Gentlemen:—My health was excellent until about six months ago when I seemed to have a collapse from over-doing socially and the doctor ordered an entire change of scene and climate. As this was an absolute impossibility at this time, I had to try and regain my health in another way and was induced by a friend who gave Peruna such a good recommend to try Peruna. I cannot tell you the condition of my nerves when I began to use it. The least noise irritated me and I felt life was not worth living, but Peruna soon changed me into a well woman and now I do not know I have nerves."—Louise Bertsel, 19½ Second street, Brooklyn, N. Y.

It is very easy indeed for the doctor to order patients a change of scene and climate. Such an order is very easily given and is often a very appropriate remedy.

Indeed, it would be a good thing if all people suffering from nervousness could travel and recuperate their nerves by change of climate and scene, but not one case in five hundred can do this. Most people are tied at home by duties or possibly cannot afford to make the desired change.

It is very easy, therefore, for the doctor to order this change, but sometimes very difficult or even impossible for the patient to carry out.

Peruna Invigorates.

In all such cases Peruna is a godsend. Peruna comes to those who are unable to afford the expensive luxuries of change of scene and climate. Peruna comes to such people with refreshment, recuperation and a renewal of vigor and spirits.

Nervous Women.

No nervous woman ought to neglect to give Peruna a fair trial. It is almost absolutely certain to help her, and in some cases the relief is magical.

Margaret Reimer, 21 Cedare Terrace, Hot Springs, Ark., writes: "I was very much run down about a year ago and all medical treatment failed to bring the required relief and toning my system needed. I was advised to try Peruna which I did only when everything else failed. One bottle really made an entirely different woman of me and four bottles toned up the system anad restored me to perfect health. I shall always speak in the highest praise of Peruna and cheerfully recommend it to any and all in need of a tonic. With the very best wishes for your success."—Margaret Reimer.

Mrs. Margaret Little, 47 Hoyt street, Brooklyn, N. Y., writes:

"I have been troubled with constipation and indigestion for over a year, my complexion was ruined and I was nervous and losing flesh every day. The doctors advised that I go to a sanitarium but a number of people advised me to try Peruna before going to that expense and I did so. I found that the first bottle regulated my bowels, cleared my complexion, and by the time I had taken six bottles my stomach and digestion was in perfect working order and has remained so ever since.

"As this was very much cheaper than going to a sanitarium, I have every reason to be grateful."—Margaret Little.

Mrs. Mary A. Engelhard, 2835 Madison street, St. Louis, Mo., writes:

"I had been a hard worker all my life, and very often I need a tonic. Nothing does me so much good as Peruna. It acts like a charm, and I feel like a new woman. I do all my own work and a lot of other work besides. I will give Peruna all the credit."—Mrs. Mary A. Engelhard.

Miss Mamie Powell, Lake Charles, Louisiana, writes: "I sincerely believe that Peruna is woman's best friend, for it has certainly been that to me. I had had headaches, backaches and other aches every month for a long time, but shortly after I began taking Peruna this was a thing of the past and I have good reason to be grateful. I take a bottle every spring and fall now, and that keeps my health perfect and I certainly am more robust now than I have been before and am weighing more. I do not think anyone will be disappointed in the results obtained from the use of Peruna."—Miss Mamie Powell.

Pe-ru-na Cannot Be Imitated.

There is no use trying to imitate Peruna. It has been tried many times by men skilled in pharmacy and chemistry but they have always failed. The imitators of Peruna don't fool anyone who has ever taken Peruna or who has ever witnessed the good results of Peruna.

Peruna acts so promptly, its benefits are so lasting, and it is so sure to reach catarrh wherever located in the body, that no imitations of Peruna can succeed.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

OHIO JUDGE DECLARES TRUST CONTRACT VOID

Holds That Agreement With Selling Agency Cannot Be Enforced.

AKRON, O., Oct. 10.—Common Pleas Judge J. A. Kohler today aimed a blow at trusts in passing upon a suit for money, instituted several years ago by McCuaslan Brothers against Alfred Akers and others, as the successors of the Akron Brick and Tile association, which was a selling agency of local brick and tile manufacturers.

The attorneys of the defendants asked that the case be taken from the jury on the ground that the contract on which the suit was brought was illegal and that the association was illegal, being against sound public policy.

Judge Kohler held with the defendants and dismissed the case. He held that a contract made with a trust is null and void so far as the courts are concerned and that the terms of such a contract cannot be enforced.

Johnson, followed by a piano solo by Hilda Hoffman. Addresses were made by Samuel Andrews, superintendent of city schools; Dr. R. H. Holbrook, director of the South Side High school; the Rev. Dr. S. A. Hunter, and W. Diefel, secretary of the school board.

To Repeal Widening Act.

Chairman R. H. Douglas of the joint committee on public works of Pittsburgh councils, yesterday appointed J. C. Wasson, P. J. Barry and Joseph Walls a committee to consult with City Solicitor Thomas D. Carnahan, with reference to the ordinance for the repeal of the ordinance for the opening and widening of Diamond alley. The committee will meet Mr. Carnahan today at 11 o'clock.

Fairbanks Busy With the Wood Saw.

MILWAUKEE, WIS., Oct. 10.—(Special.)—When asked tonight if he had been introduced to an Ohio audience recently as a presidential possibility, Senator Fairbanks of Indiana replied he did not remember the incident. On the question whether he would be for Roosevelt in 1904, he declined to commit himself. He also declined to discuss the action of Roosevelt in relation to the coal strike.

Fooled Pickpockets and Himself.

WASHINGTON, D. C., Oct. 10.—(Special.)—When John O'Rourke, a veteran from Potter county, Pa., came to the grand encampment, his friends warned him to beware of pickpockets. He hid his wallet containing $25, in a clump of vines in Capitol park. When he hunted for it today he could not find it. He kept his railroad ticket in his pocket and went home moneyless.

W. B. Leeds Not Well.

CHICAGO, Oct. 10.—(Special.)—News came from the east today of the severe illness of W. B. Leeds, president of the Rock Island. It is announced that Mr. Leeds is a very sick man and will have to take a long rest before he will be able to get back into the harness. Upon the urgent advice of physicians, the Rock Island president has gone to Hot Springs, Va.

B. & O. IMPROVEMENTS WILL COST $500,000

New Castle Property Optioned for Addional Yard Tracks.

NEW CASTLE, PA., Oct. 10.—Malcom McConnell, an attorney of this city and a member of the legislature, today gave out an authoritative statement that the Baltimore & Ohio had decided upon improvements of its terminal facilities here which will cost $500,000. For several days past options have been quietly secured on Moravia street properties, supposedly in the interest of the Pittsburgh & Western or the Buffalo, Rochester & Pittsburgh roads. Today, McConnell says, he has secured them all for the Baltimore & Ohio. The properties optioned extend fully a quarter of a mile along Moravia street, one of the important streets of the industrial part of the city, and the land is estimated to be worth $100,000, exclusive of the buildings upon it. These are to be torn down to make room for the additional yard tracks.

This improvement embraces the erection of car and locomotive repair shops at New Castle Junction.

Women Elect Officers.

HUNTINGTON, W. Va., Oct. 10.—(Special.)—The United Daughters of the Confederacy of West Virginia today selected Parkersburg as the meeting point next year. The following are the officers elected: Mrs. Virginia F. McSherry, Martinsburg, president; Mrs. L. G. Buffington, Huntington, first vice president; Mrs. E. C. McClure, Parkersburg, second vice president; Mrs. Mabel P. Anderson, Charleston, recording secretary; Mrs. Georgette Snyder, Leetown, corresponding secretary; Miss Lulu E. Burke, Huntington, treasurer; and Miss Mary C. Stribling, Martinsburg, historian.

Two Injured in Trolley Wreck.

MT. PLEASANT, PA., Oct. 10.—(Special.)—A Pittsburgh, McKeesport & Connellsville street car jumped the track near Bridgeport this evening and two men were injured. Dr. J. W. Sheafer of this place had his shoulder blade broken and was hurt about the head and body. He will recover. Motorman Harry Vanesberg's leg was sprained and he was badly bruised about the head. There were 17 passengers on the car, which was going around a sharp curve when the accident occurred.

Steel Mill to Resume.

NEW CASTLE, PA., Oct. 10.—(Special.)—Notices were posted this afternoon at the Shenango Valley steel plant that the works will resume operations the coming Monday. The plant employs 1,000 men, and was forced to close down several days ago on account of the shortage in coal and coke. The Atlantic rolling mill of the Republic Iron & Steel Company, which was also forced to stop for the same reason, has resumed.

STATE AND NEIGHBORHOOD.

JOHNSTOWN, PA.—A trolley car killed John, aged 4, son of Frank E. Kelley, a hotelkeeper here.

AKRON, O.—The Ohio synod of the Reformed church selected Dayton as the place of the meeting in 1903.

MT. PLEASANT, PA.—James Smith, a miner employed at the Alice mines, was instantly killed by falling coal.

ASHTABULA, O.—The Pittsburgh Steamship Company has donated $300 toward the erection of the new general hospital in this city.

ALLIANCE, PA.—Spencer Crumrine, aged 55, a teamster, fell into an elevator shaft at G. B. Craven's warehouse and was instantly killed.

WASHINGTON, PA.—The Washington and Jefferson college authorities have started the erection of a large chemical laboratory for the institution.

SHARON, PA.—The Rev. G. P. Donehoo has withdrawn his resignation as pastor of the First Presbyterian church here. He was asked to reconsider his action.

CLARKSBURG, W. VA.—Jay Reefer of this place sold 1,000 acres of coal land to N. T. Arnold of Ridgeway, Pa. The coal is on the proposed Wabash railroad and the consideration was $35,000.

WILLIAMSPORT, PA.—H. A. Whittaker of Binghamton, N. Y., traveling salesman, committed suicide at the Hotel Updegraff here by drinking carbolic acid. Unrequited love is said to be the cause.

MONONGAHELA, PA.—The Graham foundry and machine plant was destroyed by fire. The loss will amount to $12,500. Adjacent buildings were damaged, causing additional losses of about $1,000.

NEW CASTLE, PA.—J. G. Moore was perhaps fatally injured in a runaway down the Highland avenue hill. The wheels of the vehicle caught in the street car tracks and Moore was thrown out.

PARKERSBURG, W. VA.—The West Virginia commission to the St. Louis world's fair invited plans for a $20,000 building. No appropriation has been made, but $50,000 will be asked of the next legislature.

YOUNGSTOWN, O.—The Youngstown Sheet and Tube Company will have its own coke and coal supply. Options have been secured on coal land in West Virginia, and coke ovens will be erected there at once.

FIFTY ARMED MEN HUNTING FOR A NEGRO

Attempted Assault Upon a Little Girl Arouses Indignation.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLARKSBURG, W. VA., Oct. 10.—Excitement prevails at Matewan, on the Norfolk & Western railroad, over the attempted assault of Martha Hall, an 11-year-old white girl, by Johnson Reed, a negro. The little girl went into a field to drive in the cows. While going through the thicket the negro grabbed the child, rushed into the woods, trying hard to stop her screams.

A boy heard her cries and rushed to the scene, when the negro carried the girl farther into the woods, where she was dropped. The alarm quickly spread and in an hour 50 men, armed with rifles, were in pursuit. Being well acquainted with the country Reed was able to make his escape.

The hunt is still going on tonight.

SCHOOL TEACHER PROSECUTED.

Young Woman Charged With Cruelty to a Boy Pupil.

BELLEVERNON, PA., Oct. 10.—(Special.)—John W. Ashley, a 10-year-old son of Naomi Ashley, was chastised by his school teacher, Miss Ada Smith, who was before Justice J. T. Roley tonight on a charge of cruelty. The charge was preferred by Humane Agent E. H. Nichols, at the instigation of Hugh Chalfant, a member of the Washington township school board.

Witnesses said the lad was black and blue. Justice Roley reserved his decision until Monday.

WILL NOT SEIZE MINES.

Gov. Stone Denies Report, but Has No Plan to Settle Strike.

HARRISBURG, PA., Oct. 10.—(Special.)—Gov. Stone said tonight that there is no foundation for the report that he has threatened, or intends threatening, the coal trust to seize the hard coal mines of the state and operate them in behalf of the people, or will call upon the legislature to take such action.

The governor is closely guarding his plans to settle the strike, if he has any.

Altoona to Have Vice Crusade.

ALTOONA, PA., Oct. 10.—(Special.)—The editor is announced that it is the intention of Mayor S. M. Hoyer of this city, and his police force, to inaugurate a general crusade, commencing next Monday night, against every unlawfully conducted place here. All the gambling rooms, speakeasies and disorderly houses are to be closed.

Hunting Runaway Boys.

NEW CASTLE, PA., Oct. 10.—(Special.)—The police are trying to find Frederick Clark and Michael McGraw, Pittsburgh boys who ran away from home several days ago. Clark is 13 years old and McGraw 14.

MRS. AND MISS TAYLOR PARDONED FROM PRISON

Alleged Cincinnati Kidnapers Are Released by Gov. Nash.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

COLUMBUS, O., Oct. 10.—Gov. Nash today pardoned Mrs. F. L. Taylor and daughter, the alleged Cincinnati kidnapers. In doing so he gave out the following statement:

"This action is taken: First, because I doubt whether the applicant aided and abetted in the abduction of the child, Margaret Taylor; second, because the father and mother in a letter dated June 9, 1902, after the restoration of the child, join in asking for the pardon."

The governor also gave out a letter from Clara Taylor, dated Genoa, Italy, in which she affirms that her mother and sister were innocent. The letter of the child's parents asking the pardon was also made public.

To Present Their New Scale.

The butchers and meat cutters of the two cities will meet in Moorhead hall Sunday night, to complete arrangements for presenting to their employers on Monday a new wage scale, providing an average advance of about 25 cents a day. Homer D. Call of Syracuse, N. Y., secretary of the national organization, will attend the meeting. The carriage drivers, who were recently organized by the same general organizer of the American Federation of Labor, will also meet on Sunday to consider working conditions and wages.

Holding Out for More.

T. H. Dolan of Pittsburgh, president of the Allied Printing Trades council, was at Connellsville yesterday, conducting a wage conference between representatives of the International Typographical union No. 221 and their employers. The publishers offered a wage rate of 25 cents an hour, which is an advance on the present pay. The union is holding out for 25 cents, and demand this before 5 o'clock next Monday evening.

FOURTEEN PAGES.

Vice President Wilcox of the Delaware & Hudson Railroad Company, acting in behalf of all the anthracite mine operators, has appealed to President Roosevelt to proceed against the United Mine Workers under the Sherman anti-trust law. The arguments by which Mr. Wilcox tries to show that the miners' union comes under the anti-trust law do not seem well founded. He asserts that "the mine workers' combination does not merely restrain interstate commerce, but absolutely destroys it," but where is the proof of that? The miners are associated to regulate their own action, and not to interfere with interstate commerce. They have refused to sell their labor, except upon certain conditions, which the mine operators do not accept, and so far the operators have been unable to find men enough to work the mines at the terms offered. The restraint upon interstate commerce, which has taken place, is the immediate result of the policy of the mine operators, not of the mine workers, who, if their terms are accepted, would flock into the mines. The only way in which a case could be made out against the union would be by showing that it was unlawfully obstructing men willing to work on the terms offered by the companies, but this the union disavows. The whole argument has a boomerang effect, for it directs attention to the restraint of interstate commerce by a conspiracy of mine operators to subject production to such conditions as they think it right to impose. The request of the Delaware & Hudson Company "that proper action be taken under the aforesaid statutes" might well be granted. In fact, proceedings of the kind are now pending which may enlighten Mr. Wilcox before they are concluded.

The mine operators have gotten themselves into a position which they cannot maintain, and from which they find it hard to climb down. President Baer's original claim of divine right to rule the conditions of anthracite production has made him a laughing stock. Every sensible man will admit that the miners have as much right to organize and act under unified direction as the mine operators, and the miners have as much right to put the management of their interests under the general direction of Mr. Mitchell, living in Illinois, as the operators have to put the management of their interests under the general direction of Mr. Morgan, living in New York. The mine operators seem away behind the times in their comprehension of their rights and duties, and their consequent inability to appreciate the facts of the situation has led to the present deadlock. How to get them out of it is probably the most perplexing question with which the peace conferences in New York have to deal. If they would be willing to deal direct with the miners' organization a settlement would soon be reached, as the miners are really carrying on the strike more for a recognition of their organization than anything else; but after having flatly turned down the president of the United States on that proposition, it is impossible for them to give way now without loss of dignity. There seems nothing for it but that they will have to eat humble pie.

Meanwhile there is a good deal of clap-trap put forth about the wretched condition of the miners under "the iron heel of trust power," as the Post puts the case, this with the rhetorical unction which it affects. As a matter of fact, anybody who visits the mining towns with the expectation of finding scenes of misery and squalor will be greatly disappointed. Mr. James E. Archibald, special correspondent of Collier's Weekly, writes to his paper that "the mining region has the most prosperous appearance of any working settlement I was ever in. I have visited the mining and manufacturing districts of Europe and they can in no way compare with the evident financial prosperity that prevails in Pennsylvania." Mr. Archibald tells of his surprise in finding that "the anthracite mining section is as clean as a farming country," and he says that "the men on the street are as clean as the men on Broadway." He says that "inquiry at the banks shows that hundreds of these families have deposited to their credit sums ranging from $50 to $5,000, and that there are few cases where the miners' families have not saved some money."

All observers agree that there has been a great deal of lawlessness. There seems to have been a deviltry on the part of gangs of anarchists, who find in the strike congenial opportunities for perpetrating cowardly outrages, such as dynamiting dwellings, or waylaying solitary workingmen and beating them to death. The leaders of the miners' organization know that such acts injure their cause and strikers have been posted as pickets in some sections with instructions to help to maintain order. A curious feature of the situation is that two entire companies of the Eighth regiment, on duty in the disturbed districts, are composed of strikers from Mahanoy City, St. Clair and Pine Grove. Mr. Archibald says of them: "The officers, as well as the men, are miners, and up to the present time they have proved to be perfectly loyal to the work imposed upon them. In fact, most of them say that they are only waiting for a chance to show a mob what they think of the idea of destroying the very property that brings them their livelihood. They are in a unique position: they are strikers, and as such are losing their pay as miners, but as soldiers they have been drawing their pay during the entire period of the strike."

The Democratic plan of ending such conflicts is to remove tariff protection and depress business activity, so that there will be nothing left to dispute about. That is indeed one cure for strikes. When men are kept on the hustle to earn a bare subsistence they are too busy to strike, and if they do strike too many are rushing for the jobs to give the strike any chance of success, even although justified by intolerable impositions and exactions. There may be some ground for Democratic expectations that they can get political advantage out of the labor troubles. The Homestead strike certainly helped to elect Cleveland, giving efficacy to a Democratic party policy which brought in such hard times that workingmen were far more concerned about getting work at all than upon the terms on which they got it. A quarrel over the stakes may be carried so far as to upset the table, lose all the money and end the game. It does not look, however, that this folly will be perpetrated now. The workingmen of the country have been taught by bitter experience that it is not safe to trust the Democratic party, and they will not make that mistake again. They are also fully aware that the only party that has ever done anything practical in the past or proposes anything practical for the future in regulating industrial conditions for the protection of all interests is the Republican party.

PATTISON'S EVASIVE DENIAL.

Ex-Gov. Pattison entered a lengthy denial the other day to the editorial statement of The Gazette that he had been "appealed to in behalf of the miners and declined to take any action" to prevent the anthracite combination under the lead of the bankrupt Reading railroad. To the correspondent of the Post he admitted that he did not immediately take action upon the petition of Mr. A. J. Cassatt. Mr. Pattison cited proceedings begun a good while after he had replied to Mr. Cassatt, which were allowed to drag along until the expiration of his term of office.

Now comes the Post with this assertion: "The Gazette charge was that he (Gov. Pattison) had done absolutely nothing." The Gazette never made any such charge. Owing to its habit of misrepresentation the Post cannot carry on a controversy fairly, so that we should not notice its statements, except for the attention given to the matter by Gov. Pattison. The Gazette's remark was an incidental reference to a suggestion offered by Attorney W. J. Brennen, and the following is what it did say and is all that it did say:

> Among the many suggestions for bringing the anthracite miners' strike to an end is one by Attorney W. J. Brennen, that Attorney General Elkin should proceed against the coal-carrying railroads under the provisions of Article xvii., section 5, of the state constitution. Mr. Brennen is known locally as an active politician, which gives rise to the suspicion that he may be trying to give the matter a turn for partisan effect. If so, he will find it a boomerang. The anthracite combination was formed during Mr. Pattison's second administration as governor, the Reading railroad, then in the hands of receivers, being the active spirit in the organization. Mr. Pattison was appealed to in behalf of the miners and declined to take any action. The strongest protest was made by Mr. A. J. Cassatt, now president of the Pennsylvania railroad. He cited the same provision of the constitution that Mr. Brennen has referred to, and presented maps showing the territory covered. Gov. Pattison's reply was: "I have no complaint, and have no knowledge of such a combination."

The appeal in behalf of the miners was made by T. V. Powderly before the correspondence with Mr. Cassatt. Mr. Pattison admits that he did not take action until a considerable time afterward. The Gazette did not say Pattison had taken no action subsequently, only that he had declined to do so upon the appeal in behalf of the miners and also upon the representation of Mr. Cassatt. The Post, after misstating the charge, misstates the facts in these words: "Thus it is shown that Gov. Pattison acted promptly and energetically in every way open to him to smash the coal combines." He certainly did not act promptly. He ignored the first appeal and made a negative reply to Mr. Cassatt. As to the energy displayed it may appear from the fact that his message to the legislature, reciting the history of the case, was read January 3, 1893, and the legal proceedings were still pending at the end of Pattison's administration in January, 1894. Gov. Pattison's apology and the Post's misrepresentations serve to draw attention to the fact that he was a great beginner of proceedings of the sort, but he never accomplished anything by them. He promises much and performs little.

We do not blame Gov. Pattison for failing to break the anthracite coal combination. There is really no legal way of preventing people from acting in concert about any matter of business if that is their settled policy. As for the clauses of the state constitution prohibiting any common carrier from engaging in coal mining, either directly or indirectly, they are utterly inadequate to disturb the coal combination. The companies concerned avoid the prohibition and do not violate it in any way that can be reached by legal proceedings. The Philadelphia & Reading Railway Company, which is a common carrier, does not mine any coal. That business is carried on by the Philadelphia & Reading Coal and Iron Company, which is not a common carrier. Where then is there any violation of the constitution? It does not follow, because both corporations are under common ownership that the common carrier is indirectly carrying on the business of coal mining. The true statement of the case is that the same parties own both a railroad company and a coal mining company, and there is no constitutional prohibition of that.

The case is a good illustration of what we believe to be the main reason for Democratic party unfitness for public responsibility—its readiness to practice upon ignorance and credulity, and its habit of raising false expectations. The impression which the position taken by Gov. Pattison and the Post is calculated to produce is that all would be well if state officials would do their duty faithfully and see to it that the provisions of the state constitution are enforced, and that so far as Gov. Pattison could go during his term of office, he did enforce the state constitution, and if nothing came of the proceeding it is the fault of his Republican successors. This is altogether false and misleading, and it abuses public confidence by directing attention in a wrong direction. Any expectation of relief in that way is certain to be disappointed and those who trust to such assurances will find themselves cheated. The provisions of the state constitution cannot reach evils attending the existence of such a combination as that which controls production in the anthracite region, and comprehension of that fact is the first step toward finding a right course of reaching those evils.

Whatever may be said of the shortcomings or defects of Republican administration, it does possess a practical spirit. Republican anti-trust legislation has been so effective that the trusts have been wiped out of existence. Although the name is still retained in popular use, and applied to the monster corporations which have succeeded the trusts, it is now a misnomer. It is true that the same problem has come up again in a new form, but the Republican party, under the lead of President Roosevelt, has set about dealing with that, too, in a practical way, and it will eventually work out the problem. Meanwhile the Democratic party has nothing to offer but insincere rhetoric, which may fool voters, but will never disturb the so-called trusts. If the trusts could be brought to terms by pumping hot air against them, the Democratic party would be all right, but the victories of the people are not won by words, but by performance.

THE BUSINESS SITUATION.

All that has been said recently of the volume of trade and the prosperity of general business is confirmed by the commercial and other reports that have come to hand this week. Foremost among these was the quarterly report of the United States Steel Corporation. It showed total profits for the past three months of $36,800,000, exceeding the best quarter last year by $7,000,000. The figures may be taken as a criterion of the condition of the entire iron and steel industry, and they are fortified by the monthly blast furnace report, showing a weekly output of 344,040 tons, as compared with 307,982 tons for the corresponding period last year. Despite the unprecedented activity of domestic manufacturers and the large additions made to the productive capacity of the country, imports of iron and steel are larger than last year, showing that the consumption of the country is greater than the production.

Supplementing the industrial reports are the statements of earnings by railroads in widely separated sections of the country. In the northwest the Northern Pacific reports an increase for September of $587,000. In the southeast the Southern Railway shows an increase of more than $500,000 for the month, while in the middle west the Illinois Central increased $177,000. Fifty roads for the last week in September report an average net increase in gross earnings of more than 13 per cent. Even in the southwest the active distribution of commodities is revealed in increased earnings. The only section showing important losses, both in railroad traffic and manufacturing, is that affected by the anthracite coal strike. Here business has not only fallen off, but the personal suffering and inconvenience of the public dependent upon an adequate fuel supply steadily grows. The situation may be better appreciated when it is stated that the Pittsburgh district is furnishing bituminous coal and coke to eastern consumers at prices ranging from 200 to 400 per cent above the normal level. No one can calculate the ultimate consequences of such a violent disturbance of the market for fuel.

The government crop report, published this morning, carries out the promise for a bountiful yield of corn. The average condition, as of October 1, is placed at 79.6, which is slightly below the September estimate, but is above the October average for the past 10 years. The condition of oats is placed at 84.5, as compared with a 10-year average of 26.8.

It is the knowledge that this great corn crop will require a large amount of money to move to the market that governs eastern bankers in their action in curtailing accommodation to stock market operators. The rate for call money to stock exchange borrowers during the past week ranged from 4 to 20 per cent, with an average of between 10 and 12 per cent. The banks are still shipping currency to the interior, and the government is still drawing money into its vaults through the continued excess of revenues over expenditures. Foreign bank rates are above the level usually quoted at this season, and a heavy contraction in loans occurred this week in both the Bank of England and Bank of France, evidently with the purpose of maintaining a firm market abroad—a condition which would have the effect of postponing gold shipments to the United States. The outlook for the money market, therefore, is for continued firm rates, not because of any apprehension over the situation, but because of the active demands of trade.

ONE AMENDMENT NEEDED.

The unanimous vote in the committee on corporations for an affirmative report to councils on the Baltimore & Ohio ordinances does not necessarily mean they will pass just as they are. It will be an easy matter to amend on the floor of councils to secure an adequate rental for the property at Smithfield, Water and Grant streets. With that amendment prompt adoption of the ordinances will be commendable. They provide for improvements that will benefit the city, as well as the railroad company, and are, therefore, desirable. But the compensation offered is ridiculously small and ought not to be accepted.

The Pittsburgh Gazette in endeavoring to give a "political twist" to the labor troubles, says that Gov. Pattison went beyond Gov. Stone in an excess of zeal. That is hardly worth arguing.—The Pittsburgh Post.

Just so. It is not worth while arguing with one who makes his points by misrepresenting his opponent's position, and hence we can't discuss matters with the Post. We never said that Gov. Pattison went beyond Gov. Stone in an excess of zeal. Both did right and it is reprehensible on the part of any newspaper to attempt to twist to partisan advantage acts performed in discharge of plain official duty.

Our Democratic and unfair neighbor, the Post, has not recently adverted to the relations of the Pittsburgh machine to Pattison's state campaigns. If it only could utter a candid opinion upon politics its views about the "Muddy Water party," supporting Pattison, might be of some real interest. The worst element of the Pittsburgh machine has always supported Pattison and Pattison never did anything to interfere with the Pittsburgh machine grabs.

Judge Pennypacker introduced a real state issue in his speech yesterday, namely good roads. Something has been done in that direction by the Republican party and Judge Pennypacker exhibits full knowledge of the requirements by advocating further progress under the direction of a competent civil engineer. There is a world of difference between the practical suggestions of Judge Pennypacker and the vague promises of Pattison, based upon slanders against the commonwealth.

Pretty nearly the perfection of baseball was the game between the Pittsburgh champions and the All-American stars at Cleveland yesterday. The result proves that Pittsburgh has had during the season the strongest club that was ever got together, though the league contest might have been more interesting if the Pirates had been weaker.

Labor in Pennsylvania is prosperous and dignified as compared with labor in the Democratic states of Georgia and Alabama. If one wants to see squalor and misery it can be found in the one-room cabins of the southland, though the Democratic calumniators of Pennsylvania ignore the fact.

Gov. Odell knows how to talk to a man who assumes that the efforts of governors of states, senators in congress and the president of the United States to settle the coal strike is "interference by the politicians." His reply to President Baer of the Reading was none too sharp for the occasion.

Now the Pittsburgh machine is charging the Citizens party with the issue of bogus tax receipts, printed from a counterfeit plate. It is a good many years since the story of counterfeit plates first appeared, but it was the machine that had them then.

Mr. Wilcox is nearly in a class with President Baer of the Reading as a comedian. Baer first averred his trusteeship for Providence and then threatened to resign it if he could not have his own way.

At least the weather was highly favorable until the soldier boys got their tents up and equipage bestowed.

NEW YORK CITIZENS ANXIOUS TO VOTE

Heavy Personal Registration on the First Day—Odell Strong Favorite in Betting.

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, Oct. 10.

Registration has been going on busily all day. This is the first of the four days on which voters can register, and the rush to the various places where the lists are open has been very large. The issues of the year are regarded as quite as important as those of the average presidential year, and, judging by the number of names received today, the vote will be heavier than it has been for a state election for many years. The feelings of the people have been so worked up by the coal strike, by the police inefficiency of New York city and by other conditions, that it is anticipated there will be a battle royal at the polls. It is not thought there will be a landslide either for one side or the other, because the followers of each party blame the other for anything that seems to need reform. There will be a big vote, but no one regarding the situation dispassionately expects to see the Democrats gain anything. Betting on Odell for governor continues to be two to one, and the Republican power in the state is expected to be as great the day after election as it is now. The actual business of registration is going on in an orderly manner. John McCullagh, state superintendent of elections, is busy, of course. He always is at such times, and he is keeping such a close watch on registration places, personally, as well as by his deputies, that there is not likely to be any attempts at illegal registration. He wrote to Commissioner Partridge, asking him for police assistance in enforcing the election laws, but the police have had little to do today. Men that have presented themselves have been recognized as entitled to receive the authorization to cast ballots, and the police have not had any more important duty than keeping them in lines to prevent disorder. It is believed that at least 200,000 names will be entered for Greater New York at the end of this, the first day's registration. The voice of the people will be heard enmasse on election day, from all indications.

The Tiger Begins to Whine.

The smoothness with which registration has been conducted today has alarmed Tammany. Charles F. Murphy, the present leader of the organization, raised a howl this evening well worthy of the forest-bred beast that is put forward by Tammany as its type. Murphy declares that the Republican managers have been guilty of illegal practices at registration places, and, to clinch it, he insists that the superintendent of elections himself, John McCullagh, is one of the worst offenders. The truth is that Tammany sees sure defeat in the approaching election and is ready to howl with pain before the casting of the vote next month gives it a fatal jolt. The shrieks of "fraud" by Murphy and his men are not taken seriously, even in the wigwam.

Absence of Coal Causes Shivering.

There is nothing new in the coal situation in its important aspect. That is to say, the coal famine continues and people are doing without fuel or using oil and gas. The failure of the conference to arrive at any conclusion was a great disappointment, although no one had great hopes that anything definite would be done. The postponement of further deliberations until Tuesday next has sent a chill of apprehension over the community for, with the weather quite sharp at night, and none too warm in the morning, there is a feeling that relief of some sort should be provided at once. The police are watching coal yards and are keeping their collective eyes on the people in the tenement districts, because it is there, if anywhere, that a riot is likely to break out.

Even the Brokers Are Frosty.

As was expected, there was a general slump in the stock market today when it was learned that there was no probability of an early settlement of the coal strike. Things were gloomy in Wall street this afternoon, and this sad feeling is reflected in the hotel corridors tonight. The stock exchange practically goes uptown every evening, and one need not study the record of sales in the newspapers to know the course of the market if one will only join any of the groups of men of affairs in the lobby of the Waldorf-Astoria, the Imperial, the Holland or any othe popular evening rendezvous.

Depew Has a New Coat.

Senator Depew stepped lightly along Forty-second street this morning, swinging a cane—not walking with it—and smiling benignly on the world at large. He wore a long-tailed cutaway coat that was a "wonder." As I heard a Yale man remark to a companion, while a narrow-brimmed derby crowned his bald head and set off the snowy whiteness of the famous muttonchop whiskers. The senator had just come from his office in the Grand Central station and was democratically speeding along to take a bite of luncheon in one of the old-fashioned taverns in the neighborhood. This is his custom, it is said, and from the businesslike way he was making his way down the crowded thoroughfare, I dare say it is.

Costly as Well as Fatal.

The most expensive wreck the New York Central railroad ever had was the smash-up in the Park avenue tunnel last January. The company already has paid out $200,000 in damages to persons injured, and that is not all of it. The probability is that most of the remaining damage suits will be settled out of court, as have several of those heretofore disposed of.

Waiting for the Prince of Siam.

The crown prince of Siam is due in New York. President Roosevelt has ordered the government dispatch boat Dolphin to go down the bay to meet the Fuerst Bismarck. He will be quartered in the state apartments at the Waldorf-Astoria formerly occupied by Prince Henry of Prussia, but will go to Washington almost immediately to meet the president. The court of Siam stickles for etiquette and the prince would not think of behaving in the off-hand manner of the Grand Duke Boris, which caused so much comment a few weeks ago.

Murder Sensation Waning.

It was intended to hold a hearing today in the case of William Hooper Young, charged with the killing of Mrs. Pulitzer in a Manhattan flat and throwing her body into the Hackensack river a week or two ago. The coroner has not finished his inquest, however, and the hearing has been put off until next Friday. Young is in the Tombs and is very quiet. It is said that his father has not expressed any further intention of helping his son financially in his present dilemma, and perhaps only the one lawyer he has had from the beginning, Hart, will appear in his defense when the case is called. Very little interest is manifested in it by the public, although at the time of the discovery of the woman's body it was one of the biggest sensations of the day. New York soon forgets.

Took Her Back, Because—

One of those dainty bits of gossip that float up and down Broadway nearly every day concerns Frederick V. Bowers and his former wife, whose name was associated with that of George M. Pullman, one of the rackety "Pullman twins." She and Bowers are said to have remarried. Bowers is a well-known writer, one of his most popular productions being the ballad "Because." Mrs. Bowers was Blanche Barrett, daughter of a wealthy Milwaukee family, and the couple were first married in 1897. They were divorced through young Pullman and the wife has been in Europe. Now she is on Broadway again.

His Thoughts to Himself.

Senators Quay and Penrose left New York for home this evening. They seemed disappointed over the failure of the conference to settle the coal strike, but they would not talk about it. Every Pittsburgher who knows Senator Quay can understand that he is not likely to say much about a thing still in abeyance. He is expected to be in Beaver tomorrow, but that is only inference, for he has not said where he is going, except that he is returning to Pennsylvania.

Fuel in Looks Only.

In a store uptown there is exhibited a substitute for coal which is called "gas fuel." Examination reveals it as nothing more or less than the firebrick familiar to Pittsburghers as filling for natural gas grates. In the "gas fuel" the brick is molded into what looks like doughnuts, so that it can be handled conveniently, but it is only the old-fashioned firebrick, after all. So anxious is everyone about the coal famine, however, that the demand for "gas fuel" is large enough to satisfy the ingenious vendors that they have hit on a profitable idea. Coal is so scarce that few people expect to get it at all now, and any kind of substitute is sure of a ready and large sale.

Coal Sales to the Poor.

Here is slight relief. The first of the stations for the sale of coal to the poor at 15 cents a pailful was opened this morning. It is under the Brooklyn bridge in Water street, where a long line of people were, with bags and pails and baskets, all day. Not more than 90 cents' worth of coal would be sold to any one person. There were 200 tons of coal at the beginning, but very little of it is left tonight. As usual, there were persons there trying to make illegitimate profit. Half a dozen Italian dealers in a small way were discovered among the customers, but they were thrown out so suddenly that they must feel jarred this evening. They evidently intended to buy coal at 15 cents and sell it for about 30. Several other stations for this semi-charity will be opened in a few days, as fast as coal can be brought to them. The coal dealers who dispense it do it free of cost to the city and purely as a matter of charity.

Hard to Keep at His Fireside.

It is difficult to keep that lively young rascal, Uncle Russell Sage, quietly at home on the plea that he is sick. He says he is not and that he ought to be at his office every day. Mrs. Sage had trouble to prevent his coming into town today, but at last it was settled that he should lay off until Monday. But he will be down in Wall street bright and early on that morning, if he knows himself. His physician is quoted as saying that Mr. Sage has quite recovered.

Morgan Has Time for Bric-a-Brac.

When J. P. Morgan strolled into the custom house this morning and had a talk with Collector Stranahan, New York jumped to the conclusion that Mr. Morgan's business was connected with coal. But it wasn't. At least so said Collector Stranahan, who ought to know. He remarked casually that Mr. Morgan had imported some terra cotta objects from Greek tombs, which he is anxious to get through the appraiser's hands as quickly as possible, because they are fragile, and Mr. Morgan would like to get them into the country intact. Now Gen. Di Cesnola is wondering what Mr. Morgan will do with the things when he does get them through. The general is curator of the Metropolitan Museum of Art and Mr. Morgan's contributions to that institution are greater probably than those of any other one man.

Jail Breaking Frustrated.

Members of the under world evidently believe that the jail in Long Island City is what, in their own vernacular, they would call a bluff. There have been three attempts at wholesale jail delivery there in a week. The last one to date was this morning. Someone saw a rope of blankets hanging from a window and told the keeper. He found all his prisoners snoring in their cells, but one of the cells was fixed ready for the inmates' departure. It had been an easy job. The fellows had loosened the stone holding the bars with an ordinary dinner knife and were only waiting the proper moment. They had arranged their blanket-rope, and if it had not been for the sharp eyes of the man that warned the keeper there would have been 20 or 30 rascals of various degrees roaming the adjacent country. It looks as if they need a new jail or a new keeper over in Queens county, otherwise Long Island City.

Hummel Has a Hot Defense.

Rose, the actor, who shot his wife Daisy, was today indicted for murder in the first degree. He will plead on Monday. He has "Abe" Hummel as his counsel and it is anticipated that there will be a sensational fight for Rose's life. Hummel has made some pretty strong insinuations against other persons indirectly connected with the matter and scandal mongers are looking for a treat.

Left His Profits Exposed.

In the desk of a captain of police of this city who died lately there was found, after his demise, cash and securities to the amount of $50,000. The public administrator has the money, waiting to see who is entitled to it. There may be a sensational suit among the heirs and alleged heirs, for they are quarreling over it already.

The "Divine Right" of Coal Miners.

President Baer's letter, to which there has been much reference lately, was written in response to W. F. Clark of Wilkesbarre, Pa., who under date of August 16 appealed to President Baer on religious grounds to end the strike. Mr. Baer replied as follows:

"My Dear Mr. Clark: I have your letter of the 16th inst.

"I do not know who you are. I see that you are a religious man, but you are evidently biased in favor of the right of the workingman to control a business which he has no other interest than to secure fair wages for the work he does.

"I beg of you not to be discouraged. The rights and interest of the laboring man will be protected and cared for—not by the labor agitators, but by the Christian men to whom God in His infinite wisdom has given the control of the property interests of the country, and upon the successful management of which so much depends. Do not be discouraged. Pray earnestly that right may triumph, always remembering that the Lord God omnipotent still reigns, and that His reign is one of law an dorder, and not of violence and crime. Yours truly,

"GEORGE F. BAER, President."

THE DEATH ROLL.

James Horrocks.

James Horrocks, 71 years old, for many years a business man of both Pittsburgh and Allegheny, died yesterday morning at his home, No. 1309 Beaver avenue, Allegheny. He was a native of Staleybridge, England, and came to the United States in 1854. He first located at Cincinnati, where he had charge of a cotton mill. Two years later he came to Pittsburg to assume management of the old Hope cotton mills. For a number of years Mr. Horrocks was a member of the grocery firm of Welsh Bros., but later embarked in the wholesale notion business and for over 25 years had stores in Market street, Pittsburgh, and in East Ohio street, Allegheny. He was

a Scottish Rite Mason and a member of Western Star lodge, I. O. O. F. He was a resident of the Fifth ward, Allegheny, for 36 years, and served as a member of the ward school board for six years. He was a member of the Second Presbyterian church, and is survived by his wife, Mrs. Isabella Welsh Horrocks, two daughters, Mrs. H. C. Lowe and Miss Alice Horrocks, and one son, W. J. Horrocks; two brothers, John Horrocks of Millvale; Christ Horrocks of Wilmerding, and one sister, Mrs. William G. Welsh of Youngstown, O.

Henry W. Fanker, Jr.

Henry W. Fanker, Jr., son of Henry W. Fanker, a retired merchant of Braddock, died yesterday at the summer residence of the family near Harmony. The young man had been suffering from lung trouble for three or four years. Until the present summer, he had had charge of the extensive farm of his father near Harmony. The deceased was born in Braddock, and was in his 26th year. He was a member of the Trinity Lutheran church, of which, until a short time ago, his brother-in-law, the Rev. F. A. Trabert, was pastor. The body will be brought to Braddock today, and the funeral services will be held on Monday.

John Lanigan.

John Lanigan, a telegraph operator widely known on the Pittsburg division of the Baltimore & Ohio railroad for the past 12 years, died yesterday at the Homeopathic hospital from pneumonia. He was ill for two weeks. He was born in Alpsville, Pa., about 29 years ago, and was for several years operator for the Baltimore & Ohio railroad at that point. He made his home for a number of years at the residence of his sister, Mrs. George McDermott, of East Pittsburg. He was a member of the Alpsville Roman Catholic church and the body will be taken there for burial.

George Bellman.

George Bellman, 74 years old, died suddenly yesterday morning at his home, No. 104 Clay street, Sharpsburg. He was born in Nuremberg, Germany, and came to the United States in 1848, locating in Etna. Since 1880 he had been a resident of Sharpsburg. Mr. Bellman was a charter member of St. John's German Evangelical Lutheran church, Sharpsburg, and is survived by three sons, Henry J. and George, Jr., of Sharpsburg; John Bellman of Millvale and one daughter, Mrs. J. J. Schomberg, of Etna.

John H. Pascoe.

John H. Pascoe, the Republican candidate for state senator from Lehigh county, died last evening at Allentown, Pa., after two days' illness of inflammation of the kidneys. Mr. Pascoe was 51 years of age. He was a contractor. He was also president of the Blue Ridge Powder Company. He served in the state legislature in 1895-96.

Obituary Notes.

Robert C. Nesh of Connellsville, Pa., a well-known contractor, died at his home last night after a short illness of typhoid fever.

Thomas G. Miller, 45 years old, is dead at his home, No. 100 Courtland street, Hazelwood, of typhoid pneumonia. His wife and five children survive.

Mrs. Mary Hook, 50 years old, died yesterday morning at the home of her daughter, Mrs. Edward Stromberg, No. 39 Coleman street, Greenfield. Mrs. Hook was a resident of Cumberland, Md.

Dr. George Meeks, aged 22, died at New Castle, Pa., yesterday of typhoid fever. He located there two years ago, after graduating from the American School of Osteopathy at Kirksville, Mo. He is survived by his parents, his widow and one brother.

PERSONALS.

Edward Rose, the New York dramatist, spent yesterday in Pittsburgh as the guest of William H. Crane, the actor, at the Hotel Lincoln. Mr. Rose is one of the best known men to the theatrical profession, having dramatized some of the most popular books in recent years. Among his works are the dramatization of "David Harum," "When Knighthood Was in Flower" and "To Have and to Hold." The dramatist's mission in Pittsburgh yesterday was to make arrangements with Mr. Crane for the production of a new drama which he is preparing for next season. The terms proved favorable to both parties and Mr. Crane has agreed to put the piece on next season. Just what work he has in course of perfection Mr. Rose refused to state last night, but said he had the task half finished and when it was presented for the first time in New York he thought it would make as good an impression as any of his other works.

"California fruit dealers are making a determined effort to introduce western fruits all through the eastern and northern states," said W. C. Armends, one of the largest California fruit growers, at the Monongahela house last night. Mr. Armends has been on a business trip through Maine, New Hampshire and Vermont and stopped off in Pittsburgh yesterday en route to his home in Los Angeles. "The Greek and Italian fruit stands throughout this country are really the distributing agents for our western fruits. These little stands are unheard of in the extremely northern states, and that is just what we growers are trying to introduce."

John W. Hare, station agent of the Pennsylvania railroad at Braddock for the past seven years and one of the best known railroad men on this end of the Pittsburgh division, was taken to Mercy hospital yesterday afternoon, suffering with what physicians fear is locomotor ataxia. Mr. Hare was injured two years ago while aiding in the work about the station. Hare until his removal to Braddock had been connected with the office of Robert Pitcairn for 20 years.

Travel on all the railroads leading into Pittsburgh last night was the heaviest since the summer excursions. All the stations were crowded with passengers and nearly every train coming into the city last night was from 30 minutes to two hours late. The heaviest travel came from Washington, where the G. A. R. encampment has been held during the week.

H. M. Hallsworth, a British tourist of Grimsby, England, arrived in Pittsburgh yesterday and is stopping at the Hotel Lincoln.

BULGER'S PLUNGE INTO POLITICS

He Acquired a Certain Degree of Fame in Welcoming Bryan.

The man nominated at Saratoga as the Democratic candidate for lieutenant-governor of New York sprang suddenly into fame, but full panoplied as a statesman, in the presidential campaign two years ago, says the Washington Times. When the train which bore the Hon. William Jennings Bryan leisurely through the swamps and mosquito swarms of New Jersey reached New York, Bulger, long, angular, and eager, stood upon the border of the Empire state to welcome the distinguished traveler. "Hurrah for the next president of the United States!" yelled Bulger, as, fighting his way through the crowd that surged madly around the train, he clambered on the rear platform, where stood the Peerless bowing gratefully his acknowledgment.

"Mr. Bryan," Bulger shouted excitedly, "I welcome you to the Empire State and the union in the name of the reunited Democracy."

Then, turning to the scrambling, pushing, squirming crowd below, Bulger almost split his throat wide open, screaming: "Three times three cheers for the next president of the United States—Hip-hip-hurrah!"

The crowd did as it was ordered, and a mighty shout rent the air. Then Bulger tried to make a speech. Here it was that he fell down. "Bryan!" "Bryan!" demanded the mob. But Bulger was firm. "Shut up, old long legs!" impatiently and impiously screeched the crowd. "Who are you, anyway?" came an inquiry, impertinent and trumpet-tongued. "If you will keep quiet I'll tell you who I am," replied the undaunted Bulger. Then he proudly stretched himself to his full height, which must be more than six feet, and proceeded to enlighten the impatient assemblage on the subject of his identity. "I am Judge Bulger of Oswego," he said, "and I am here as the representative of the unterrified Democracy of Oswego to welcome to the heart of the Democracy of New York the next president of the United States."

"G'wan wid yer!" growled a Tammany brave. "That's my job. Nobody never heard of you and your unterrified Democracy of Oswego."

But Bulger, unabashed and unafraid, concluded his speech. Not only that, but he stuck to the Bryan train all through New York. In fact, Bulger could not be lost. Wherever and whenever Bryan appeared upon the rear platform there also was Bulger, and he spoke whenever there was a lapse in the oratory of the tour.

OILED BRICKS FOR FUEL.

So many people called up on the telephone to ask Maurer & Son how to get the porous terra cotta bricks which, when soaked in kerosene, will keep an ordinary coal stove hot for an hour, that the firm had to keep a man at the 'phone all day explaining that while they were willing to help the people out they preferred to sell their bricks by the thousand rather than by the single brick.

Some folks wanted to know if plain bricks wouldn't do. One of the evening papers improved on the firm's statement by telling its readers that any old brick would be good enough. It had to be explained to these inquirers that ordinary bricks were not porous enough to hold enough oil to burn for any length of time.

A florist telephoned in from Tarrytown to ask for a barrel of bricks right away. He said over the 'phone that his greenhouses were full of plants out of which he expected to make his winter's profit, and if a cold snap came his plants would be killed and he would be

GUTHRIE MAKES FOCHT A TARGET

Holds Him as Representative of Republican Reform Ideas.

FIVE COUNTIES VISITED

Nothing New Presented by Candidate for Governor—Guthrie Calls on Muehlbronner to Produce Telegrams on Ripper Bill.

By WALTER J. CHRISTY,
Staff Correspondent.

nbury, Pa., Oct. 10.—The Demo- rushed through five counties to- n search of votes. They began to soon after daylight and did not until almost midnight. The peo- of Perry, Juniata, Snyder, North- erland and Union counties were ealed to by Pattison and Guthrie. s predicted that the result in No- nber will show that their wails fell n deaf ears.

s Northumberland, Snyder and en form Senator B. F. Focht's dis- . Guthrie devoted most of his time ttacking the position of the Republic- enator on ballot reform. He terms t the spokesman of the Republican y on ballot reform. Just where he his authority for this he does not lain. He says that Focht's speech ore the Republican ballot reform com- ee in Philadelphia on Thursday "fully esents the real position of the ma- ine and its adherents in regard to this question." Mr. Guthrie produced no evi- dence to prove this assertion, but the Democrats are not strong on proof.

As usual, Pattison had nothing new to say. He expects his one speech to carry him through the fight. The audi- ences are becoming familiar with it.

A Diversion to the Bill.

The party left here at 2:36 this morn- ing and ran to New Bloomfield, Perry county. The next stop was in Duncan- non, in the same county. There an Ep- worth League convention was broken up to help raise an audience. Mifflintown, Juniata county, was given an extra treat. Thompson Baker, who wears states- n clothes and talks much about a re- European trip, was allowed to make speech.

lins Grove, Snyder county, was vis- late this afternoon for an open air ting. The platform was covered with handsome carpet and one large plush orris chair was placed in the middle the rostrum. It was the intention to have Pattison sit in it, but he balked. Joseph Lesher acted as chairman of this meeting. About six months ago he was read out of the Democratic party in Union county for helping a Republican candidate.

Meetings were held here and in Lewis- burg, Union county, tonight. After Pat- ison and Guthrie had spoken in this city, they were run over to the other town in a special train. The most nota- ble thing about the meeting in Sunbury was the absence of Simon P. Wolver- ton, the leading Democrat of the county, who lives here.

The campaigners went through a por- tion of Congressman Thad. Mahon's dis- trict today. H. I. Huber of Chambers- burg, the Democratic opponent of Ma- hon, was with the party. In some way he has a notion that he can win. The Democrats think that ex-Senator Hum- mell of Snyder, who wanted the Republi- can nomination, will carry his county against Mahon.

Guthrie Hits at Muehlbronner.

Mr. Guthrie today gave out a statement replying to the interview by Senator Muehlbronner of Allegheny, in which he said that the candidate for lieutenant governor was a supporter of the "rip- per." The senator mentioned having re- ceived telegrams from Guthrie. Guthrie says:

"If he has such telegrams let him produce them. If he has not, let him stand as the self-convicted libeller he is. The rest of the interview, referring to alleged private interviews, rests en- tirely on his uncorrroborated word and is unworthy of notice. My relations to this measure were approved by the citi- zens of Pittsburgh by a majority of over 5,000 in the largest vote ever polled in that city, and it is not necessary for me to defend myself from attacks such as this."

The fourth week of the campaign will close with a meeting at York tomorrow night. Gettysburg will be visited in the afternoon.

HORSE SHOW WILL BE BRILLIANT EVENT

Lovers of Fine Horses and Society Representatives Will Be Out in Force Today.

Weather conditions permitting, Pitts- burgh's horse show will be held this af- ternoon, beginning at 1 p. m. Present indications are that it will be a brilliant social function. Preparations were com- pleted to have the event last Saturday, but heavy rains spoiled the plans and caused a postponement for a week. The affair is given by the directors of the Country club, in Beechwood boulevard, and the exhibits are by members of the club only. The membership of the club includes a large proportion of Pitts- burghis horsemen, the club itself being something of a mecca for those who go in for riding and fine driving. The club is, therefore, in a splendid position to give a horse show and for those who love the horse this afternoon promises much to please and delight.

The affair is an open air one and will be held in a ring, facetiously called "Madison square," especially made for the occasion. It is just below the club- house and is reached by a driveway. There is ample parking space about the ring from which those in ttendance can view the show from drags and traps. Seven classes will be shown. As the Pittsburgh Hunt club is an adjunct of the club and has the largest stable of qualified hunters of any similar club in the country, some splendid exhibitions of timber-topping may be looked for in the classes for hunters. The class for ponies will give the younger element a chance and many embryo horsemen in Pittsburgh are anxiously awaiting the afternoon when their favorites will make bids for Blue ribbons. In this class there is a large entry.

Some very aristocratic ones will make their appearance in the pair of harness horses class, as well as in the single horse to runabout and tandem classes. Naturally every one will be interested in the ladies' hunters class. Pittsburgh is noted for its roadsters and some of the best ones will be shown in this class. The prizes will be ribbons—blue, red, white and yellow, representing a first, a second, a third or a fourth respectively. With the boulevard and driveways lead- ing to the club thronged with vehicles of fashion this afternoon, and the enter- tainment to be furnished in the clubhouse and on the lawn, the season's gayest and most spirited event will have its day.

HIGHER PAY PROBABLE.

Trainmen and Conductors Expect no Clash on Wages With the Western Railroads.

CHICAGO, Oct. 10.—(Special.)—There is little prospect of a strike on the Illinois Central, the Rock Island or any of the western lines, according to those who have kept close watch of the plans of the railroad trainmen and the conductors for an increase of pay. The fact that the Burlington has met the schedule of the Northwestern, which was taken as the standard, is taken as evidence that terms will be made with the other roads without the necessity of resorting to a strike.

Trainmen here say the management of nearly all the western roads admit that on account of the increased cost of living, the men are entitled to more pay. Both Grand Master Morrissey and Grand Chief Clark decry the stories of a probable strike.

HAS NEW PROCESS FOR STEEL POLES

COMPANY WILL MANUFACTURE SHIP MASTS.

Charter Secured Already; Will Build Plant at Once—New Laundry for Wilkinsburg.

A departure is to be made in the steel industry of Pittsburgh by a concern which will manufacture from sheet steel, poles for all purposes, from the smallest required to the tallest massive shipmasts. Heavy sheet steel will be rolled into a trough-like shape and these strips welded together throughout their length with the concave side out will provide a pole, which it is said, will be much stronger than the ordinary steel or iron pole.

The United States Sheet Steel Com- pany has been formed by Pittsburghers to take up the enterprise. Options have been secured at several points in the Pittsburgh district for a site. The ques- tion of location will be decided within a few days and then the company will at once erect its plant, the initial ex- penditure on which will be $150,000. This will be enlarged later.

The board of directors of the company consists of F. Reissner, formerly of the Pittsburgh Stove and Range Company, J. Harris Boyd, associated with the same company, and Attorney M. J. Dain, the solicitor of the company. At a meeting, to be held within a few days, the list of directors will be increased by repre- sentatives of other interests of the com- pany. A charter has been secured un- der the laws of New Jersey through the Pittsburgh office of the New Jersey Cor- poration Guarantee & Trust Company.

Besides providing a greater strength, it is stated that the poles which will be manufactured under patents recently se- cured, can be produced at a third the cost of iron and steel poles as now pro- duced. To produce a pole of great length a new system of banding sections to- gether is said to provide against any les- sening in the strength of the pole. Trol- ley line poles will be one of the most important lines of manufacture.

Another Pittsburgh concern, which has secured a New Jersey charter through Paul W. Miller of the New Jersey com- pany, is the Prudential Laundry Com- pany, which with a capital of $50,000, will start a new laundry in Wilkinsburg. Ground will soon be broken for the laun- dry building. The directors of this com- pany are R. M. MacKenzie, president of the Prudential Trust Company of East Liberty, who has been elected president of the laundry company; S. C. Johnston of Allegheny, and James L. Klingen- smith of Pittsburgh. Other officers and directors are to be named at a meeting to be held soon.

MASSACHUSETTS REBELLION.

Will Be the Subject of West End University Extension Lecture.

"Samuel Adams and the Massachusetts Rebellion" is the subject of the lecture on Tuesday evening, October 14, in the Thaddeus Stevens school hall, Main street, West End, by Prof. Edwin E. Sparks, of the University of Chicago.

The West End center of the University Extension Lecture course was organized during the present fall, and its patrons and patronesses are the people of Ingram, Crafton, Idlewood, Thornburg, Carnegie and other towns of the Chartiers valley, and the West End.

Rails Stacked in Yards.

On account of the recent heavy produc- tion of steel rails at the Edgar Thomson steel works, the Baltimore & Ohio and the Pennsylvania railroads, are unable to handle the output. As a result thousands of tons of steel rails are being stacked in the mill yards. The rails will remain there until the railroads can arrange to handle them.

Pittsburgh & Lake Erie Is Rapidly Extending Block Signal System

Col. J. M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake Erie, went over the Monongahela and Youghiogheny divisions yesterday with engineers of the company to make final arrangements for an extension of the automatic block signal system.

The material for the signal plants will arrive on Monday. The blocks will be placed at a uniform distance of 2,000 feet between Pittsburgh and McKeesport and 4,000 feet apart at points beyond. The company expects to have the project com- pleted not later than February 1.

On the main line, from Pittsburgh to Youngstown, the block signals have prac- tically been completed. There remains but a short stretch between Hazleton and Youngstown, which the officials say will be ready for use by December 1. Between Lowellville and Haaleton the new signals were put into use yesterday. The sys- tem is similar to that used on the Penn- sylvania, but differs slightly in having a number of modern improvements.

In connection with the inauguration of the signal system between Lowellville and Youngstown the Lake Erie yesterday put into service additional tracks, giving the main line practically three tracks from New Castle Junction to Lowellville. Between Pittsburgh and New Castle three tracks are now in use, while for the greater part of the distance the fourth track has been completed. The company expects to have the fourth track extended to New Castle by January 1.

RESTRAINING ORDERS ISSUED BY THE PENNSY

Embargo Put on Produce, Small Freight and Iron and Steel Till October 15.

It is understood that the Pennsylvania company has again issued orders re- straining the shipment of produce and other small freight to Pittsburgh on ac- count of the crowded condition of the local yards. The agents along the lines west of Pittsburgh have been notified that until October 15 the local produce yards will not be in shape to receive any more consignments.

The same is true of scrap iron and iron and steel products. According to report, shipments of this character from the Mahoning and Shenango valleys particu- lary cannot be received in the local yards. All consignments started in this direction must be for eastern points.

This rule has been in effect for the past week. While the freight congestion is causing little or no trouble at pres- ent, the officials aim to prevent an over- crowding of the local yards and will re- ceive as little freight as possible until the present shipments have been deliv- ered. The company advises particularly that shippers of potatoes and apples with- hold their consignments to Pittsburgh until the local yards have been cleared of freight now on hand.

B. & O. IMPROVEMENTS.

Additional Tracks Will Greatly Increase Pittsburgh's Shipping Facilities.

L. G. Haas, general superintendent of the Pittsburgh division of the Baltimore & Ohio, who has just returned from a trip over the main line east, reports rapid progress on the track work east of Connellsville. On December 1, he says, the four tracks between Connells- ville and Broad Ford will be ready for service, while west of Connellsville con- siderable activity is being shown in the construction of a third track that will eventually extend to Pittsburgh.

It is of particular importance at pres- ent that the Baltimore & Ohio expects to complete the new track east of Con- nellsville, in view of the heavy coal ship- ments to the east. Between Pittsburgh and Versailles a number of long sidings will be completed by November 1 that will materially increase the shipping fa- cilities out of Pittsburgh.

HEAVY WORK ON THE P. & L. E.

The Average Daily Movement at Present Is 6,000 Cars.

Six thousand cars a day is the average movement over the Pittsburgh & Lake Erie at present, a record never equaled by that line. This includes loaded and empty cars and represents more than 100 freight trains. With the new con- solidation engines used by the Lake Erie it is possible to increase the number of cars to a train from 60 to 75, and in some cases to 80, while in handling empty cars it is not uncommon to see 125 in a train.

The officials say that the completion of many improvements on the main line and the service of the new engines prac- tically excludes all danger of a freight congestion this winter.

TOURISTS' RATES EARLY.

Unprecedented Travel Out of Pittsburgh to Winter Resorts Is Predicted.

Announcement was made yesterday that tourist tickets will go on sale on October 15, instead of November 1, as has been the custom. This decision was reached at a recent meeting of the Cen- tral Passenger association rate clerks. Passenger men in Pittsburgh predict an unprecedented travel to winter resorts as indicated by the number of inquiries at the various offices.

It is especially noticeable that the south and southwest will receive a large patronage from Pittsburgh. The fact that reservations have already been made, the passenger men say, indicates heavy travel out of this city.

NEW ROAD FOR ORE.

An Important Project Commenced Yesterday, in Ohio, by the B. & O.

The Baltimore & Ohio yesterday com- menced an important project in connec- tion with the reconstruction of the old Pittsburgh & Western. A force of men began to broaden the narrow gauge line from Youngstown to Niles, O., which will eventually be part of the main line. This is practically the first step towards the completion of the cut-off between Youngs- town and Akron.

When completed the road will be used for ore shipments from Fairport to Niles to relieve the Hazelton yards. It will eventually become a part of the Pitts- burgh-Chicago line.

Railroad Notes.

E. E. Caddes of the Pullman company has returned from an extended tour through the west.

Samuel Moody, assistant general pass- enger agent, Pennsylvania lines, is back from the Grand Army encampment.

The annual convention of the National Association of Superintendents of Bridges and Buildings, will be held in St. Louis, for two days, commencing October 22.

Work was started yesterday by the Pennsylvania company on the reconstruc- tion of the telegraph line along the Cleveland & Pittsburgh division.

It was announced in the general of- fices of the Pittsburgh & Lake Erie yes- terday that on account of unavoidable delays, the Brownsville line will not be ready for operation before April 1, 1903.

ABSORBED LOCAL PLANTS.

Railway Spring Combine Said to Have Acquired New Mill.

The Railway Steel Spring Company, formed in February with capital of $20,- 000,000 by a consolidation of nearly all the railway spring concerns of the coun- try, is reported to have absorbed the Rail- way Spring & Manufacturing Company, which has a new plant in operation at Washington, Pa. The Washington plant started operations in January, its stock issue was $200,000. It is said that the plant will continue operations as before, and that it may be enlarged.

Frank E. Smith, the Pittsburgh mem- ber of the executive committee of the Railway Steel Spring Company, is now in New York, where the company has headquarters. There are no other Pitts- burghers interested in this company with authority to discuss the reported deal, which is said to have been closed a few days ago.

ACTRESS MADE A STAR — BY — HYPNOTISM.

Under the Strange Spell She Carried the Audience by Storm— Famous in a Night.

Doctor John D. Quackenbos, profes- sor in Columbia University, New York, astonished his associates of the Medi- co-Legal Society the other night by telling them how a young actress bounded into fame in a single night under the hypnotic spell. It is the case of a Trilby in real life; not the trick of a charlatan, but a sober, ac- tual accomplishment of latter-day science. The new Trilby is a favorite with theater goers. Her first appear- ance on the stage was made at a New York theater, when, under the hyp- notic spell, she carried the audience by storm; she was called before the curtain again and again—at a bound she was famous. The press of the city united in applauding her splendid work. This is only one of the many marvels of this wonderful power. The American College of Sciences of Phil- adelphia has recently issued a new book by twenty eminent hypnotic spe- cialists, which is being distributed free throughout the country for the purpose of educating and protecting the public. It is one of the most weird and fascinating works ever written. It is richly illustrated with the finest engravings and its vivid descriptions of the practical uses and possibilities of this marvelous mind-power fill one with awe and amazement. Among the many intensely interesting sub- jects treated are: How to hypnotize instantaneously; how to influence a person secretly without his knowl- edge; how to develop Personal Mag- netism and use it in business, society, etc.; power of the human will; how to cure the most obstinate diseases and bad habits by magnetic forces with- out drugs or medicines; how to make people like you; how to win in busi- ness, in society, in love; anyone can develop personal magnetism; rules which will absolutely develop this power within a short time; the trans- mission of thought; the development of soul power; how to make a business man listen to you when he would send anyone else away; how to sell a man goods when he does not want to buy; a legitimate way to double your sal- ary; how to keep people from in- fluencing you; hundreds secretly in- fluenced and controlled in body and mind without their knowledge; how to implant a suggestion or command in a subject's mind that he will carry out a week, month or a year hence, just as the hypnotist may wish; how to hypnotize by mail or by telephone; how to develop within yourself that inward power, that force of character, which instantly gives you a control over people without saying a word or making a single gesture. For the benefit of the public we wish to state that if you will write the American College of Sciences, Dept. 188 J, 420 Walnut street, Philadelphia, Pa., a copy of the above book will be sent to you by mail absolutely free of charge. The college guarantees this offer to be absolutely genuine, with no conditions attached. It is proposed to give away several thousands of copies of the book, so that the public may learn the wonderful secrets of this marvelous but much misunderstood science.

UNION VETERANS SPLIT ASUNDER

Open Division Occurs in Strong Auxiliary of the Grand Army.

BIG DELEGATIONS BOLT

Encampment Decides to Meet in San Francisco — Congress Urged to Treat Old Soldiers More Liberally.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., Oct. 10.—The encampment of the Grand Army of the Republic closed today. San Francisco was chosen as the next place of meeting and the election of officers was completed. Resolutions were adopted by the encampment having in view liberal treatment of veterans in the matter of public office and pensions. The kindred bodies to the parent organization brought their several conventions to a close.

The Union Veterans' union had a decidedly lively day, and the final result was a split in the organization. The first row was over a question of eligibility to membership. A resolution was adopted that let down the bars too much to suit some of the state delegations with a large membership

Union Veteran Union Divided.

Later the friction developed rapidly in consequence of the executive committee, which had been investigating the conduct of Commander-in-chief Dyrenforth, adopting a report recommending his suspension. Gen. Dyrenforth was presiding over the convention when the committee endeavored to report. He refused to recognize it or to surrender his office to the next ranking officer of the order. Turbulent scenes followed, until finally a large element of the organization withdrew, those remaining re-electing Gen. Dyrenforth and the seceders taking steps to form a new union.

The executive committee directed Gen. F. B. Hutchinson of Rochester, N. Y., second deputy commander-in-chief, to assume command of the union. When Dyrenforth refused to yield the New York, Illinois, Ohio, Michigan, Iowa and Pennsylvania delegations walked out of the hall with Hutchinson.

In the Grand Army convention A. W. Atchison of Texas was chosen surgeon general, and the Rev. D. B. Shuey of Kansas chaplain-in-chief. The new officers were installed. Commander-in-Chief Stewart reappointed Quartermaster-General Charles Burrows of New Jersey.

Aid for the Confederates.

The encampment adopted a resolution indorsing the position taken by Commander-in-Chief Torrance in his recent address calling for assistance from members of the Grand Army for the Home for Confederate Soldiers at Mountain Creek, Ala., and urging on the veterans generally the adoption of an attitude of brotherly kindness toward their foes of the Civil war.

The report of the committee on legislation was devoted especially to the efforts to secure a modification of the civil service laws in the interest of veterans, which it was stated congress had failed to concede. The committee find that the president is in hearty sympathy with the effort to secure a broader recognition of the claims of the soldiers, and "in marked contrast to the attitude of congress." The new commander-in-chief was directed to appoint a committee to urge congress to pass a bill for the preferment of veterans in appointments to office, and to appeal to the president for such preferment.

Another Question on the Gray.

Considerable time was devoted to a proposition to eliminate from the regulations the provisions against the admission to auxiliary bodies of those who have borne arms against the Union. The suggestion was made by some of the southern delegates, who advocated the organization of a citizens' corps in connection with the Grand Army. No action was taken. There was also some ineffectual discussion of a resolution condemning the movement to change the army service uniform from blue to gray.

The Sons of Veterans elected the following officers: Commander-in-chief, Frank Martin, Indianapolis; senior vice commander, Frank B. Wilson, San Francisco; junior vice commander, James B. Adams, Atlantic City; council-in-chief, Dan B. F. Goulding, Massachusetts; E. F. Buck, Illinois; Walter E. Smith, Pennsylvania.

The following national officers have been elected by the Women's Relief corps: Mrs. Lodusky J. Taylor, Minnesota, president; Mrs. Geraldine Frisby, California, senior vice president; Mrs. Mary M. North, Maryland, junior vice president; Mrs. Sarah C. Phillips, New York, treasurer; Mrs. Jennie Day, Connecticut, chaplain.

The following officers were elected by the Women's Veteran Relief association: Mrs. Annie R. Cannehill, Akron, O., president; Mrs. Sarah E. Beach, Washington, D. C., senior vice president; Mrs. Alma Ferguson, Chicago, junior vice president; Mrs. Beckie Young, Iowa, chaplain; Mrs. Christie Hickey, Iowa, conductress. Mrs. Cannehill was the first president of the order, and is known as "the mother of the union."

TWO NEW YORK MEN HIS ACCOMPLICES

Paul Woodward Said to Have Made Confession Regarding Murder of Two Boys.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CAMDEN, N. J., Oct. 10.—The police authorities stated today that Paul Woodward, the negro boy charged with the murder of Walter Jennings and John Coffin, has confessed to complicity in the crime. The two boys were found dead last week in the woods near Haddonfield. Mrs. Woodward, mother of the accused young man, and William and Charles May, boarders at her house, were arrested today as witnesses.

Woodward denies participation in the murder of the boys, but admits having been a party to a conspiracy to rob Jennings. He mentioned two men, supposedly residents of New York, who had conspired with him to rob Jennings of $800 which the boy was to have stolen from his father. Woodward says he left both boys with these men near the scene of the alleged murder and returned to Camden.

The police scout Woodward's story and claim to have sufficient evidence to convict him of the murder.

Carpenters Rapidly Organizing.

The Amalgamated Society of Carpenters is rapidly extending its organization in the Pittsburgh district. Business Agent Thomas Edmons has called a meeting for next Tuesday night at Christian's hall, McKees Rocks, to form a local of the men about that borough.

MEAT PRICES TO DROP, SAYS SECRETARY WILSON.

WASHINGTON, Oct. 10.—(Special.)—Secretary of Agriculture Wilson today renews his prediction that beef will be selling at Christmas time at near the old price.

"Reports from the west," he says, "show that shipments of the first bunches of corn-fed cattle have begun. These shipments will increase every week, and I am confident that prices will be about normal about December 1. Retail prices of meat in Omaha and Kansas City have already dropped materially. Sirloin steaks are selling there at about 15 cents a pound."

CROWD CHEERED ADVANCE GUARD

Won the Sixth Event and His Victory Was Popular.

THE FINISH EXCITING

Odom Had the Mount and Pushed His Horse to the Front in Strong Finish — Three Favorites Winners.

New York, Oct. 10.—Odom landed Advance Guard a winner in the sixth race at Morris park today. The victory of Advance Guard was very popular and the 5,000 spectators gave him a hearty cheer. He was the favorite in the betting and won by a head from Royal. Moor cut out the running to the stretch, where Advance Guard closed strong. Lavator, Titian and Advance Guard were the winning favorites. Summaries:

THE WORTH RACES.

Feature Event Was Won by The Lady With Ease.

CHICAGO, Oct. 10.—The Lady won the feature event of the card today at Worth in an exercise gallop from Eva Rice, the despised outsider at 50 to 1, with La Goleta third, and the old derby winner, Pink Coat, who was favorite, last. The only unsatisfactory feature of the race was the bad start, in which Water Edge was left and the others strung out with none of them but La Goleta and Eva Rice fully in their stride.

Pink Coat was always the favorite. He opened at even money, drifted to 8 to 5 and then pounded back to 3 to 2. The Lady was made second choice at 3 to 1, and was well backed. Summary:

First race, 5½ furlongs—Alymer Bruce, 107, Coburn, 16 to 5, won; Monia, 107, Birkenruth, 7 to 1, second; Nauhaka, 112, Mathews, 11 to 10, third. Time, 1:08 2-5. Applewaert, Courage, Vestia, Annie B. and Gold Bride also ran.

Second race, mile and 70 yards—Leviathan, 104, Birkenruth, 11 to 5, won; Hilowaho, 113, C. Kelly, 7 to 2, second; Count Em Out, 109, Donnelly, 6 to 1, third. Time, 1:48 1-5. Chocolate, Blessed Damozel, Wing Dance, Dodie S., Birdwood, Mame Wastell and Rosie Mac also ran.

Third race, 6 furlongs—Fairbury, 102, C. Kelly, 15 to 1, won; Geyser, 107, Coburn, 12 to 1, second; Orla, 99, Robbins, 2 to 1, third. Time, 1:14. Fake, Delmarch, Silver Fizz, Tillo, Solon and Little Gem also ran. Annu left at the post.

Fourth race, mile—The Lady, 103, Donnelly, 3 to 1, won; Eva Rice, 103, Helgeson, 50 to 1, second; La Goleta, 103, J. Daly, 9 to 1, third. Time, 1:40 4-5. Pink Coat, Chapultepec and Pink Coat also ran. Water Edge left at the post.

Fifth race, 7 furlongs—Prince of Endurance, 98, Trainor, 11 to 2, won; Pericles, 106, T. Dean, 3 to 2, second; Arvensis, 96, Robbins, 15 to 6, third. Time, 1:34. Wimp, Miss Merle, Small Talk, Goody Two Shoes and Impetuous also ran.

Sixth race, 1 1-16 miles—Pirates Queen, 100, Robbins, 12 to 1, won; Rosa, 112, Coburn, 3 to 1, second; Alaska, 111, Birkenruth, 9 to 2, third. Time, 1:48 3-5. Malay, Domadge Harney, Cougar, Ida V., Star Cotton and El Oriente also ran.

Entries for Saturday:

First race, 6 furlongs—Inspector Shea, 115; Woodwink, Corinne Unland, Charlie Thompson, 112, Serpent, Belle of Richland, 110; Jaubert, Stranger, Herodiade, Hargis, Pretorius, 105; Siphon, O'Hagen, Leviathan, Pepper Dick, 102.

CINCINNATI GOLF MATCH POSTPONED

PITTSBURGHERS FAIL TO GET TOGETHER

Today's Program on the Local Courses Embraces Several Interesting Events.

The match gold contest that was to have been played today at Cincinnati between the Pittsburgh Golf club and the Cincinnati Golf club teams has been postponed indefinitely on account of the inability of the Pittsburgh golfers to get a team together.

The only match contest left on the golfers' program today is the competition scheduled for Highland park between the champion Highland team and the Edgeworth six of Sewickley. Nothing but a Highland victory is looked for on the champion home grounds, though Edgeworth is much stronger than when Highland won a one-sided victory at Sewickley in the spring.

On the Country club course, Beechwood boulevard, there will, as usual, be a double bill. The fourth regular contest for the Hotel Schenley cup, 18-holes under handicap, will be decided. This cup must be won three times. The scores will also count for the Wilbur Shenk trophy, which goes to the player making the greatest number of points in six monthly contests. This is the third monthly competition. A handicap golf ball sweepstake will also be played, in conjunction with the other events.

On the Westmoreland course at Logans Ferry the qualifying round for the club championship trophy will be decided. The lowest 16 scores under 18 holes of gross play qualifying for the first round of match play on October 25. The second round will be played October 29, the semi-finals on November 1 and the final 36-hole contest on November 15.

The president's cup, offered by W. S. Dalzell, will be played for on the Edgeworth Golf club course. This cup becomes the property of the player first making seven points. In the first contest W. G. Barlon scored the three points for first, Robert Kester the two for second and J. H. Hill the one point for third place.

On the Allegheny Country club course there will be handicap play for the men members for a cup offered by the club.

An 18-hole handicap match play contest against "bogey" is scheduled for the Schenley park course.

In the 18-hole handicap contest for women on the Country club course yesterday Miss Jane Bennett won the McClurg Hays cup with score of 110 net. Her gross score of 122 lowers the woman's course record by eight strokes. The Hays cup must be won twice for possession. The scores:

	Gross.	H'cap.	Net.
Miss Jane Bennett	122	12	110
Miss Louise Elkins	137	14	123
Miss Fisher	136	12	124
Miss Mary Fownes	127	2	125
Mrs. Chapman	148	10	138
Mrs. G. A. Mueller	163	24	139
Mrs. C. L. Taylor	166	18	148
Mrs. G. W. Porter	179	20	159
Mrs. G. R. Buchan	204	40	164

Nicholas Fish's Estate $500,000.

NEW YORK, Oct. 10.—(Special.)—The will of Nicholas Fish, filed for probate today, bequeathes his entire estate to his wife, Clemence S. B. Fish. Mrs. Fish and the testator's brother-in-law, Sidney Webster, are appointed executors. The estate is said to be worth $500,000.

SICK MADE WELL WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed — The Secret of Long Life of Olden Times Revived.

The Remedy Is Free to All Who Send Name and Address.

After years of patient study and delving into the dusty record of the past, as well as following modern experiments in the realms of medical science, Dr. James W. Kidd, 3405 First National Bank building, Fort Wayne, Ind., makes the startling announcement that he has surely discovered

DR. JAMES WILLIAM KIDD.

the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

IMPAIRED SIGHT

Is all the world going blind? The number of people of both sexes and all ages one sees wearing glasses would naturally give rise to such a question. It is impossible to go into a school room, particularly in the larger towns and cities, without being struck by the fact that a large proportion of the children are wearing glasses. One would think that nature had made a miserable failure of the eyes and had failed utterly to supply organs of sight equal to the requirements of the human race.

That is, of course, a foolish conclusion. Nor is it true that conditions of modern life are too hard for the eyes. The fact is that on the whole they were never better nor even as good as they are now. Why, then, all these weak eyes and all these glasses? Chiefly because as soon as there is any trouble with the eyes the majority of people go and have "glasses fitted" by someone whose sole interest is to sell them glasses. It is an established fact that two-thirds of the people wearing glasses do not need them. The result is not only a waste of money, but usually permanent injury to the eyes as well. The real cause of the trouble not having been removed, the eyes steadily continue to grow worse.

The only safe course is to consult an eye specialist of standing and reputation. In this field of medicine no name in the United States stands higher than the names of Doctors Byers & Tucker. They have concentrated the entire energies of their lives upon the study and treatment of diseases of the eye, ear, nose and throat.

15 YEARS' EXPERIENCE.

They have had the broadest experience possible. For 15 years they have been curing thousands of cases every year. Almost daily difficult cases in their specialties are sent to them by other physicians in general practice, who are conscientious and realize that their patients require the expert care of a specialist.

TAKE WARNING.

What misfortune could be more cruel than the loss of the precious boon of sight? It is well to take alarm at the first sign of danger. If there is inflammation, pain or swelling of the lids, or if there are scabs and scales on the edges of the lids, usually more noticeable in the morning; if the eyelids droop or you are troubled with ingrowing lashes, come to Doctors Byers & Tucker. The trouble in many such cases does not arise from local causes, but from a disordered system. If the eyes are red and watery, the lids puffy, the cornea opaque or milky, prompt action is necessary, as ulcerations will form and you are in great danger of losing your sight. Doctors Byers & Tucker will at once determine and speedily remove the cause of the trouble. They are equally successful in removing tumors of all kinds that grow on the superficial tissue.

CATARACT CURED WITHOUT AN OPERATION.

This disease is unfortunately too common to require any description. To remove cataract by the use of the knife is both a painful and dangerous operation. Doctors Byers & Tucker have discovered a new method whereby the opaque and milky substance can be absorbed almost without pain to the patient. This can be done at any stage of the disease with complete success. Moreover, the patient can continue to perform his ordinary duties while the cure is being effected.

DO YOU LIVE OUT OF TOWN?

If you do, you want to know that instead of wasting time and money with local doctors who cannot have any knowledge of chronic diseases and their cure, you can be cured by our new method of HOME TREATMENT as surely and quickly as if you consulted us in person.

The Champions and All-Americans Played a Remarkable Game

ELEVEN INNINGS WITHOUT A SCORE

Champions and All-Americans Put Up a Grand Struggle.

BATTLE OF THE PITCHERS

...ever and Bernhard Allowed But Four Hits Each—Contest Filled With Fast, Snappy Plays.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cleveland, O., Oct. 10.—The champion Pittsburgh team of the National ...gue came to Cleveland today, and ...th the All-American team played as ...etty an exhibition game as was ever ...itnessed in the Forest City.

Both teams played in their best ...rm, but the team work of the Pirates ...tclassed that of the All-Americans. ...st plays were of common occur...nce. It was a pitchers' battle be...een Bernhard and Leever, and those ...o were in the best of shape.

In the first six innings but 18 Pirates ...me to bat, but in that time three men ...ere able to reach first base. Beaumont ...s the first was safe on Wallace's wide ...throw of a grand one-handed stop, but ...he was forced by Clarke, and the latter ...was thrown out stealing. In the second Wagner, the first man up, singled, stole second and tried to steal third, but Wallace made a wonderful one-handed stop of Sullivan's high throw and touched Wagner as he slid under.

Leever Pitched Grand Ball.

Leever was just as hard to find as Bernhard, and the All-Americans were retired in order the first three innings. In the fourth Hartsel started off with a single, but was doubled up on Jones' attempted sacrifice. Wallace started off with a single in the fifth and stole second, but could get no further. In the sixth, after Leever had struck out, Bernhard and Hartsel, Jones was safe on Wagner's fumble and stole second, but was the nearest he got to home.

At one time during the game the Pittsburghs were able to make two singles, one man getting as far as third. Only once during the hard struggle for supremacy did the All-Americans have a chance to score, and this was in the ninth inning, when Jones was safe on Leach's low throw. Davis neatly sacrificed, and with Lajoie at the bat, everyone was pulling for a single, but the best Larry could do was to send the ball to Wagner. Davis going to third. Rather than let Wallace single, as he had already made two, Leever allowed him to walk, and he went to second without any opposition. Harley struck out, and the chance was gone.

Both teams were held to four hits apiece and all were singles. Leever gave one pass. It was the first time that the National league rules were tried in Cleveland. The crowd at first could not understand the foul rule, and when a foul was called a strike they cried robber at the umpire until they became better acquainted with the play.

Didn't Like Foul Rule.

Even the All-Americans did not like to see a strike called on a long foul to left field or over the right field fence and grandstand. The National league rules will never meet with favor by the American league players or the public. Score:

WOLCOTT QUIT AGAIN.

Two Blows Over the Heart Took Fight Out of Him.

In the fight at Chicago on Thursday night between Joe Walcott and Frank Childs, Walcott quit in the third round and Referee George Siler gave his decision as no contest.

In the two rounds that they fought the colored men put up a fair encounter. Walcott was the aggressor, playing principally for the body, and he had the better of it on clean blows, although nothing effective was done. In the minute of boxing in the third Childs landed twice over Walcott's heart. Some of those at the ringside believe these blows hurt enough to cause Walcott to quit. The majority believe Walcott quit for other reasons.

TIGERS TAKE A BRACE.

The Team Is Ready to Meet Annapolis Eleven Today.

PRINCETON, N. J., Oct. 10.—(Special.)—The Tigers took a decided brace this afternoon in the last line-up before meeting Annapolis on the latter's field tomorrow. The recent poor work of the fine men had brought the coaches to believe that Princeton's chance to beat the Middies would be slim, but if today's work is a criterion they should win their game with ease. Two touchdowns were made and Vetterlein missed an easy goal from the field. Trainer Robinson, with his team and coaches, left for Annapolis this afternoon.

KRAMER KNOCKED OUT.

Pittsburgh Fighter Lasted Only Five Rounds.

CUMBERLAND, MD., Oct. 10.—(Special.)—Christopher Himmler knocked out Charles Kramer of Pittsburgh in the fifth round tonight in what was to have been a 15-round bout. The fight was witnessed by about 3,000 people. Himmler had the best of every round except the fourth, in which Cramer made a good showing.

In the fifth and last, Himmler succeeded in raining blows in Cramer's face, sending him down and out before the round was over.

Wooster Beat Heidelburg.

WOOSTER, O., Oct. 10.—(Special.)—Heidelburg University lost to Wooster 'Varsity today by a score of 17 to 0. Heidelburg outweighed the 'varsity, but the home team played a much superior game. Wooster made all her scores in the second half. The visitors put up a good offensive game, but were weak on the defensive. The feature was Whitcraft's left end for Wooster, 65-yards run for a touchdown.

FIRST GAME FOR THE BIG ELEVEN.

BERRY'S STARS TO MAKE THEIR BOW.

Will Meet Philadelphia Y. M. C. A. Team and Hard Game Is Expected Today.

The Pittsburgh football eleven had light training yesterday for the game with the Philadelphia Railroad Y. M. C. A. eleven this afternoon at Colosseum park, Allegheny. That it will be a hard game is the opinion expressed by Coach Richardson, and he doesn't expect the score to go over six points. The visitors are going to bring about the best team that could be made up from the football talent in Philadelphia, and from his knowledge of several of the members of the visiting team the Pittsburgh coach knows what to expect.

Christy Mathewson has not forgotten how to punt, and in practice yesterday he made punts anywhere from 75 to 90 yards. Mathewson will be in at fullback this afternoon, and if the visitors press the Pittsburgh goal line he will be in a position to punt the oval in the other direction.

Datz Lawlor did not join the team yesterday, but he telegraphed that he would join the team here today. He will likely be used in one of the halves. The probable make-up of the teams follows:

Pittsburgh.	Position.	Y. M. C. A.
Schreontz	L. E.	Byrnes
Lang	L. T.	Forest
McNulty	L. G.	Geiger
Shirring	Center	Harmer
Kerkhoff	R. G.	Compton
McCutcheon	R. T.	Uffenheimer

WESTERN RESERVE TO MEET WASH.-JEFF. TEAM

The College Eleven Will Have Its First Real Test Game Today.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., Oct. 10.—The football season at W. & J. really begins tomorrow, when the strong team of the Western Reserve university, of Cleveland, O., will meet the local eleven on the home grounds. The two games already played with California Normal and Marietta college were considered sure victories for the locals, and attracted little interest, but Western Reserve always gives W. & J. one of the hardest contests of the season.

The local team is in the finest fettle. The players have been hard at work all week, and are in good condition and are playing the game much better than they were last Saturday. Coach Gamble's long-promised shift in the lineup has been made at last, but it has never been worked in public. Much interest is manifested in the newcomer, who takes Sweet from center and places him at left end. Sailer, who has been playing that position, is out with an injured side, but when he is able to again get into the game, he will likely be tried at quarter, although McDonough is doing good work there.

The team had a fast signal practice this afternoon at College park, and tonight at the college building they were given a final word by the coach. The Lafayette game Tuesday and the Princeton game the following Saturday will be big ones, and the Reserve game tomorrow will help on the practice for the next week's games. The teams will play as follows:

W. and J.		Western Reserve.
McDavitt	L. E.	Eyal
Schlueberger	L. T.	O'Brien
McCleary	L. G.	Micklethwaite
Loucks	Center	German
Murphy	R. G.	Dugan
Hayes	R. T.	Vanvoorhos
Sweet	R. E.	Canfield
McDonough	Q. B.	Newcomb
Welty	L. H.	Thomas
McFarland	R. H.	Felton
Burns	F. B.	Jackson

WESTERN PLAYER LEADS.

Auchterlonie Turned in Best Score on First Day.

GARDEN CITY, L. I., Oct. 10.—In the first day of play of the open championship golf competition on the links of the Garden City Golf club, Laurence Auchterlonie, the Chicago professional, stationed at the Glen View Golf club, made the best showing, turning in two cards of 78 each. Stewart Gardner, playing on his home links, was second, with a total of 156. Willie Anderson, the present open champion, was tied with two others at fourth best place.

The weather was clear, cool and bracing, and the course in perfect condition, so that the conditions were altogether favorable for low scoring. No remarkable cards were turned in, however, the lowest being Gardner's 76 in the afternoon play. The lowest score in the first round was 77, made by John Campbell of Boston. Both A. G. Lockwood, the Boston amateur, and David Hunter of Flushing, made 35 on the out play in the afternoon.

THE FIREMEN'S RACES.

The Ridgeway Company Won the Horse Race.

BRADFORD, PA., Oct. 10.—At the Firemen's convention this afternoon the 200-yard hose race, prizes $400, first; $250, second, and $150, third, resulted as follows:

Emerald hose of Ridgway, 29 1-5 seconds; Erie hose of Hornellsville, N. Y., 29 4-5; First Wards, Butler, Pa., 30 seconds; Torrents, Ishaca, N. Y., 30 seconds; Butler, Ithaca, and Ridgway will race Saturday morning for $500 a corner. The Eagle Hose Company of Pittston, Pa., won the prize drill and a purse of $200. Rescues of Curwenaville, Pa., second. Next year's convention will be held in Allentown.

E. E. A. A. vs. Lyceum.

One of the best football games scheduled today is the opening game of the season for the East End Athletic association, to be played with the Lyceum team at Friendship park this afternoon. The contest will be called at 3:30 o'clock, and it promises to be a hard-fought game from start to finish. The line-up of both teams is as follows:

E. E. A. A.	Position.	Lyceum.
Nagle	L. E.	Gillespie
Dog McChesney	L. T.	Doomby or O'Brien
J. Burke or Charles Heh	L. G.	Seaman
Bloom	Center	Edkins or Reilly
Lantz or Hetzel	R. G.	Sweeny
Smucher	R. T.	McKeever
E. Willis	R. E.	Campbell or Clarke
Muhlnimal or T. Wilson	Q. B.	Toomy
J. Willis or Joe Hoh	L. H.	Onnlan
E. Wilson or Wright	R. H.	McInerny
Arch Rowand	F. B.	Brazel

State's Team Will Be Subs.

STATE COLLEGE, PA., Oct. 10.—(Special.)—State will have a team mostly made up of subs to go in the game against Villa Nova tomorrow. In practice today Moserik, half back, had his collar bone broken, and Moses, end sprained the ligament of his knee, and he will be out of the game for weeks. The other cripples are Smith, McIlveen and Junk, while Dean, the fast half back, was called home. Among the new men who are showing up good are Candy at half, and McCleary at end.

Have You Catarrh Taint?—Here's strong evidence of the quickness and surcness of that wonderful remedy, Dr. Agnew's Catarrhal Powder: "For years I was a victim of chronic catarrh—tried many remedies, but no cure was effected until I had procured and used Dr. Agnew's Catarrhal Powder. First application gave me instant relief, and in an incredibly short while I was absolutely cured."—James Headley, Dundee, N. Y.—18.

25,000 Boxes Free!

Rheumatism Cured by a New Remedy of Which any Suffering Reader Can Have a 50-Cent Box Free.

82 Years of Age. Entirely Cured of Rheumatism After Having Suffered 42 Years.

Rheumatism has yielded to a marvelous discovery and today this remedy is offered free to all who suffer. Scarcely a grown person has escaped its twinges and thousands have been so deformed and misshaped that they hardly look like their former selves. If you are such a sufferer, send your name and address to John A. Smith, Milwaukee, Wis., and by return mail you will receive a 50-cent box of Gloria Tonic free. This is the most wonderful remedy ever discovered and has enabled many a cripple to abandon crutch and cane. Mrs. Emma Wallace of 130 Oak st., Vincennes, Ind., writes: "Gloria Tonic saved my life; it cured me after spending over $500 with doctors, who claimed that I was 'incurable'." An old gentleman of Lyon, Mo., 82 years of age, writes: "Gloria Tonic cured me after suffering 42 years." In Denham, Ind., it cured a lady who had been cured 15 of her neighbors. Rev. S. Sund of Harrisville, Wis., testifies that this remarkable remedy cured two members of his congregation, one who had suffered 18, the other 25 years. In St. Louis, Mo., it cured Mr. P. Ferber of the Concordia Publishing house, after doctors, medicines and baths failed. The most elaborate illustrated book ever published on the subject of rheumatism, which will tell you all about your case, mailed free with trial box. No man, woman or child need suffer longer. The 50-cent box proves its power over rheumatism, and is free to all. Address:

The Champions and All-Americans Played a Remarkable Game

ELEVEN INNINGS WITHOUT A SCORE

Champions and All-Americans Put Up a Grand Struggle.

BATTLE OF THE PITCHERS

Leever and Bernhard Allowed But Four Hits Each—Contest Filled With Fast, Snappy Plays.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Cleveland, O., Oct. 10.—The champion Pittsburgh team of the National league came to Cleveland today, and with the All-American team played as pretty an exhibition game as was ever witnessed in the Forest City.

Both teams played in their best form, but the team work of the Pirates outclassed that of the All-Americans. Fast plays were of common occurrence. It was a pitchers' battle between Bernhard and Leever, and those two were in the best of shape.

In the first six innings but 18 Pirates came to bat, but in that time three men were able to reach first base. Beaumont in the first was safe on Wallace's wide throw of a grand one-handed stop, but he was forced by Clarke, and the latter was thrown out stealing. In the second Wagner, the first man up, singled, stole second and tried to steal third, but Wallace made a wonderful one-handed stop of Sullivan's high throw and touched Wagner as he slid under.

Leever Pitched Grand Ball.

Leever was just as hard to find as Bernhard, and the All-Americans were retired in order the first three innings. In the fourth Hartsel started off with a single, but was doubled up on Jones' attempted sacrifice. Wallace started off with a single in the fifth and stole second, but could get no further. In the sixth, after Leever had struck out, Bernhard and Hartsel, Jones was safe on Wagner's fumble and stole second, but that was the nearest he got to home.

At one time during the game the Pittsburghs were able to make two singles, one man getting as far as third. Only once during the hard struggle for supremacy did the All-Americans have a chance to score, and this was in the ninth inning, when Jones was safe on Leach's low throw. Davis neatly sacrificed, and with Lajoie at the bat, everyone was pulling for a single, but the best Larry could do was to send the ball to Wagner. Davis going to third. Rather than let Wallace single, as he had already made two, Leever allowed him to walk, and he went to second without any opposition. Harley struck out, and the chance was gone.

Both teams were held to four hits apiece and all were singles. Leever gave one pass. It was the first time that the National league rules were tried in Cleveland. The crowd at first could not understand the foul rule, and when a foul was called a strike they cried robber at the umpire until they became better acquainted with the play.

Didn't Like Foul Rule.

Even the All-Americans did not like to see a strike called on a long foul to left field or over the right field fence and grandstand. The National league rules will never meet with favor by the American league players or the public. Score:

WOLCOTT QUIT AGAIN.

Two Blows Over the Heart Took Fight Out of Him.

In the fight at Chicago on Thursday night between Joe Walcott and Frank Childs, Walcott quit in the third round and Referee George Siler gave his decision as no contest.

In the two rounds that they fought the colored men put up a fair encounter. Walcott was the aggressor, playing principally for the body, and he had the better of it on clean blows, although nothing effective was done. In the minute of boxing in the third Childs landed twice over Walcott's heart. Some of those at the ringside believe these blows hurt enough to cause Walcott to quit. The majority believe Walcott quit for other reasons.

TIGERS TAKE A BRACE.

The Team Is Ready to Meet Annapolis Eleven Today.

PRINCETON, N. J., Oct. 10.—(Special.)—The Tigers took a decided brace this afternoon in the last line-up before meeting Annapolis on the latters' field tomorrow. The recent poor work of the fine men had brought the coaches to believe that Princeton's chance to beat the Middies would be slim, but if today's work is a criterion they should win their game with ease. Two touchdowns were made and Vetterlein missed an easy goal from the field. Trainer Robinson, with his team and coaches, left for Annapolis this afternoon.

KRAMER KNOCKED OUT.

Pittsburgh Fighter Lasted Only Five Rounds.

CUMBERLAND, MD., Oct. 10.—(Special.)—Christopher Himmler knocked out Charles Kramer of Pittsburgh in the fifth round tonight in what was to have been a 15-round bout. The fight was witnessed by about 3,000 people. Himmler had the best of every round except the fourth, in which Cramer made a good showing.

In the fifth and last, Himmler succeeded in raining blows in Cramer's face, sending him down and out before the round was over.

Wooster Beat Heidelburg.

WOOSTER, O., Oct. 10.—(Special.)—Heidelburg University lost to Wooster 'Varsity today by a score of 17 to 0. Heidelburg outweighed the 'varsity, but the home team played a much superior game. Wooster made all her scores in the second half. The visitors put up a good offensive game, but were weak on the defensive. The feature was Whitcraft, left end for Wooster, 65-yards run for a touchdown.

FIRST GAME FOR THE BIG ELEVEN.

BERRY'S STARS TO MAKE THEIR BOW.

Will Meet Philadelphia Y. M. C. A. Team and Hard Game Is Expected Today.

The Pittsburgh football eleven had light training yesterday for the game with the Philadelphia Railroad Y. M. C. A. eleven this afternoon at Colosseum park, Allegheny. That it will be a hard game is the opinion expressed by Coach Richardson, and he doesn't expect the score to go over six points. The visitors are going to bring about the best team that could be made up from the football talent in Philadelphia, and from his knowledge of several of the members of the visiting team the Pittsburgh coach knows what to expect.

Christy Mathewson has not forgotten how to punt, and in practice yesterday he made punts anywhere from 75 to 90 yards. Mathewson will be in at fullback this afternoon, and if the visitors press the Pittsburgh goal line he will be in a position to punt the oval in the other direction.

Datz Lawlor did not join the team yesterday, but he telegraphed that he would join the team here today. He will likely be used in one of the halves. The probable make-up of the teams follows:

Pittsburgh.	Position.	Y. M. C. A.
Schrontz	L. E.	Hayes
Lang	L. T.	Weest
McNulty	L. G.	Geiger
Shirring	Center	Harriger
Kerkhoff	R. G.	Compton
McCutcheon	R. T.	Uffenheimer
Donohue-Hare	R. E.	McKee
Richardson	Q. B.	Richards
Miller	L. H.	Sims
Crotius	R. H.	Welch
Mathewson	F. B.	Harrison

WESTERN RESERVE TO MEET WASH.-JEFF. TEAM

The College Eleven Will Have Its First Real Test Game Today.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., Oct. 10.—The football season at W. & J. really begins tomorrow, when the strong team of the Western Reserve university, of Cleveland, O., will meet the local eleven on the home grounds. The two games already played with California Normal and Marietta college were considered sure victories for the locals, and attracted little interest, but Western Reserve always gives W. & J. one of the hardest contests of the season.

The local team is in the finest fettle. The players have been hard at work all week, and are in good condition and are playing the game much better than they were last Saturday. Coach Greene's long-promised shift in the lineup has been made at last, but it has never been worked in public. Much interest is manifested in the new order, which takes Sweet from center and places him at left end. Sniter, who has been playing that position, is out with an injured side, but when he is able to again get into the game, he will likely be tried at quarter, although McDonough is doing good work there.

The team had a first signal practice this afternoon at College park, and tonight at the college building they were given a final word by the coach. The Lafayette game Tuesday and the Princeton game the following Saturday will be big ones, and the Reserve game tomorrow will help on the practice for the next week's games. The teams will play as follows:

W. and J.		Western Reserve.
McDavitt	L. E.	Dyal
Heimberger	L. T.	O'Brien
McCleary	L. G.	Micklethwaite
Loucks	Center	Garman
Murphy	R. G.	Hagen
Hayes	R. T.	Vanvoorhes
Sweet	R. E.	Canfield
McDonough	Q. B.	Newcomb
Welty	L. H.	Thomas
McFarland	R. H.	Pelton
Burns	F. B.	Jackson

WESTERN PLAYER LEADS.

Auchterlonie Turned in Best Score on First Day.

GARDEN CITY, L. I., Oct. 10.—In the first day of play of the open championship golf competition on the links of the Garden City Golf club, Laurence Auchterlonie, the Chicago professional, stationed at the Glen View Golf club, made the best showing, turning in two cards of 78 each. Stewart Gardner, playing on his home links, was second, with a total of 158. Willie Anderson, the present open champion, was tied with two others at fourth best place.

The weather was clear, cool and bracing, and the course in perfect condition, so that the conditions were altogether favorable for low scoring. No remarkable cards were turned in, however, the lowest being Gardner's 76 in the afternoon play. The lowest score in the first round was 77, made by John Campbell of Boston. Both A. G. Lockwood, the Boston amateur, and David Hunter of Flushing, made 35 on the out play in the afternoon.

THE FIREMEN'S RACES.

The Ridgeway Company Won the Horse Race.

BRADFORD, PA., Oct. 10.—At the Firemen's convention this afternoon the 200-yard hose race, prizes $400, first; $250, second, and $150, third, resulted as follows:

Emerald hose of Ridgway, 29 1-5 seconds; Erie hose of Hornellsville, N. Y., 29 4-5; First Wards, Butler, Pa., 30 seconds; Torrents, Ithaca, N. Y., 30 seconds; Butler, Ithaca, and Ridgway will race Saturday morning for $500 a corner. The Eagle Hose Company of Pittston, Pa., won the prize drill and a purse of $300. Rescues of Curwensville, Pa., second. Next year's convention will be held in Allentown.

E. E. A. A. vs. Lyceum.

One of the best football games scheduled today is the opening game of the season for the East End Athletic association, to be played with the Lyceum team at Friendship park this afternoon. The contest will be called at 3:30 o'clock, and it promises to be a hard-fought game from start to finish. The line-up of both teams is as follows:

E. E. A. A.	Position.	Lyceum.
Nagle	L. E.	Gillespie
Doc McChesney	L. T.	Doomby or O'Brien
J. Burke or Charles Reid	L. G.	Seaman
Bloom	Center	Edkins or Reilly
Lantz or Hetzel	R. G.	Sweeny
Smucher	R. T.	McKeever
E. Willis	R. E.	Campbell or Clarke
Musselman or T. Wilson	Q. B.	Toomy
J. Willis or Joe Hoh	L. H.	Conlan
E. Wiltgen or Wright	R. H.	McInerny
Arch Rowand	F. B.	Brassel

State's Team Will Be Subs.

STATE COLLEGE, PA., Oct. 10.—(Special.)—State will have a team mostly made up of subs to go in the game against Villa Nova tomorrow. In practice today Moserik, half back, had his collar bone broken, and Moses, end, sprained the ligament of his knee, and he will be out of the game for weeks. The other cripples are Smith, McIlveen and Funk, while Dean, the fast half back, was called home. Among the new men who are showing up good are Candy at half, and McCleary at end.

Today's Football Games.

Philadelphia Y. M. C. A. vs. Pittsburgh at Colosseum.
Brown vs. Yale at New Haven.
U. of Maine vs. Harvard at Cambridge.
Princeton vs. Annapolis at Annapolis.
U. of Virginia vs. Penney at Philadelphia.
Buffalo vs. Columbia at New York.
West Virginia vs. Ohio State at Columbus.
Western Reserve vs. W. & J. at Washington, Pa.
Freeport vs. Kiski, at Saltzburg.

Have You Catarrh Taint?—Here's strong evidence of the quickness and success of that wonderful remedy, Dr. Agnew's Catarrhal Powder: "For years I was a victim of chronic catarrh—tried many remedies, but no cure was effected until I had procured and used Dr. Agnew's Catarrhal Powder. First application gave me instant relief, and in an incredibly short while I was absolutely cured."—James Headley, Dundee, N. Y.—18.

EVERY HEAT WAS RED HOT RACE

The 2:06 Pace at Lexington Proved to Be Very Exciting.

THREE NECK FINISHES

Race Was Won by Little Squaw, but It Took Seven Heats—The Wagon Race Proved One of the Star Events.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Lexington, Ky., Oct. 10.—It required seven heats to decide the first race, the feature of today's card. Despite the fact that four drivers, McMahon, McHenry, L. McDonald and Erwin, were fined on the charge of laying up heats, every finish was hotly contested. The last three heats resulted in neck victories under the whip.

Little Squaw was the favorite, but until the last two heats she seemed to lack steam at the wire. In the seventh heat she overhauled and nosed out Prince Direct.

Much interest was manifested in the wagon race, and Devereux's success was the more popular because a surprise. He caught Smathers in each of the last heats just before reaching the wire.

Fast time characterized each race and fine weather continues. Attendance 6,000. Summaries:

BEATEN AT THE FINISH.

Lew Fleming Fell Down on Last Day of the Shoot.

IRWIN, PA., Oct. 10.—(Special.)—The two days' shoot of the Irwin Gun and Game club ended this afternoon. The race between Fleming and Denker was resumed, the latter winning out with 169 out of a possible 180. Fleming dropped behind, only hitting 164 out of the 180. Withrow, again in third, with 156. This was a most successful shoot.

First Inter-College Game.

NEW WILMINGTON, PA., Oct. 10.—(Special.)—Westminster and Allegheny will meet here tomorrow in the first game of the inter-collegiate league. The Westminster men have been having hard daily practice since the West Virginia game, and a few changes in the line-up have been made by Coach Edmundson. The athletic committee today voted to allow Manager Thompson to accept the recent overtures from Grove City for a renewal of football relations, provided certain specific requirements in the matter of eligibility of players be observed.

Gold Heels Goes to the Stud.

NEW YORK, Oct. 10.—Gold Heels, this year's winner of the Suburban, was purchased from Winnie O'Connor today for $6,750 for E. J. Arnold & Co. of St. Louis. Gold Heels will be shipped to St. Louis Sunday and retired to the stud.

25,000 Boxes Free!

Rheumatism Cured by a New Remedy of Which any Suffering Reader Can Have a 50-Cent Box Free.

82 Years of Age. Entirely Cured of Rheumatism After Having Suffered 42 Years.

Rheumatism has yielded to a marvelous discovery and today this remedy is offered free to all who suffer. Scarcely a grown person has escaped its twinges and thousands have been so deformed and misshaped that they hardly look like their former selves. If you are such a sufferer, send your name and address to John A. Smith, Milwaukee, Wis., and by return mail you will receive a 50-cent box of Gloria Tonic free. This is the most wonderful remedy ever discovered and has enabled many a cripple to abandon crutch and cane. Mrs. Emma Wallace of 130 Oak st., Vincennes, Ind., writes: "Gloria Tonic saved my life; it cured me, after spending over $500 with doctors, who claimed that I was 'incurable'." An old gentleman of Iowa, Mo., 82 years of age, writes: "Gloria Tonic cured me after suffering 42 years." In Denham, Ind., it cured a lady who then cured 15 of her neighbors. Rev. S. Sung of Harrisville, Wis., testifies that this remarkable remedy cured two members of his congregation, one who had suffered 18, the other 25 years. In St. Louis, Mo., it cured Mr. F. Ferber of the Concordia Publishing house, after doctors, medicines and baths failed. The most elaborate illustrated book ever published on the subject of rheumatism, which will tell you all about your case, mailed free with trial box. No man, woman or child need suffer longer. The 50-cent box proves its power over rheumatism, and is free to all. Address:

HIGH SCHOOL WON FROM ALLEGHENY

PREPARATORY BOYS PUT UP A PLUCKY GAME.

Were Outweighed and Outplayed—Knox's 50-yard Run for a Touchdown Was the Leading Feature of Contest.

Out at Friendship park yesterday afternoon the football elevens representing Pittsburgh High school and Allegheny Preparatory school met in contest, and a small army of school rooters made the air blue with their yells. The victory went to the High school team by a score of 41 to 6.

The contest was not what might be called a hard-fought one, for the reason that the Preparatory boys were outweighed about 15 pounds to the player. They made up in pluck, however, what they lacked in weight, and when, in the first half, they held their heavy opponents to a standstill on their one-yard line, even the most rampant High school enthusiast had to lend them a cheer.

The first half was noted for just one thing, and that was a 50-yard run by Knox of the Preparatory eleven for a touchdown. It was just after the Allegheny boys had blocked a trick play on High school and secured the ball. The oval was passed to Knox, who chased around the High school's left end and then, after sucessfully evading half a dozen tackles, placed the ball over the line for their only touchdown. It was a plucky, pretty play, and was deservedly cheered by the crowd.

The Allegheny boys were nearly all in after the first half, so that the second half was a walkover for High school. Long runs were made by Patterson, Harrison and other players. The score and line up:

A. P. S.—6.		F. H. S.—41
Mitheron	L. E.	Fischer, Schuler
Worcester	L. T.	Nickle, Gibson
Zimmer	L. G.	Orr
Mayer	Center	Campbell
Lilly	R. G.	Lauderbaugh
R. Carson	R. T.	Palmer
Denney	R. E.	Harrison, Robinson
Flemming	Q. B.	Batter
Knox	L. H.	Patterson, Simpson
Sultzer	F. B.	Zelch
Reiter	F. B.	Diebold

Touchdowns—Patterson (3), Diebold (2), Schuler, Zelch, Knox. Goals kicked—Patterson (3), Bauer (2). Referee—Dr. H. N. Myer, Umpire—Charles Nehling. Timer—Professor Pearson, High school. Time—20 and 15-minute halves.

AMONG THE AMATEURS.

This afternoon at 3:30 the strong W. A. C. play the Crafton A. C. on the latter's grounds.

Cottage will play its initial game of the season today with Emsworth A. C. at Homewood.

Pittsburgh College will play the Kopp A. C. of Sellsvale this afternoon on the college campus.

Turtle Creek Tigers will journey to Duquesne to play Duquesne Harvard A. C. a game of football today.

Unique A. C. play Colonial A. C. on their grounds. All Unique A. C. players must report on grounds at High bridge at 2 p. m. sharp.

The Pittsburgh college Third team will play the News Messengers from Homestead at Kennywood park. Game will be called at 3:30.

The Smith A. C. would like to arrange games with all 40 or 50-pound teams; Sherman Senate preferred. Address all challenges to G. Brucher Carrick, postoffice.

Pittsburgh Reserves will play Homestead today to meet the eleven of that place, and all players are requested to report at the West Penn depot, Chestnut street, Allegheny, at 1 o'clock sharp.

The Turtle Creek Tigers will play Suburban A. C. of Mt. Oliver at Turtle Creek today and would like to hear from all 70 to 80-pound teams in Western Pennsylvania. Address William Ralph, Turtle Creek, Pa.

The following Melvin players will meet at the corner of Sixth avenue and Smithfield street today at 2 p. m.: Jennings, Lowry, Kenney, D. Ewing, Hock, S. Ewing, Gusky, Myers, Sullivan, Lang, Schmidt, Eichel and Levy.

Pastimes will play the crack Donora team this afternoon. The following players must report at Union station at 12:30 sharp: Woods, Pearson, Mackrell, McAllister, Cooper, McCormick, Butler, Meyer, Burke, Fowler, Doust, McElligott, Anthony, Barbin, Cook and McAteer.

The Albion A. C. will again face the Original Fosters in the second game of a series of three today at the Albions' grounds. Intense rivalry exists between these two teams, and as the Fosters were the victors in the first game, the contest today will no doubt be stubbornly contested.

Ingram will line up against the strong Shadyside A. C. today at Ingram, and a good game is expected. Ingram still has a few open dates for good teams, such as Westlake, Bridgeville, Canonsburg, McDonald and Carnegie. Address all communications to C. L. Ross, Ingram, Pa.

The Albermarle club of the East End would like to arrange a game for October 18 with a first-class 110-pound team. Would like to hear from Avonwald, Shadyside, A. C. and Pittsburgh High school. All other teams desiring games address James Lutton, 410 Atlantic avenue, East End.

The Millin Reserves will go to Wilkinsburg today and play the team of that place. The following players will report not later than 2:30 o'clock at Thirty-seventh street and Penn avenue: Dullard, Thomas, Hageman, Enders, McGee, Carrier, Barker, Schnoer, Engel, Meyer, Mooney and Moore.

The Manchester Athletic club will play the Tarentum team this afternoon at Tarentum park. All players are requested to report at the Fort Wayne depot in Allegheny at 2 o'clock.

The Pittsburgh Deaf Mute A. C. will play the Beaver A. C. on the latter's grounds. The players of the P. D. M. A. C. are requested to report at 1:16 p. m. sharp at the P. & L. E. R. R. station. The players are Waters, Korn, John Friend, Michael, Carr, Nowell, Nichols, Moran, Scott, Howards, James Friend, R. Fritzges, McCracken, Durr, C. Fritzges and Prof. A. N. Downing.

The D. D. Watson A. C. of Pittsburgh will meet the Unique A. C. on the Unique grounds Sunday, October 12. The manager requests the following players to report at 554 Grant street: Geller, Aronson, Louis Fredland, Glick, Cavanaugh, Breem, Seaman, Lipsich, Lerey, Israel, Mulcher, Max Fredland and Sol Franks. The above players must report at 12:30 p. m. sharp, as game is set for 1:30 p. m.

The Carnegie Library A. C. of Carnegie will this afternoon play the Braddock Eagles at Braddock. The following players will please report at the postoffice at 1:30: Brunding, Picher, Hembert, Rankin, Donnley, Barum, Porter, Ecker, Herriott, Gallagher, Floyd, Fryar and Flinn. The C. S. A. C. would like to hear from all good 80 and 85-pound teams. For games address John Rankin, Carnegie.

The Corliss A. C. had a very satisfactory practice last night and Capt. Yeager is of the opinion that the Bellevue Outing club will not have such a walk-over as they seem to anticipate in Saturday's game. This will be the first game of the season for Corliss, and the boys are going to Bellevue determined to bring home a victory or leave their uniforms as souvenirs to be distributed among the fair friends of the Bellevue boys.

After a good deal of hard practice the Tigers of Allegheny and Brushton Tigers will come together this afternoon at Brushton in a game that will have much to do with the 90-pound championship of Western Pennsylvania for 1902. Last year these teams met and neither scored. McKelvy will be seen for the first time with a Tiger uniform on. Players will please report at Fifth avenue and Market at 1:30 sharp, as the game will commence early.

The Allegheny Athletic association team is badly broken up, owing to the fact that Blair, Zimmerman and McFadden have gone to the strike regions with the National Guard. Vowinkle and Reynolds are both out of the game for four or five weeks, owing to injuries received in the game with the University of West Virginia. The management is doing everything possible to strengthen the team, which is scheduled to play at Sewickley today, and although in very bad shape, expect nevertheless to land on top. Next Saturday, October 18, the Three A's play the East End Athletic club at Friendship park, on October 25 they will play at Beaver, Pa., and on November 1 meet the Pittsburgh college team. The following players will please report at the Ft Wayne station, Federal street, Allegheny, Saturday, the 11th inst., at 1:45 p. m. sharp: Robinson, Delp, Grady, McDonald, Montgomery, Moul, Briney, Jones, Lautenschlaeger, Hahn, Zeigler, Richardson, Grant and Kamlanck.

RAILWAY CAN BUILD ITS LINE

Court Has Decided a Suit Involving Nearly a Million Dollars.

NEW QUESTIONS OF LAW

Alleged Scheme to Block Right of Way of Pitcairn & Wilmerding Street Railway Company Rejected by Judge Rogers.

Judge Elliott Rodgers yesterday dismissed the equity suit of C. L. Brinser against the Pitcairn & Wilmerding Street Railway Company. The action is one of great importance to corporations because of new questions of law, and to the Turtle Creek valley because of the vast interests concerned. The suit involves several hundred thousand dollars. Attorneys Reed, Smith, Shaw & Beal represented the defendant.

The plaintiff was the general manager of the Westmoreland Street Railway Company, which had been given the right of way over the defendant's lines and extended its tracks to Wilmerding. The Westmoreland company subsequent to the extension of its route made efforts to secure rights of way, and began work on the construction of a road in Patton township, along which the defendant's route extended. The defendant stopped the prosecution of the work. The plaintiff then made an agreement for the possession of about 50 feet frontage of land from the Wells Improvement Company, the purchase money being paid by the Westmoreland company and Brinser having no personal interest in it.

The court says there seems to be some doubt as to whether the Westmoreland company made the purchase for the purpose of being in a position, through Brinser, of filing a bill for an injunction against the defendant or primarily for its own right of way. The court says further that the main purpose was to bring action against the defendant.

In his conclusions of law, Judge Rodgers says the verbal consent to the construction of the railway was given by Vice President McGinley of the improvement company to Mr. Mellon, an officer of the defendant company, upon which the defendant relied and made large expenditures, fully $400,000, under the circumstances it being binding upon the plaintiff.

The court also says that as the plaintiff had taken title to the land for the purpose of being enabled to file the bill, it does not feel moved to grant the injunction; also that the plaintiff in allowing the conveyance of the property to be delayed three months is chargeable with laches. The bill was dismissed at the plaintiff's cost.

THEISS FOUND GUILTY.

Verdict of Second Degree for Killing Donato Fuseri—A Photograph Convicts Man of Assault.

Frederick Theiss, the Frenchman, who was tried for killing Donato Fuseri, an Italian, at Woodville, on June 22, was convicted of second degree murder by the jury. Theiss' own story of the stabbing was that Fuseri held the knife and in jerking away from Theiss plunged it into his own breast. The jury recommended Theiss to the extreme mercy of the court.

During the trial of Jos. Brown, accused of aggravated assault and battery by Anna Young, before Judge F. H. Collier, Assistant District Attorney W. B. Grimes presented a photograph in refutation of the defendant's testimony, that produced a ripple of laughter in the court room.

The parties are from Millvale, and the assault was an uncommon one. Brown, while testifying in his own behalf, denied associating with the prosecutrix, disputing her statement that he had called on her as often as four times a day.

He was asked if he ever accompanied the young woman to Conneaut Lake with a picnic party, and replied positively that he had not.

Mr. Grimes then handed him a photograph, which showed Brown and Miss Young posing together, the former with his arm about the woman and the scenic lake with its tell-tale buildings in the background. The defendant wilted and was past denying the proof of the photograph. He was convicted as indicted.

Harry Triford was acquitted of a charge of larceny, made by Peter M. Ellenberger. He was accused of taking a diamond stud from Ellenberger, on Labor Day, in Diamond street.

Other acquittals were: Michael Gormirac, larceny of a ring and articles valued at $30 45 from Mrs. Fanny Orloff of Franklin; C. Frosch, aggravated assault and battery. Fred Will, prosecutor, ordered to pay costs; Michael Gormirac, forcible entry, Joseph Orloff, prosecutor; Charles Laffey and John Fox, larceny of a gold watch, valued at $22, from Harry McCafferty, at Sheraden, August 16.

BYERS CASE ARGUED.

Attorneys Contend Court Has no Jurisdiction in Equity Proceedings Because of Criminal Case.

Arguments were heard yesterday in common pleas court No. 2, before Judges R. S. Frazer and J. D. Shafer, in the equity proceedings of Jacob Byers against his nephew, William G. Byers, a Greensburg attorney, and the Fidelity Title & Trust Company. The action is to obtain possession of $170,000 worth of bonds and about $50,000 in cash, which the plaintiff claims he entrusted to the defendant for safe keeping. The defendant is under indictment in Westmoreland county. Attorneys Moorhead and Head of Greensburg and Reed, Smith, Shaw and Beal of Pittsburgh represent the plaintiff, and Attorneys S. Schoyer, Jr., and J. P. Hunter the defendant. Attorneys Chantler, McGill and McClung represent the trust company.

The court decided to hear arguments on the bill and demurrer filed by the defendant.

Attorney Hunter contended the court did not have jurisdiction in the case, as service was had in Westmoreland county, and that the proceedings are barred by reason of the criminal charges against the defendant there. Mr. Hunter also argued that the only purpose of the bill was to obtain evidence to be used in the criminal case. Mr. Moorhead denied this and argued that the Allegheny county courts had jurisdiction. The court took the papers, and will render a decision later.

TRIED TO SELL A GIRL.

James Bundern Wants Release From Workhouse, Where He Was Sent for Trading Females.

Habeas corpus proceedings were begun in common pleas court No. 2, for the release of James Bundera from the workhouse. He was sentenced there on September 30 last for six months, as a suspicious character.

The record prepared by Magistrate John A. Armstrong, shows that Bundera sold a young woman to G. Scarlise, and then tried to get her back, to re-sell her. Scarlise swore that both were trying to swindle him. To S. Cassitti, the girl testified she was willing to be sold.

Blamed Levy for Losses.

The cases of using the United States mails for fraudulent purposes, against Charles T. Ammany, Jacob Green and Joseph Rubinsky, on trial before Judge Joseph Buffington in the United States district court, were completed yesterday, and the court will charge the jury this morning. The defense attempted to prove that Morris Levy, who gave evidence for the prosecution and admitted he was in the scheme, was the person responsible for the losses of the firms, and that the defendants were not involved.

Jury Saw Remains.

Exhibit "B" in the case of James McNeil & Bros. against the Crucible Steel Company of America, was drawn up in front of the court house yesterday afternoon. It consisted of two wagonloads of old iron, fragments of boilers, and was inspected by the jury in the case. The action is to recover $75,000 damages alleged to have been done to the plaintiff's plant by a boiler explosion at the Park mill, in Lawrenceville, December 28 last.

PREPARING TO RAZE THE STATE CAPITOL

Engineers Begin Preliminary Work of Erecting New Building.

HARRISBURG, Oct. 10.—George F. Payne & Co. of Philadelphia, contractors for the new capitol, have filed their bond with the state capitol commission in the sum of $1,752 828 for the faithful performance of the contract. The bond is the largest ever filed in Harrisburg or Philadelphia.

Mr. Payne was here today with engineers arranging to stake off the new building and preparing for the shipment of material to begin work. The occupants of the old executive building and the internal affairs building, which will be torn down to make room for the new capitol, have been notified to vacate as speedily as possible.

There is much dissatisfaction among the heads of the departments with the quarters which have been provided for them in a factory building near Capital park. Deputy Secretary Brown has filed a protest with the board of public buildings and grounds against moving the internal affairs department into the building. He says it is unsafe and not suitable for storing valuable papers and documents and that a more substantial building should be selected.

Brown has secured an option on another building and will move his department there if the board does not interfere. Members of the board claim the factory building is the most suitable place that can be had.

STATE RENEWS INSURANCE.

Premium Charged to Allowance of the National Guard.

HARRISBURG, Oct. 10.—(Special.)—The insurance upon the state property in the hands of the various organizations of the national guard and naval force of Pennsylvania was today renewed for three years. Since this insurance was first effected, October 9, 1899, rates have been increased upon all risks except those in the preferred class.

The amounts to be charged to the annual allowance account of the several organizations and deducted from the last half of annual allowance to be paid for the year ending May 31 next, and which will continue the insurance for three years from this date, will be as follows: For companies of infantry and divisions of naval force, $26 16; for batteries of artillery and troops of cavalry, $35; for brigade bands, $28 25.

MAYOR SENTENCED TO PRISON.

Burial of Coffin Marked With His Alias Fails to Save Him.

EMPORIA, KANS., Oct. 10.—James Pendleton, mayor of Gentry, Mo., convicted of bigamy, was today sentenced to five years in the penitentiary.

Pendleton, under the assumed name of Coda S. Morris, married Miss Grace Obley of Emporia a few months ago, and later, under the name of Cox, buried a coffin containing ice, at Orlando, Okla., and circulated the report that Coda S. Morris had been killed in a runaway.

Reading Is Safe for a Few Days.

HARRISBURG, PA., Oct. 10.—(Special.)—Attorney General Elkin will take no action on the petition of Frank H. Thompson, the Philadelphia manufacturer, for the use of the name of the state to bring suit against the Philadelphia & Reading Railroad Company to revoke its charter for violating the provision of the state constitution, which forbids carrying companies to engage in mining until he returns to his office next Wednesday. Thompson's petition was received today.

TEACHERS MEET AT EXPOSITION

The Gazette and Chronicle Telegraph European Guests Reuned.

A WAGNER CONCERT

Audience Last Night Was One of Largest and Most Cultured That Ever Gathered in Pittsburgh.

Two auspicious events yesterday made it the greatest day of the present season at the new Pittsburgh exposition. Walter Damrosch gave his first Wagnerian concert of his present engagement, and among the thousands who enjoyed the musical treat were the school teachers who visited Europe last summer as the guests of The Pittsburgh Gazette and Chronicle Telegraph.

The teachers were invited by The Gazette to attend the exposition, and as it was the first reunion of the merry tourist party since they left the good ship Columbia in New York harbor, there was a large turnout of the excursionists and their friends. They gathered early in the evening at The Gazette writing room in the main hall, where they were greeted by Louis W. Strayer, city editor of The Gazette, and I. F. Bailey, manager of circulation. Mr. Strayer accompanied the teachers in their tour as the representative of the two newspapers.

Nearly All Were There.

Those of the party who responded to The Gazette's invitation to the exposition were: Mrs. M. B. Redman, Miss Bertha Fiegel, Miss Mary B. Ferguson, Miss Alma Arnd, Miss Anna C. Leckey, Miss Edna Klein, Miss Blanche Wachob, Miss Ella Linton, Miss Mary C. Greves, Miss Georgia Lacock, Miss Sadia A. M. Walker, Miss Florence Gettner, Miss Mary Ellen Steele, Miss Lulu Finley, Miss Mary J. Stone, Miss Anna S. Keener, Miss Emma Campbell, Miss Jane Boyd, Mrs. E. Stewart, Robert M. Cargo, B. A. Pollock, Charles E. Carter, G. G. Hertzog.

A block of the best seats in the music hall was roped off for the teachers, and they enjoyed the superb performance of Damrosch's orchestra from the best point in the crowded hall. The hour between the concerts was devoted to the renewing of acquaintanceships formed last summer.

The stay at the exposition was all too brief the teachers thought. With so many cherished reminiscences to call to mind and stories of the voyage or of mountain climbing to relate, the few hours soon sped by. When the adieus were said words of praise were heard on every hand for The Gazette and the arrangements which had been made for the teachers' comfort, both at home and abroad. Miss Lacock and Miss Finley, who carried cameras on the trip, exhibited a series of interesting photographs taken on the journey.

Last night's musical program brought the most fashionable audience that has graced the exposition this season. It included the beauty and culture of Pittsburgh. Every seat in the great hall was taken, and scores were thankful to stand within earshot of the players. Miss Anna Bussert sang the "Tannhaeuser" aria, "Dich Theure Halle," and in a manner that stamps her as a genuine artist.

An Old Lady's Greeting.

Among those who attended the exposition from out of town yesterday was an aged lady from New Cumberland, W. Va., who left the following greeting to The Gazette:

"With kindest greetings to The Pittsburgh Gazette, from one who has been a constant reader for over 50 years, and who has always admired it for its loyalty to the Republican party and the principles it advocates; for its high moral standard, its upholding of truth, justice and education. My hand to the 'Old Lady.' May she continue to grow young; and the coon—may his shadow never grow less." With best wishes for the future success of The Gazette.

"A YOUNG OLD LADY."

This will be the "Big Saturday" at the new exposition. All day Mr. Damrosch will play music of the popular order, climaxing it with two interesting evening programs, one of the numbers on which will be another of Messrs. Damrosch and Mannes' finished piano and violin duets. Miss Bussert makes her farewell appearance this evening, and the legion of admirers her brief stay has won will surely bid her an enthusiastic "Good by." The program for this afternoon follows:

2 P. M.

Overture, "Semiramide" ..... Rossini
Song, "Still Wie Die Nacht" ..... Bohm
Toccata in F ..... Bach
"Whispers of Flowers" ..... Von Blon
Slavonic Dances (first series) ..... Dvorak

4 P. M.

Overture, "Coriolan" ..... Beethoven
Adagio and Scherzo from Sonata in F ..... Beethoven
Messrs. Walter Damrosch and David Mannes.
Soprano solos, (a) "In Dreamland", (b) "Cupid and I" ..... V. Herbert
Miss Anna Bussert.
"The Dance of Death" ..... Saint-Saens
Waltz from "The Gypsy Baron" ..... Strauss

ROOSEVELT SEEKS BREVITY.

Warns Government Officials to Make Annual Reports Short.

WASHINGTON, Oct. 10.—(Special.)—President Roosevelt has begun warfare against the bulky government report. The official who writes voluminously and whose annual reports are not of convenient size stands in danger of official frowns. To every department chief in the government service has gone a letter from the White House stating that the president thinks officials should make their reports briefer.

The president expresses the view that the reports are too long and too bulky for practical use and that they frequently contain many costly illustration of little value.

Rhododendron Park.

On Saturday, October 18, 1902, the Pennsylvania railroad will run their annual autumn excursion to Rhododendron Park; special train will leave Union station, Pittsburgh, on above date at 8:30 a. m., stopping at East Liberty, Wilkinsburg, Braddock, Turtle Creek, Wilmerding and principal points east, arriving at Altoona for dinner; returning leave the park at 5 p. m. Rate from Pittsburgh and intermediate points to and including Wilmerding, $3. Tickets good to stop off at Altoona on the return trip and good to return until Monday, October 20, inclusive.

Hotel Victoria lunch can't be beaten for 50c. A la carte meals at any time.

SOCIETY

INVITATIONS will be issued today by Mrs. John Guffey for the wedding of her daughter, Miss M. Emma Guffey, and Carroll Miller of Chicago. The wedding will take place on Tuesday afternoon, October 28, at 5 o'clock at the home of the bride's mother, Atlantic and Liberty avenues, Shadyside. Much interest is taken in this wedding, as the bride is the third niece of Col. and Mrs. James M. Guffey to wed this month, the wedding of Miss Margaret Shippen Black and Ernest Magee having taken place on Thursday at Clarion, Pa.; Miss Alva Jean Guffey of Wilkinsburg and Henry Chalfant will be married on October 23, Col. Guffey giving the bride away, and then comes Miss Emma Guffey's wedding to Carroll Miller announced for October 28.

Miss Emma Guffey will have but one attendant, her sister, Miss Paulette Guffey, and she will be given away by her brother, Alexander S. Guffey. Dr. Clifton Miller of Richmond, Va., brother of the bridegroom, will be the best man.

Mrs. John Guffey will entertain a house party of young people the week of the wedding, all of the young women being fellow students with her daughter at Bryn Mawr. The bride-elect graduated in the class of 1899 and made her debut in society the following winter. She is a member of the Pittsburgh chapter, Daughters of the American Revolution.

Carroll Miller is a son of W. G. Miller of Richmond, and that city was his home until a few months ago, when he went to Chicago. After a short wedding trip in this country Mr. Miller and his bride will go to Japan, where they will remain some time, as Mr. Miller is consulting engineer for large American interests in the development of oil in Japan. He is a graduate of Stevens Institute, New York.

Art Society Announcement.

The first reception of the Art Society this season is appointed for October 20, when will be performed for the first time in Pittsburgh two works for solo voices and quartet, with pianoforte accompaniment, "Flora's Holiday," by H. Lane Wilson of London, a cycle of old English melodies, "More Daisies," the composition of Liza Lehmann, who wrote "In a Persian Garden." It is called an encore to the "Daisy Chain," which the Art society brought forward in Pittsburgh last year. These works will be interpreted by Mrs. Seabury Ford, soprano; Miss Jessie Ringen, contralto; Paul Dufault, tenor; Herbert Witherspoon, bass, and Miss Adella Prentiss, accompanist. In addition to the choral works, the artists will join in a short miscellaneous program.

For the balance of the Art Society season most interesting arrangements have been made. Miss Marcus' cycle, "Enoch Arden," an arrangement of Tennyson's poem for reader and pianoforte, will be given, with Robert Stuart Pigott, reader, and Mrs. Morris Black of New York, contralto. William I. Tomlins of New York will lecture on "The Higher Life Values of Music." Edward MacDowell, professor of music at Columbia university, will give a pianoforte recital; Miss Helen Henschel, soprano and violinist, daughter of George Henschel, with Miss Winifred Smith, violinist, are engaged for a recital. Walter Damrosch will give a lecture-recital at the pianoforte on Wagner's "Niebelungen Ring;" there will be the usual concert by the Pittsburgh Orchestra, Miss Elta Kell, soprano, and Miss Henderson Smith will give a new lecture and the Kneisel quartet of Boston will play.

Academy of Science and Art.

The Academy of Science and Art announces a series of interesting lectures to be given this winter in the Carnegie Institute. The first will be by Dr. Edwin G. Conklin of the University of Pennsylvania, on "The Life of Micro-Organisms," Thursday evening, October 16. Some of the other lectures during the year will be "Recent Light from Nippur," by Dr. A. T. Clay; "The Texas Oil Fields," J. C. McDowell; "One Hundred Beauty Spots of America," Surrick Lincoln; "Measurement of Very High Temperatures," Dr. Daniel Norton Comfort; Prof. Willis L. Moore; "Astronomy," Prof. Wadsworth, and others by Dr. W. T. Harris, United States commissioner of education, and President Butler of Columbia university. "Imitation and Suggestion in Mental Development," Prof. J. C. Armstrong, leader.

The photographic section announces interesting meetings for the year. The first meeting will be held on Tuesday evening, October 14, in the botany room of the Institute. The American Lantern Slide Interchange has sent its requisition for the usual number of slides to be in New York on November 15, and members are requested to send from one to six slides to W. S. Bell, No. 419 Wood street, before November 10.

New Y. W. C. A. Branch.

A meeting will be held next Monday evening in the Forty-third Street Presbyterian church, for the purpose of organizing a branch of the Young Women's Christian association. Mrs. Fannie M. Seifer has been appointed secretary of the new Lawrenceville branch, the formal organization of which will be effected on Monday, and under her direction the work of forming classes and conducting the work of the association will be performed.

Tomorrow evening, anticipating the effort toward organization to be made on Monday evening, the work of the Young Women's Christian association will be presented in four churches in Lawrenceville, in each the Sunday evening services being given up to the association. Miss Emma Hays, former general secretary of the Central Young Women's Christian association, and now national city secretary, will speak in the Lawrenceville Presbyterian church; Miss Florence M. Brown, present general secretary in this city, in the Seventh United Presbyterian church, Miss Charlotte Adams in the Lutheran church, and Miss Neva H. Chappell in the Swedish church.

Will Wed in December.

Another event is added to the long list of weddings of social prominence in Pittsburgh this season. It will be the wedding of Miss Mary Crossan Hays and Francis Sellers Guthrie, and will take place in December. The engagement was announced a few days ago, just before Gov. Stone called out the national guard. Mr. Guthrie as one of the battalion adjutants of the Eighteenth regiment immediately answered the call and is now in Shenandoah. He is the son of Mr. and Mrs. Robert Walker Guthrie of Shady avenue, East End, and has been prominently identified with the social life of the younger Shadyside and East End set, being one of the leaders of the Thursday Night Cotillion club, which has met for a couple of seasons at the Schenley. He is also a member of the Pennsylvania society, Sons of the American Revolution.

Miss Mary Crossan Hays is the elder daughter of William H. Hays, the iron manufacturer. Her mother is a member of the Crossan family, and the bride-elect is related to the Lawrence Dilworths, the William R. Blairs and other prominent families in Pittsburgh.

Stopping Over in New York.

A large number of Pittsburgh society people have been in New York the past week, a number of them stopping over on their way home from their summer cottages and others going east for a shopping trip and to pay a short visit to friends near the metropolis.

Tomorrow morning Mr. and Mrs. Thomas M. Cook and their children are expected home. Mrs. Elizabeth Thorne, Mrs. William Walker Willock, Mrs. Benjamin F. Jones, Jr., Mrs. Henry R. Rea, Miss Madeline Laughlin and Miss Virginia Dalzell are also expected tomorrow. Mrs. James Wood Scully and Miss Alice Walton will not return until next Friday.

James A. Chambers and his daughters, Miss Chambers and Miss Marion Chambers, who were east early in the week, are again at their home in Leetsdale. Though they are in town nearly every day for a few hours, they will not close their house in Leetsdale and come to their home in Ridge avenue, Allegheny, until the last week in October.

College Seniors Entertain.

The seniors of the Pennsylvania College for Women entertained right merrily last evening, their guests being the undergraduates and the members of the faculty. A "darkey wedding" was held, the girls, costumed in bright-hued calico, with gay turbans, and with rollicking spirit impersonating the different members of the wedding party from the joyous bride and bridegroom, with their train of attendants, to the jolly aunty and beaming uncle. The festivities were conducted in Dilworth hall, which was decorated fantastically for the occasion. The wedding was followed by a dance, in which all took part.

Several small entertainments have been given by the students since the college opened a few weeks ago but the affair last evening was the first large one planned. Halloween will be observed by the girl students, with many of the usual forms of fun, together with some unusual features.

Annual Committee Tea.

The annual tea for the members of the many committees conducting the various forms of work undertaken by the Central Young Women's Christian association, was held last evening at the association building in Fifth street. The guests of honor were Miss Emma Hays, the national city secretary; Miss Neva H. Chappell, extension secretary; Miss Julia P. Davidson, teacher of sewing; Miss Catherine E. Conlon, the millinery teacher, and Miss Edith Bell, director of the gymnasium.

The rooms of the building were prettily decorated with chrysanthemums and ferns, and refreshments were served in the office. The reception committee consisted of the members of the board of directors and the officers of the association.

Carnegie Women's Club Meets.

The Women's club of Carnegie held a meeting yesterday afternoon in the Carnegie library. Mrs. W. J. Glenn, president, was in the chair, and the leader for the afternoon was Miss Susie McNall. A parliamentary drill, given by Miss Hindman, was followed by an address on the work of the Consumers' league. Current events were discussed by Mrs. D. W. Hopper. Mrs. J. L. Srodes read a paper on the "Popularity of the Short Story." The coronation was described by Mrs. Joseph Walker, and "A Sketch of the American Poets" was read by Mrs. Add Clark.

The club has decided to give a concert on Tuesday evening, October 21, in the Carnegie Library hall, Madame Lip and Miss Henrietta Keil appearing.

Luncheon in Shadyside.

Mrs. Harriet Fleming and her two unmarried daughters, Miss Louise Fleming and Miss Harriet Fleming, gave a handsome luncheon yesterday afternoon at their home in Bayard street, Shadyside. It was a progressive luncheon and covers were laid for 30. There were six tables, one large one, at which the hostesses sat, and five smaller ones, which were placed in the dining room, library and hall. The decorations consisted of yellow dahlias and maiden hair ferns, which were arranged artistically upon each table. Hand-painted name cards lay at each cover. After the luncheon Richard Allan sang.

Moore—Moore.

At the home of the bride's parents, Mr. and Mrs. James Moore of Venice, Washington county, at noon yesterday, the marriage of Miss Iva Moore and the Rev. J. H. Moore, pastor of the United Presbyterian church at West Middleton, took place. The ceremony was performed by the Rev. H. H. Martin, pastor of the Fourth United Presbyterian church of Pittsburgh, in the presence of a few relatives. After the ceremony the couple left on an extended southern trip, and on their return will live in West Middleton.

C. M. B. A. Reception.

A reception and euchre will be given in the hall at Park way and Sandusky street, Allegheny, by the advisory council of the C. M. B. A. of Western Pennsylvania, on Wednesday, November 12. The event will be held under the auspices of local branches Nos. 43, 57, 79, 81, 91, 109, 153, 158 and 189 of Allegheny, and No. 94 of Millvale.

Wilkinsburg Reception.

Mrs. Thomas D. Turner of Center street, Wilkinsburg, held a reception yesterday afternoon between 2 and 4 o'clock. Miss Mary Turner, a daughter of Mrs. Turner, assisted in receiving. There were 100 guests present from Wilkinsburg, Edgewood, Pittsburgh and Allegheny.

Engagement Announced.

The engagement of Miss Laura Helen Fosdick, daughter of Leonard Fosdick, of the East End, and Harley Wright Sairs, is announced. The wedding will be an event of the early winter.

Notes of Society.

Donation day at the Oakland Day Nursery will be observed on Wednesday, October 22.

Miss Louise Edna Woodside will give a luncheon this afternoon at 1 o'clock at the Hotel Schenley.

The Epoch club yesterday met at the home of Mrs. W. W. Blackburn, in Lexington avenue, East End.

Mr. and Mrs. Charles G. McCoy of Kelly street, Brushton, yesterday celebrated the 25th anniversary of their wedding.

The first meeting of the Colloquium club this fall will be held on Monday afternoon at the Pennsylvania College for Women.

A meeting was held yesterday afternoon at the home of Miss Emma Weeks, to organize a Kappa alumnae chapter of the Kappa Alpha Theta society.

A smoker was given on Thursday evening by John L. Comes at his home in Maryland avenue. The invitations were issued in the form of theater tickets.

Miss Elizabeth C. Levy and Miss Helen G. Browne were guests of honor at the dance which Miss Sara E. Brown gave one evening at her home in Stanton avenue, East End.

The Young Men's Civic club will give a reception and dance, the first of a series, in Keane's auditorium, Forty-ninth and Butler streets, Lawrenceville, on Monday evening, October 20.

The Young Women's Christian association of the East End will open its cooking school next week in the association building, No. 219 Collins avenue. Classes in physical culture are also being formed.

The United Presbyterian Women's association will hold its annual reception and bazar in the Exposition building, Thursday and Friday, October 30 and 31. Dinner and supper will be served each day.

THE MUSEUM IS TO BE ENLARGED

Carnegie Institution Will Have at Least Four New Departments.

EMINENT MEN COMING

Staff Is to Be Increased by Adding Several Scientists of International Reputation—Carnegie Provided for Extension.

The staff of the Carnegie museum ll be greatly increased shortly and veral new departments will be led to the institution. The board trustees of the Carnegie Institute, ich has charge of the museum, at ir last meeting decided upon this. The trustees and Dr. W. J. Holland, e director of the museum, are in mmunication with some of the most ted scientists in the world in sev- ral branches, and it is expected that majority of these scientists will accept e inducements offered by the local useum.

Just what new departments will be ded to the museum are yet a matter conjecture. They have been decided on by the trustees, but will not be an- nced until men have been secured to the positions.

Negotiations are pending between the stees and scientists from two of the ost prominent universities in the United tates, and it was stated yesterday that curator for one of the new depart- ments may be brought to Pittsburgh from noted institution in Europe.

To Have 12 Departments.

The present force of the Carnegie mu- seum numbers 17 persons in Pittsburgh and four men with the searching parties in the various western states. There are all told, eight separate and distinct de- partments in the museum, and they will probably be increased to 12.

The latest addition to the museum staff is Prof. Hugo Kahl, who came here some weeks ago to take the position of entomologist, recently held by Herbert H. Smith.

The great amount of work which has been piling up in the past year is re- sponsible for the proposed addition to the staff. Many members of the mu- seum staff have been working night and day and still they are behind in their work.

Provision has already been made by Mr. Carnegie for the new departments. During his recent visit to Pittsburgh last December he was so pleased with the work done in the museum last year that he increased his gift to the Carnegie in- stitute by $1,000,000.

Force to Be Reorganized.

The donation was in the form of 5 per cent gold bonds of the United States Steel Corporation. The revenue of $50,000 per year Mr. Carnegie specifically di- rected should be divided between the art gallery and the museum. This places an additional fund of $25,000 each year at the disposal of the board of trustees and Director Holland.

It is the intention of Dr. Holland to have the museum force entirely reorgan- ized before the new addition to the Car- negie Institute is built.

While Dr. Holland was averse to dis- cussing the proposed additions to the museum staff yesterday, he said: "Our work here has been piling up on us from time to time and we have more now before us than the present staff can pos- sibly handle.

"My staff in the museum has been in- complete for some time and must be added to and reorganized before we enter the new building. Negotiations are now pending with several scientific men, but I cannot at this time divulge their names.

Men Badly Needed.

"There are thousands of specimens in almost every department of the museum that must be cared for. Many of them are as yet unpacked, being in the store- houses. These must all be labeled, stud- ied and written about by the heads of the departments."

The museum has just concluded the purchase of the collection of lepidoptera belonging to Henry Engel of West Lib- erty borough. Mr. Engel for many years past has been engaged in collecting the butterflies and moths of Allegheny county and has also been interested in collect- ing exotic species.

The collection numbers almost 15,000 specimens, representing fully 2,000 spe- cies. The collection has particular value because of the large and fine series of the local insects, many of which have been bred from the larvae by Mr. Engel, and are remarkably fine and perfect specimens.

Complete Collection Planned.

It is the intention of the museum to build up a beautifully perfect collection of the insects of Pennsylvania, just as has been done with the birds. Almost all the birds that are known to exist within the limits of the state are now contained in the museum.

The work of unpacking various col- lections of minerals which have been re- ceived during the past summer is being carried on diligently by Douglas Stew- art, who is in charge of the mineral col- lections of the museum.

The Baron von Schanburg collection of European birds, numbering nearly 1,600 specimens, has arrived in New York and is daily expected in Pittsburgh. It is one of the most beautifully mounted collections of European birds in existence.

From the Egypt exploration fund in London the museum is about to receive a large consignment of interesting Egyp- tian antiquities. They were landed at Philadelphia a few days ago.

Recorder's Committee to Meet.

Recorder J. O. Brown has called a meeting of his private committee on mu- nicipal improvements for 10:30 o'clock to- day at the office of the recorder. This committee will hear the report of the sub- committee on water supply and distribu- tion, which has approved an ordinance prepared by the board of fire under- writers, providing for the placing of mains in all the downtown streets and alleys, and for the setting of 150 additional fire plugs in the district.

Notice that the following order of quarter sessions court has been filed as No. 28, September sessions, 1902, for the vacation of an unnamed alley in the Twenty-first ward: And now, to wit, this 19th day of September, 1902, upon petition of Charlotte A. Sparks, Reed B. Coyle, Emma V. Suter, J. E. Ash, K. Weber, Ella J. Uhan, S. G. Fulmer, D. W. Wylie, T. Horr, Rebecca A. Neely, L. E. Booker, Rebecca J. Jones and S. W. Jeffries, twelve freeholders of the vicinity, this day presented in open court, praying the court to decree a vacation of the following described public alley in the Twenty-first ward, city of Pittsburgh, viz.: An unnamed alley, beginning at the northeasterly corner of lot No. 41, in George Findley's plan, recorded in plan book vol. 6, page 202, in the recorder's office of Allegheny county, Pa.; thence in width southwardly along the east side of Lake street, twenty feet; thence easterly at right angle with Lake street, of the same width or twenty feet and forming the southerly boundary of lot No. 41 (125) feet to Renfrew street, as will appear by reference to said petition.

A rule is granted on all parties desiring to be heard against the decree on the 15th day of October, 1902, at 10 o'clock a. m., to show cause, if any they have, why the said alley should not be vacated and closed up, and the court directs personal service of this rule upon those owning lands bounding and abutting on said alley at least ten days before hearing, and this rule to be published twice a week for four successive weeks in The Pittsburgh Gazette, a newspaper published in Allegheny county.
George W. Miller, Clerk of Courts.

STATE OF PENNSYLVANIA, Allegheny County, S. C. T. (Seal.) In the orphans court in and for said county. TO Joseph Leopold Schumacher. You are hereby notified that the above citation has been duly issued, commanding you and the other parties in interest to be and appear before the judge of said court on Saturday, October 25, 1902, at 10 o'clock a. m., and show cause, if any you have, why the prayer of petitioners should not be granted. Miller & Reamer, attorneys for Leopold Kraus et al, petitioners.

NOTICE is hereby given that an application will be made to the governor of Pennsylvania on November 5, 1902, by John S. Scully, James W. Lee, H. C. Wettengel, Will Price and Albert L. Binham, under the act of assembly, approved May 14, 1874, entitled "An act for the inc

DULLEST DAY THIS WEEK IN THE STOCK MARKET

Traders Await the Outcome of the Strike Conferences and the Money Market--Good Bank Statement Expected Today.

By JOHN. O. BAGLIN, Financial Editor.

There was much disappointment in stock market circles yesterday over the latest failure to end the coal strike by conference. This disappointment seemed to be shared abroad, or perhaps foreigners feared that official recognition would be given some of the radical suggestions that are being sent to Washington by persons who have lost patience with the contestants, and who apprehend serious consequences growing out of the suffering that may be caused by a shortage of fuel and high prices in the great cities. At all events, London prices were lower and they closed weak, with foreigners sellers on balance. In Wall street the initial declines ranged from small fractions to 1 per cent more, but there was at no time any strong bearish demonstration against the list. The weak pools have liquidated, and the strong pools seem to be able to take care of their holdings, so that the supply of stock is not so large. For this reason bears run quickly. A slight rally occurred later, based upon the announcement of a resumption of the strike conference, but during the afternoon the market simply became stagnant. Reading held comparatively steady, but there was some selling of Pennsylvania which the traders set down to the account of a prominent operator who had been bulling this and other specialties. The weakness which appeared in St. Paul late in the day was the only feature of note. The steel stocks did not share in the downward tendency of the leading railway shares; they simply became dull, with the exception of Colorado Fuel and Iron, which advanced to 85½. The total sales for the day were only 363,000 shares, the smallest for any full day for months.

◉ ◉ ◉

The fluctuations in the rate of call money were over a wider range, the highest being 10 per cent and the lowest 4 the latter at the close. Renewals were made at 10 and 12 per cent, and the banks did not come in as lenders until individuals had pretty well supplied the demand. The increase in the offerings at the higher rates was ascribed to the loaning of money by the western clique, which had received payment on account of the closing of the Louisville & Nashville deal.

◉ ◉ ◉

The general expectation is that today's bank statement will make a favorable showing. It is estimated that the banks have gained something like $4,400,000 through sub-treasury operations, and it was also figured that they have gained considerably on the currency movement for the week, but calculations based upon the latter have recently been of little use as a guide to the bank statement showing. The street will take more interest in noting the change in the item of loans than in the expected gain in surplus reserve. It is generally admitted that the bulk of last week's liquidation did not appear in last Saturday's figures, and this week the heaviest liquidation was during the first three days. In addition to this, it is known that private settlements were made to avoid throwing stocks on the market, and the effect of the same should be shown in today's statement. If there is a large reduction in the loan account Wall street will be further encouraged in the belief that the worst of the liquidation is over. Here again, however, the figures may be misleading, because of the size and importance of some syndicate transactions which have been closed or arrangements for which have been made. The public continues to accept the bank statement as a guide to general monetary conditions, but financiers know that it is less a guide now than ever before, because of the increasing importance of the great trust companies in the market.

◉ ◉ ◉

In the Pittsburgh market there was a slight increase in the amount of trading, the sales on the exchange reaching 4,670 shares of stock and $2,000 bonds. The course of the market and the general tendency of prices did not differ much from the preceding day. The only exception was in the trust company shares. The latter were less active, but on the decline there was a better demand, and when it became apparent that there was really a market, sellers withdrew their offerings or raised the asking price. Colonial Trust sold down to 600, but recovered to 615, and at the close 610 was bid. Pittsburgh Trust sold down to 840, but recovered to 850, a net gain of 10 per cent over the previous day. Fidelity Title and Trust sold at 685, which, while representing a loss of 15 per cent from the recent high market, was 35 per cent above Thursday's closing bid. Real Estate Trust rallied 2 per cent to 310 and closed at 310¾ bid. Federal National bank was up 1 at 145, while Merchants and Manufacturers National bank closed 1½ off.

In the industrial list the dealings were light and the fluctuations narrow. Westinghouse Electric sold to the extent of 710 shares at 106⅜@106½, closing unchanged. Window Glass was moderately active at 60@60½, a gain of ½ for the day, while United States Glass sold at 34, a decline of a point. Steel stocks were very dull and closed ¼@½ off, while transactions in the coal stocks were unchanged in price. A feature of the late trading was the demand for Philadelphia Company preferred, which advanced 1½ to 49½. Manufacturers Light and Heat sold at 87½, rallied to 88¼, and closed at 88. Fire Proofing preferred was not affected by the declaration of the regular quarterly dividend of 1¾ per cent, only a small lot of the stock changing hands at 40. The bond list was equally dull and narrow and closed nominally unchanged.

Money Offered at 4 Per Cent.

NEW YORK, Oct. 10.—Money on call firm at 5@15 per cent; closed offered at 4 per cent; prime mercantile paper 5@6 per cent; sterling exchange steady, with actual business in bankers' bills at $4 85.87½@4 86 for demand and at $4 82.875 for 60 days; posted rates, $4 84 and $4 87; commercial bills, $4 82¼@4 82¾; silver, 59½c; Mexican dollars, 46½c; government bonds steady, state bonds inactive; railroad bonds easier.

NOTES AND COMMENT.

On the exchange 5¼ was bid for Kitty Burton Gold Mining stock.

The largest single transaction of the day was the sale of 500 shares Crucible Steel at 21¾, Barbour to Carothers & Co.

Secretary Shaw yesterday rejected an offer to sell the treasury $300,000 long 4s at 138½, because the price was too high.

The Diamond Savings bank is to have a capital and surplus of $200,000 each, instead of $100,000 each, as originally intended.

The gross earnings of Northern Pacific for September increased $587,000 and Illinois Central for the same month increased $177,000.

The Pittsburgh stock exchange committee appointed to visit the eastern exchanges in the interests of the local institution left on their mission last night.

The comptroller of the currency has authorized the First National bank of Elma, Pa., to commence business on $50,000 capital, Robert Malone, president, and Henry W. Ochse, cashier-pro-tem.

A rumor was current to the effect that the Pennsylvania Trust Company would next month double its capitalization. An officer of the company stated that the subject had not been formally discussed by the board.

Up to date, city and state bonds to the amount of $400,000 have been substituted for governments to secure government deposits in national banks, and at least $2,500,000 more has been arranged for at Washington.

Wheeling Natural Gas was quoted on the local board yesterday at 65 bid, 85 asked. This is the first time the stock was attributed a long time. The par value is $25 a share. Ft. Pitt Gas was higher at 70 bid, and Manufacturers' Light and Heat, after declining to 87½, recovered to 88¼ and closed at 88.

One of the few stocks that worked contrary to the general tendency was Colorado Fuel and Iron, the first time the stock has been active largely to Harris-Gates brokers, and was accompanied by rumors that an agreement had been arrived at by which further litigation would be avoided with the Osgood faction.

The British steamer Marianne was yesterday chartered by the Brauer line for the purpose of conveying some 4,000 tons of anthracite coal to Hamburg, which will be shipped to Germany last year. The Bauer people have purchased some 20,000 tons of Pennsylvania anthracite, which has been lying at some 20 different points in the state, and will be shipped to New York within 30 days.

A Pittsburgh financier with special means for ascertaining inside information, made the statement of the coal strike situation: "Both sides have been whipped to a standstill. The situation is now a deadlock. Both sides would welcome an honorable pretext to give way and reach a settlement. The struggle is unfortunate, however, because outside the immediate contestants there has been aroused an agitation that will be difficult to smother."

The comptroller of the currency has approved the following selections of reserve agents: The Mellon National bank of Pittsburgh for the Gulf National bank of Beaumont, Texas; the Citizens National bank of Curry, Pa., and the First National bank of Bridgeport, O.; the National bank of North America, Chicago, for the Ohio National bank of Columbus, O.; the Fourth National Exchange National bank of Cleveland for the Old Phoenix National bank of Media, O.; the Fifth National bank of Cincinnati for the Huntington, W. Va., National bank.

A Pittsburgh banker who returned from New York yesterday, where he had been looking over the situation, said: "The eastern people deplored the effects of the coal strike and the political consequences which might result, their attention was devoted to the money question. As he gathered it, the consensus of opinion was that rates on loans will remain stiff for the remainder of the year. One institution which he visited has all its money on call, and for some days past has refused tempting bids for time loans, the management acting upon the theory that call rates will continue to average higher than the best bid for time loans. An additional advantage is that the funds will always be under control of the bank. At a rule the banks are still shipping money to the interior and they do not look for a return flow in any considerable volume until the beginning of the new year.

Since George W. Perkins went away, avowedly for recreation, there has gained circulation a story that on the eve of his going he held up a row with Mr. Morgan. Mr. Perkins' friends understand that he feels very badly about it. The cause of the row is not known to any one outside of the banking house, and perhaps to only three or four persons within it, but the story is that Mr. Perkins was taken roughly to task for having done or said too much on his personal responsibility. On this basis it will be somewhat surprising, in view of all that has been said in Morgan circles lately about Mr. Perkins' rising influence in the firm. Many persons are interested that Mr. Morgan has placed extraordinary responsibilities upon his new partner, and gave him considerable individual latitude. Those who have been longer associated with Mr. Morgan are not as sympathetic as they might be. This is Mr. Perkins' first experience. In time, they say, he will become used to storms.—New York Commercial.

Directors of local trust companies would probably not be disappointed to see a decline in the market value of their shares during the next week or two. This is the time of the year when the trust companies and state banks make return of capital stock valuation for the purpose of fixing a basis for the imposition of the state tax. This basis is arrived at by taking the market value of the stock and the rate of taxation is one-half of 1 per cent. Should there be a decline in the market value of this class of stock makes a very considerable increase in the amount of taxes that must be paid. The Union Trust Company, for instance, has a capital stock value of $2,000,000, but the proposition of the company to issue new stock at $2,000 a share, raises the market value to $20,000,000, while the holdings of the stock in Philadelphia have reached $2,150 a share, represents a market value of $21,500,000, the state tax on which would amount to $107,500, equal to 10¾ per cent on the par value. The present annual rate of dividend paid stockholders. Taking the recent high price of Pittsburgh Trust, the $2,000,000 par value capital is raised to $18,000,000, on which the tax would amount to $90,000. The same calculation applies to Colonial Trust raises its market capitalization to $12,000,000, on which the tax would amount to $70,000, and on the same basis Fidelity would have to pay $35,000 in taxes. In making return to the tax office, however, the companies would be justified in taking the ground that the sale of a single share or two shares of stock at a high price is not a fair gauge of the market value of the entire capitalization. This is the ground taken by them in the recent annual meeting of the Pennsylvania Bankers' association, the trust company members arguing for an amendment of the law providing that book value instead of market value be established as a basis for returns. The present law cannot be changed this year, however, and if market values should decline between now and the date for making the return, the companies would save money on the amount paid for taxes.

BIG CROP YIELD.

Oats More Abundant Than Ever Before Reported.

WASHINGTON, D. C., Oct. 10.—The monthly report of the statistician of the department of agriculture shows the average condition of corn on October 1 to have been 79.6, as compared with 84.3 last month, and 77.7 the mean of the October averages of the last 10 years. In Pennsylvania condition is 86 per cent, and in Ohio 88. The poorest reports are from Texas, South Dakota, Michigan and Minnesota.

The estimate of the average yield per acre of spring wheat is 14.4 bushels. The estimate of the average yield per acre of oats is 34.5 bushels, be largest ever reported. The crop of Pennsylvania is 37 bushels and Ohio 41, the latter leading all states. The quality is high. Barley will yield 29 bushels per acre, more than five bushels above the average for 10 years. Rye is also above the average, and buckwheat is about as usual.

Coffee and Sugar.

NEW YORK, Oct. 10.—Coffee futures opened quiet, with prices unchanged, this being about due on the early cable news. Until midday the market was absolutely lifeless; then a heavy estimate of Santos receipts proved to be reported tomorrow brought out weighty offerings from local bears, disheartened longs and spot interests, under which prices broke sharply 20@30 points on the market rallying easy to the close, which was quiet and net unchanged to 10 points lower. Trade was very slow. Sales in lots of 500 bags and upward: October, 5.05c; December, 5.25c; January, 5.30c; March, 5.45@5.50c; May, 5.60@5.70c; June, 5.70c; July, 5.70@5.75c. Sugar—Raw nominally firm; fair refining, 3c; centrifugal, 96 test, 3.55@3.60c; Molasses sugar, 2¾c. Refined firm.

HEAVY CLOSING IN WALL STREET

Market Is Waiting for Relief from Continued Stringency in Money.

SALES FALL VERY LOW

Decline in Prices Carries Some Bear Selling—Small Rally at Close Caused by Room Traders Getting to Cover.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, Oct. 10.—Today's early decline in price of stocks presented a retreat of the operators, who had fought yesterday under the inspiration of the current rumors of an immediate settlement of the coal strike. The decline carried some bear selling, but an incident, and the small rally at the close represented the covering by the room trading element. The closing itself was heavy. After the opening selling the market became wholly professional in its proportions and the total dealings for the day fell well below 700,000 shares. The fact of the eve of the Jewish day of atonement was an incidental factor in the growing dullness of the market and the disposition to close contracts, so that the market fell into practical stagnation late in the day.

Speculators Are Waiting.

The inference is warranted from this state of affairs that speculative opinion has settled into a feeling of resignation to a waiting market pending the relief of the money stringency or some tangible development indicating the prospect of a settlement of the coal strike. The resumption today of conferences and the passing of messages back and forth for J. P. Morgan's office to that of the political leaders who are attempting a settlement and a personal conference between those leaders and a number of the coal presidents were without apparent effect in reawakening yesterday's hope that a settlement was at hand. Prices continued to droop throughout the period of the conferences, and upon the definite adjournment with the announcement that the situation remained unchanged there was the upward movement of prices due to the bear covering movement above referred to. The rate for call money ran off to 6 per cent in the day, but this was after practical requirements had been met before, while the rate had run up again to 15 per cent.

Hope in Bank Statement.

Preliminary estimates give hopes of a favorable bank statement, owing to the receipt during the week of about $5,000,000 of foreign gold, so that the banks seemed to have gained in cash after allowing for the movement to the interior something over $2,000,000. The showing of a substantial loan contraction is also expected owing to the considerable stock market liquidation of the week. But this item may be complicated by the various large syndicate operations for the week, including a payment today on account of a 30 per cent call for subscriptions to the ship combine syndicate, which will require about $15,000,000. Nothwithstanding the prospect of a strong bank return, the banks showed no signs of changing their policy of abstention from extending their loan accommodations in the stock market. As a matter of fact, this week's arrivals of gold have practically exhausted the total of the engagements heretofore made, and there is nothing to warrant the expectation of further engagements in the immediate future. The banks evidently still consider it the part of wisdom to conserve their resources to meet the interior demand.

The bond market was dull and easy. Total sales, par value, $1,900,000. United States bonds were all unchanged in the last call.

WHEAT IS FIRM IN CHICAGO PITS

Strong Undercurrent Despite Bearish Cables and Favorable Weather Reports.

CORN AND OATS DOWN

Selling Pressure Strong and Longs Unload Large Amount. Buying Scattered — Provisions Open Weak.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, Oct. 10.—Despite the favorable weather which depressed corn and oats, wheat held firm today. December wheat closed ½@¾c higher; December corn ½@¾c lower and December oats ¼c down. January provisions at the close were unchanged to 10c depressed.

There was a strong undertone in wheat in spite of the bearish news and the weakness in corn. Lower cables increased receipts and a continuation of excellent weather were the main bear factors. However, in the face of such conditions, the local sentiment was bullish and commission houses bought freely. The strength came principally from the strong tone of the markets in the northwest and some buying was attributed to that source. Trading in May was the feature. December opened a shade lower to a shade higher at 69¾@69¾c, and with the downward course of corn there was a slight decline to 69⅝c, but commission house buying soon advanced the price, and after selling at 70¼c the close was ¼@¾c higher at 70c.

Receipts Are Large.

Primary receipts were 1,301,000 bushels, compared with 1,203,000 bushels a year ago. Minneapolis and Duluth reported receipts of 902 cars, which with local receipts of 91 cars, only one of contract grade, made local receipts for the three points of 994 cars, against 909 cars last week and 1,013 cars a year ago.

There was a repetition of yesterday's selling pressure in corn and a large amount of long stuff was unloaded. Lower cables, good weather and rumors of a change in grading were the depressing influences. The prominent longs who unloaded yesterday were again on the selling side and it is reported, disposed of over 3,000,000 bushels the first hour of the session. The buying was scattered. December sold between 47⅝c and 48¼c, closing ½@⅝c lower at 47¾c. Local receipts were 123 cars, with 29 of contract grade.

Oats Are More Active.

Oats were more active than of late and a large commission selling was the feature. Considering the heavy selling pressure, prices were well maintained, offerings being well taken. A good cash demand had a strengthening tendency and the close was steady. December closed ¼c lower at 32c, after selling between 31⅝@32¼c. Local receipts were 162 cars. Provisions opened weak with lower prices of hogs and in sympathy with corn. There was considerable selling pressure and weakness prevailed until late in the day, when fair buying by a prominent packer helped prices. January pork closed 10c lower at $15 55. January lard was unchanged at $8 82½, with ribs a shade lower at $8 20@8 22½.

Estimated receipts for tomorrow: Wheat, 90 cars; corn, 215 cars; oats, 205 cars; hogs, 9,000 head.

TWENTY-THIRD WARD PURCHASES

A Local Syndicate Has Purchased 29 Acres for $40,000.

THE WABASH IN COURT

Sewickley Sale of $15,000—An East End Transfer—Another Flat Planned for Hamilton Avenue.

Through the agency of Gault & Giffen, J. Frank Pfeffer has disposed of a tract of 29 acres in the Twenty-third ward for $40,000. The property is on a slope overlooking Homestead, and adjoins the Olympia park plan of lots. It lies directly south of Calvary cemetery, along which it runs a distance of over 1,600 feet. On the west and south sides are the properties of Samuel Brown and M. E. Johnson. The plot also has a frontage of 960 feet in Graphic street. The purchaser is a syndicate of Pittsburgh real estate men who will plot the ground and place it on the market at once.

The Wabash in Court.

The Pittsburgh, Carnegie & Western Railroad Company continues its efforts to get possession of properties along its right of way in Ferry and Liberty streets. A bond of $60,000 has been filed against the William Laird property at Nos. 418-420 Liberty street. The lot measures 40x60 feet on the east side of the street, near Ferry street, and is improved with a brick block. The property of John Hunkel at Nos. 407-409 Ferry street has also been condemned and viewers have put a value of $45,000 upon it. This property is a lot 40x63 feet on the west side of Ferry street, between Fourth avenue and Liberty street, and is improved with a four-story brick building. Condemnation proceedings now pending are also likely to result in the purchase by the railroad of a lot 18x60 feet on the north side of Fourth avenue, between Ferry and Liberty streets.

John S. Wilson has purchased from A. B. Gelseler a property on the west side of Decatur street, between Fourth avenue and Diamond alley, for $13,700. The lot measures 30x60 feet and is improved with a three-story brick building.

Good Sale in Sewickley.

The sale is reported of a residence property at Linden avenue and Academy street, Sewickley, for $15,000. The property belonged to Mrs. Sarah Ann McCleery and was purchased by Miss M. Y. Slagle. It consists of a lot 100x175 feet, upon which is erected a frame and shingle house of 11 rooms. The sale was made through Miss M. J. Irwin. The remainder of the McCleery property, which has a frontage of about 600 feet in Academy avenue, will be placed on the market in lots.

The sale of the Wightman property at Penn avenue and St. Clair street, East End, which was reported yesterday, proves to have been an error. S. H. Lloyd, who is agent for the property stated that no sale had been made to J. R. Paul, as reported, nor has any deal been effected for the property.

The deeds were registered yesterday conveying from W. D. Upetgraff to the Security Investment Company four properties in the East End for $880,000. They are as follows: A lot 63x130 feet at the northeast corner of Thomas street and Dallas avenue, a lot 150x130 feet in Thomas street, a lot 75x130 feet at the northwest corner of Thomas and Murtland street, and a lot 150x130 feet on the south side of Thomas street. A part of the property is improved with good residences.

Ivie M. Cullen has sold to Alice M. Murray a property at the southwest corner of Jackson and Farragut streets, Nineteenth ward, for $10,200. The lot is 48x62.5 feet and is improved.

Walter Webber is taking bids on a three-story flat and store building in Hamilton avenue, to cost $10,000.

Architect S. A. Hall has awarded the contract to Sargent Bros. Brick building for the Rochester Clay Pot Company to S. S. Bennett of Rochester. The building will be 40x100 feet and will cost $12,000. The same architect has awarded the contract to Samuel Sellner for a 10-room residence for D. Crowley, in Juliet street. The cost will be $5,000.

B. G. Goble is preparing to build four 10-room frame houses in Watson boulevard, at a cost of $18,000.

The Commonwealth Real Estate & Trust Company sold for the Dilworth estate to George Montooth, four lots, 20x80 feet each, in Ottawa street, Thirty-second ward, for $800. Inquiries for property in this vicinity are said to be very frequent of late, owing to the improvements contemplated.

Deal in Allegheny.

Allegheny: H. W. Klein sold for the City Realty Trust Company to Dr. W. M. Beach, lots Nos. 58-62, inclusive, in the Watson plan, Tenth ward, Allegheny, for $3,000.

Emsworth: Henry W. Armstrong sold for James R. McCormick to William Ravenstahl, a 5-room frame house, lot 50x175 feet, in the Beaver road, Emsworth, for $1,400.

Stratford avenue: Henry A. Lappe sold to Charles L. Kennedy an improved lot, 50x100 feet, on the east side of Stratford avenue, near Coral street, Twentieth ward, for $5,100.

Margaretta street: Thomas C. Perrine sold to T. J. Riddell an improved lot, 35x100 feet, in the south side of Margaretta street, Swissvale avenue, Nineteenth ward, for $8,500.

Herron avenue: Archibald Kerr sold to Philip R. Shirley an improved lot, 24x110 feet, in the southeast side of Herron avenue, Thirteenth ward, for $5,900.

Center avenue: William M. Gormley sold an improved lot, 20x120 feet, in Center avenue, Thirteenth ward, for $5,000.

Bought in Bellevue.

Idlewild street: The Pittsburgh Trust Company sold to John L. Tritschler, a lot 25x86 feet in the north side of Idlewild street, Twenty-first ward, for $1,500.

McClure street: Edward McCullough sold to Ignatz Buehner an improved lot, 21x120 feet, in the south side of McClure street, near South Thirty-first street, Twenty-fourth ward, for $5,275.

Second avenue: L. P. Keller sold to Charles A. Warfield a lot 25x115 feet, in the east side of Second avenue, Twenty-third ward, for $1,250.

Chatsworth avenue: I. N. Patterson sold to John O. Keller a lot 24x100 feet in the west side of Chatsworth avenue, near Diamond avenue, Twenty-third ward, for $1,200.

Coal Hill road: Peter Hohmann sold to Alois Juredzki an improved lot, 20x100 feet, in the south side of Coal Hill road, Twenty-seventh ward, for $1,080.

Williamsburg: Sheriff Edward Staehler an improved lot, 48x100 feet, in Butler street, Eighteenth ward, for $1,400.

Boston Wool Market.

BOSTON, Oct. 10.—The Boston Commercial Bulletin will say in tomorrow's report on the wool trade of the United States:

The market is distinctly quieter. The American Woolen Company has practically withdrawn. A good, fair business is doing with other consumers. Prices are firm but no higher, the chief change to be said is that they are tending upward, the recent heavy business not causing an advance.

The receipts of wool in Boston since January 1, 1902, have been 269,438,477 pounds, against 223,542,580 pounds for the same period in 1901.

The Boston shipments to date are 215,039,585 pounds, against shipments of 200,146,484 pounds for the same period in 1901.

The stock in hand in Boston January 1, 1902, was 77,540,463 pounds; the total stock today is 131,759,055 pounds. The stock on hand October 12, 1901, was 100,264,765 pounds.

News from The Mines

[BY PRIVATE WIRE TO THIS GAZETTE.]

NEW YORK, Oct. 10.—In the Henrietta, near Silverton, Col., a 30-inch streak is being worked that runs 12 per cent copper. The Chattanooga tunnel in Deep Park has gone through a four-foot streak of placer gravel that pans out well in free gold.

September tonnage of the Leadville district was 72,600 tons of all classes of ore. Of this amount the smelter trust bought 60,000 tons, the remainder being largely zinc ore and zinc concentrates.

A receiver has been appointed for the Bear Gulch Mining Company at Livingston, Mont.

President Washington of the Horn Silver of Prisco, Utah, states that production has decreased this year owing to excessive charges for ore treatment by the smelter trust. An independent plant is under consideration by the company.

The placer discovery in Beaver canyon, near Chesawa, Wash., is causing some excitement. The yield is shot gold and there is said to be plenty of it. A large number of miners are on the ground and machinery will be shipped in as soon as possible.

At a depth of 200 feet in the Electra, near Wickenburg, Ariz., the vein has widened to 20 feet and the whole width of the chart is in good ore.

Ore is being shipped regularly from the Robert E. Lee at Rimini, Mont., and there is enough blocked out to maintain shipments for over a year.

The Metal Market.

While a trifle higher on some varieties copper in the local market was dull today, lake closing at 11.50@11.62c; standard at 10.50@11c; electrolytic, 11.40@11.50c and casting at 11.35@11.45c. At London prices advanced 2s 6d, spot closing at £51 12s 9d and futures at £51 17s 6d. There was an advance on the bid price of about £2 5s 6d@£2 10s for spot. In pig tin in the spot market, but London remained unchanged at £114 for spot and £113 for futures. Lead was dull and unchanged, both at London and locally. Spot closed here at 4¼c and in London at £10 15s. Spelter also remained quiet and unchanged at 5¼c higher and at £19 7s 6d in London. The English iron markets were dull, Glasgow closing 1s 1½d and Middlesboro at 45s 4½d. The New York market was quiet and unchanged. Wartanic contained powder is quoted at $23 00@25 00; No. 2 foundry northern, No. 1 foundry southern and No. 1 foundry southern, soft, at $22 00@23 00.

THE LAYMEN HAD A WARM SESSION

Methodists Heard Sensational Paper on the Modern Camp Meeting.

TIME LIMIT ON PASTORS

It Will Be Brought Up Again Before General Church Body. Pittsburgh Chosen Again by Conference for Meeting Place.

The Pittsburgh conference of the Methodist Episcopal church continued its sessions yesterday in the West End church, but little of interest to the general public was accomplished, outside of the election of Pittsburgh as the meeting place for next year.

While the ministers were engaged with routine, the Laymen's association, in session in the West End Presbyterian church, was having a most lively meeting. The greatest sensation furnished to lay delegates was the reading of a paper by Homer P. Hartley of Washington, Pa., on "Camp Meetings, a Thing of the Past."

Mr. Hartley went after this old-time Methodist institution without gloves, and described the modern camp meeting as a "feeding ground for ecclesiastical fakirs, which fosters almost every kind of vice, has degenerated into a money-making scheme for the railroads, and more nearly resembles a country fair than a religious gathering.

Favor a Time Limit.

To say that the paper created a sensation is putting it mildly. It was followed by a perfect storm of discussion, and the association's officers had to cut off the argument, in order to get the other business transacted.

Another matter that come before the laymen was the re-establishment of the time limit on pastorates. The Methodist Episcopal church used to have as one of its cardinal rules, a time limit of three years, on the stay of any minister in one charge. This was increased to six years, and finally at the general conference two years ago, was done away with altogether, allowing a minister to hold a charge for life, if his congregation did not request a change.

The time limit will be brought up again at the next general conference of the church, and if the sentiment for it is as strong elsewhere as it seemed to be among the lay delegates of the Pittsburgh conference yesterday, the good old custom of frequent changes will again be put into effect.

Hope to Get $50,000.

The laymen made arrangements yesterday for giving the permanent annuity fund of the church a great boost. The last Sunday in November was set aside by them as a special contribution day for this fund, and an effort will be made to have every one of the 60,000 members of the church in this conference give $1 toward the fund. The promoters of the plan hope that it will result in the raising of $50,000 at least.

The Laymen's association elected the following officers for the ensuing year: President, Robert F. Hopwood of Uniontown, vice presidents, W. S. Moore, W. W. Ulrich, Dr. J. W. Fawcett, Samuel Hamilton and E. A. Snetts; secretary, R. T. Wylie; corresponding secretary, V. R. Covell; treasurer, F. M. Mechling.

After the devotional exercises, which opened yesterday's session of the Pittsburgh conference, the Rev. T. N. Boyle, presiding elder of the Allegheny district, offered a resolution, instructing the treasurer of the Carson Street church to pay $500 to the Church union for the benefit of the church at West Pittsburgh. This was unanimously adopted.

Ministers Made Members.

The following ministers were then admitted to full membership in the church: The Rev. J. W. Hoffman, the Rev. M. H. Llehliter, the Rev. Titus Lowe, the Rev. H. S. Piper, the Rev. C. S. Pollock, the Rev. E. J. Teets, the Rev. Thomas Charlesworth, the Rev. R. B. Cuthbert, the Rev. George Grant, the Rev. H. P. Johnson and the Rev. A. C. Elliott.

A delegation of the Laymen's association, consisting of E. J. John, S. W. Cunningham and H. L. Robinson, visited the conference, and the latter presented the greetings of the association to the conference. Bishop Fitzgerald made an appropriate response.

Bishop Fitzgrald announced the following church assignments for tomorrow:

Washington Ave. M. E.—A. M., the Rev. M. J. Sleppy; P. M., the Rev. J. W McIntyre.

West End Presbyterian—A. M., the Rev. G. D. Crissman; P. M., the Rev. G. W. Grandis.

Charges for the Day.

Eleventh United Presbyterian—A. M., the Rev. W. B. Bergen; P. M., the Rev. A. H. Acken.

Sixth United Presbyterian—A. M., the Rev. W. C. Webb.

Fourth Presbyterian—P. M., the Rev. W. C. Webb.

Knoxville M. P.—A. M., the Rev. Alfred Turner.

Bishop in West End Church.

The bishop announced that he would occupy the pulpit in the West End church tomorrow.

The selection of a meeting place for next year was taken up. Two invitations were received, from the Emory church of this city and from the First church of Leechburg, in the Blairsville district. Representatives from the latter church fought hard, but the Emory church was selected by a majority of 10 votes. The vote was subsequently made unanimous. The choosing of Pittsburgh two consecutive times establishes a new precedent, as heretofore at least one year intervened before any city was again selected.

The afternoon session opened at 2 o'clock, with the celebration of the anniversary of the Women's Home Missionary society. Mrs. C. W. Smith, president of the conference society, presided. Miss Carrie Barge, national organizer, made an address, as did also Miss Emma Fowler, the corresponding secretary, and Mrs. Samuel Hamilton, treasurer of the Deaconesses' home. Miss Jennie E. Scott of the Freeman's Aid society made an interesting address.

The Evening Session.

In the evening the services were in celebration of the anniversary of the missionary society. The Rev. E. G. Loughrey, D. D., presided. The Rev. A. B. Leonard, D. D., the corresponding secretary of the society, said that it would require $1,000,000 to carry on the work properly. Of this about $50,000 is already in the treasury.

The Rt. Rev. W. H. Moore, D. D., a traveling bishop of the general conference, whose present district embraces India, Mileasia and China, talked entertainingly on China.

The program for today is: 8:30 a. m., devotional services, led by the Rev. J. J. Mellyar; 9, conference session; 2 p. m., anniversary of the Women's Foreign Missionary society; 4, Pentecostal service; 7:30, anniversary of the twentieth century thank offering commission. Addresses by the Rev. Dr. A. B. Riker, president of Mt. Union college, and the Rev. Dr. E. M. Mills, corresponding secretary twentieth century commission.

MACBETH-EVANS STRIKE.

Workmen Numbering About 4,500 Are Out of Factories.

All factories of the Macbeth-Evans Glass Company have been closed by a strike of the American Flint Glass Workers, against alleged violation of the rule governing skimming. The plants employ about 1,500 skilled men, and about twice as many unskilled men.

The company operates five factories. These are the South Side factory and those at Charleroi, Pa.; Toronto, O., and Marion and Elwood, Ind. The factories had only recently resumed after the summer shut-down. Vice President W. T. Rowe of the union said yesterday that all the men of the company will be kept out of the factories till the differences are adjusted.

Night School to Open.

The First ward, Pittsburgh, free night school will open in the school building at Second and Liberty avenues, on Monday evening, October 20. Sessions will be held from 7 to 9 o'clock.

NEW CHURCH TO BE DEDICATED

Atlantic Avenue U. P. Structure Will Be Thrown Open in McKeesport.

METHODIST CONFERENCE

It Is Arousing Unusual Interest Among Ministers—Allegheny Theological Seminary Will Open—Ministerial Meeting.

United Presbyterians in this vicinity are deeply interested in the dedication of the Atlantic Avenue United Presbyterian church of McKeesport, which takes place tomorrow. The church was erected after the members of the congregation, and the pastor, the Rev. J. E. Walker, had made earnest and untiring efforts to raise the fund necessary to pay for its construction. The new church is a handsome structure of red brick, with stone trimmings. It is modern throughout, and is beautified by several art glass windows that were donated. The building cost $21,000.

The Rev. Dr. R. M. Russell of the Sixth church of Pittsburgh, will preach the dedicatory sermon in the morning at 10:30, and the Rev. C. F. Wishart of the Eleventh church, Allegheny, will occupy the pulpit in the evening.

The Allegheny Theological seminary will commence its season next Monday. The opening address will be preached tomorrow morning in the Fourth United Presbyterian church, Allegheny, by the Rev. Dr. John A. Wilson of the seminary.

The autumn meeting of the Union Ministerial association will be held in the assembly room of the Young Men's Christian association on Monday morning, October 13, at 10:30 o'clock. The subject for discussion will be "Interdenominational Co-operation."

Interest in the Methodist Episcopal churches of this vicinity centers in the meetings of the conference being held in the West End church.

The Pentecostal services every afternoon during the past week have been a feature of the conference, and the night sessions have been very well attended. This conference has attracted more attention than is usual, because of the retiring of three presiding elders, and the appointment of their successors. The appointments will be announced next Monday. The West End church spent $800 on improvements in anticipation of the meeting of the conference.

The 21st anniversary of the organization of the Central Christian church bible school will be celebrated tomorrow. The bible class was organized in October, 1882, in the bank building at the corner of Stevenson street and Fifth avenue. It now meets in the Central Christian church at the corner of Pride and Colwell streets. The membership of the school is now over 400. Services will be held in other churches as follows:

The Sunday afternoon Bijou meetings, so popular last fall and winter, will be resumed by Easton S. Edward Young at the new Bijou, seating 4,200, tomorrow afternoon at 3 o'clock, the doors opening at 2:30 p. m.

THOUSANDS OF MEN

—and—

THOUSANDS OF BOYS

Every man who invests $7.50 or more in a Suit or Overcoat will receive as a present a Stem-winding and Stem-setting guaranteed "Eclipse" Watch.

will go up to Campbell's Fourth Floor on the rear elevator some time today.

Every boy for whom is bought a Suit or Overcoat costing $3.50 or more will receive as a present a "Yankee" guaranteed Watch.

Not a penny is added to the price of any garment sold in this department to meet the cost of this gift project. All there is to it is that we want the men and boys of Pittsburgh to remember every time they consult their watches (which will be about twenty times a day) that at Campbell's there is a Clothing Department conducted along progressive lines, not in sight from Fifth Avenue, but just as up-to-date in styles, qualities and methods—and a great deal less expensive place to trade—than any ground-floor clothing house in Allegheny County.

Some of the New Arrivals.

Every day sees something fresh and fashionable in the way of Men's and Boys' attire added to the stocks of this resourceful department. We fit out men with Suits, Overcoats, Hats and Shoes on our Fourth Floor, and do equally well by the boys—only we send them to the ground floor for their shoes. Here are half a dozen specials fresh from the cases—rushed through from New York by fast freight, so as to be here in time for Saturday's trade:

THE CORRECT HATS—The hat-makers have introduced a new feature in the fall hats that is a positive innovation—a ridge running up and over the crown from front to back. This ridge appears in both the soft and stiff hats—the indelible stamp of an up-to-date style.

Men's Soft Hats with this ridged crown and wide rolling brim—the kind you can dent or telescope when you want a change—in black and drab, for $1.25, $1.50 and $2.00 at our store.

Little Gents' Hats of the same description for $1.50.

Black Derbies in the Dunlap block we sell for $3.00.

THE "CORDUROY BOY"—The swellest outfit imaginable for a little fellow is a Russian Blouse Corduroy Suit with hat to match. This suit comes in white, red, purple and golden brown corduroy, with fine leather belt pierced with metal eyelets and fastened with a gilt buckle. In front is an embroidered shield and a tie of white Bengaline silk, with gilt galloon slide which passes under the deep collar. The hat has a broad stitched brim slightly rolling, a flat crown and a broad black silk band, which falls over the back in short streamer ends. This suit we sell for $5—the hat is $1.50.

Tam O'Shanters and Golfs—For boys from 3 to 10 years old a favorite hat is the broadcloth Tam O'Shanters. We have them in four different colors—blue, red, brown and green, for 50c, 75c, $1.00 and $1.50. Also in black velvet at $1.50.

Golf Caps—The light golf caps, consisting of the eight-section cone with button in the center and a narrow cloth vizor, come in blue, red, brown and green. Our price, 50c.

Rain Coats—The Hodgeman Rubber Company has brought out a new rain coat which they call the "Alexamdric." This is light, odorless, strictly waterproof, with velvet collar, and comes in gray and tan mixtures. Youths' sizes, $10.00. Men's sizes, $12.50.

Men's Short Box Coats—The young man who wants to be with the majority of "swagger" dressers this fall will wear a Short Box Coat. The light weight covert garment in tan shade or the new green mixture. And he can do it for $10.00 if he comes to us for the coat.

Novelties in Women's Neckwear.

Taste and the correct conception of art as applied to dress finds its happiest expression in the Neckwear of our exquisitely dressed women. We have the essentials:

Pompadour Collars—Lovely creations in Liberty silk and chiffon, crinkled and fluted in soft billowy puffs, with long ends crossed at intervals, with fluted ribbons and ribbon edges. Black, white and various deft combinations of black-and-white. Prices $1 to $5.

Lace Cape Collars—Beautiful devices in Point Venice and Irish crochet lace, with or without the long stole ends, to wear over coats—and especially over the new "Monte Carlo" coats. These goods are in butter color, Arabian effects and Batiste effects. Prices $3.50 to $6.98.

Lace Turnover Collars—This dainty neck dress finds expression at our counter in Point Venice, Irish crochet and the new repousse effects. They come in one-piece and two-piece forms—white, butter color and Arabian shades. Prices 15c, 25c, 39c and 50c.

Pompadour Collars—in cape and stole effects. Our price $1 to $7.50.

Scarfs and Fichus—In Crepe and Japanese silks, in the dainty crinkled effects. Prices $1.00 to $6.98.

Bishop Collars—Peau-de-soie and Taffeta silk devices with tabs, decked with Battenberg rings, all colors. Prices 50c, 75c and $1.00.

Crepe Ties—These beautiful scarfs come in dainty Dresden and Persian patterns, also in plain silks and handsomely embroidered materials, 1¾ yds. long. Some of these are self-embroidered and some beautified with contrasting embroidery. All the good colors. Prices 50c, 69c, 75c, $1 and $2.

Fine White Lawn Turnovers—In one and two-piece effects, new materials with self or contrasting embroidery, some of them hemstitched and some Mexican drawn work. Prices 5c, 10c, 15c, 25c and 50c.

Duchesse Lace Collars—Wonderfully beautiful patterns, in round, square and circular shapes at low prices.

KAUFMANN'S

"THE BIG STORE"

Do Your Clothes Fit?

The fit of a garment is as important as its quality. Probably more so, because an ill-fitting garment is always a source of annoyance to the wearer. Modern methods of manufacturing place ready-to-wear garments on par with the finest made by merchant tailors. By a new system of cutting, every size or fraction of a size is produced exactly, so that every man, unless actually deformed, can secure a perfect fit. The trouble is, however, that only the biggest houses can afford to have all the necessary sizes. Here in Pittsburgh, ours is the only one. We not only keep every size of each kind of Suit or Overcoat we show, but have all special sizes for extra tall, extra short or extra stout men. But this superior service does not increase the cost of the clothing. Far from it, our unrivaled purchasing facilities lower the prices for our customers.

Suits at $8.50 and $10:

They are not made of the finest Woolens, to be sure, but of good, honest and substantial Woolens—and the style and fit are as correct as in the more expensive garments. The assortment includes all the new Fancy Mixtures, Stripes, Pin Checks, Oxfords, Blue and Black, Rough and Plain Cheviots, Thibets, Worsteds, etc.—all skillfully cut and honestly put together, with All-Wool Serge and Italian Cloth Linings—ideal garments for business men.

Overcoats at $8.50 and $10:

There's a certain grace and swellness about these Top Coats that you will look for in vain in much more expensive garments shown elsewhere. This is accounted for by the fact that, although only $8.50 and $10, these Top Coats were cut by skillful cutters and put together by experienced journeymen tailors. We ask you to carefully examine and try on a few of these garments. We positively guarantee them equal to any sold elsewhere for 50 per cent more money.

Extra Fine, at $15:

Our 5,000 Extra Fine Dress Suits that fit and look the same as the most expensive Merchant Tailor Work—and about the same number of as graceful and fashionable Fall Overcoats and Rain Coats as any man might wish to wear. Garments that will please particular dressers to a "T." Should any slight alteration be required to make a perfect fit, we will do it promptly and free of charge.
